

MEMORANDUM

RE: Missing Late Claim

This claim was receipted on C087162, but there wasn't a claim enclosed. Our receptionist told me she believes the claim numbers (61-12169, 61-12170, 61-12171 and 61-12172) were on their check and that's what she based her receipting on.

I emailed Julie Murphy at the SRBA Court, and she told me she sent it here with the other three claims. However, when Lori Pew scanned and profiled the claims, there were only three (61-12169, 61-12170 and 61-12171).

Today I made a copy for our file from the claim the Court scanned. The whereabouts of the original claim is unknown.
