Re: Subcase No. 67-00079H

Dear Ms. Hawkins:

Enclosed please find the original document entitled "Standard Form 5 – Stipulated Elements of a Water Right" (commonly referred to as SF 5) for the above referenced subcase no. for Basin 67. These documents were sent to you back in March and you signed them. However, we had a difficult time getting a hold of Mr. and Mrs. Watson since they were out of the state during the winter months. When following up on the documents after having mailed them to the Watsons', I found that they had not received them so I repeated the process. I apologize for any inconvenience.

Please review the new recommendation which is attached to the original SF 5 document. If all the information is correct, please sign and date the first page of the original and initial the page entitled "Recommendation of Water Rights Acquired Under State Law." After you have signed and initialed the original, **please return the documents to our office in the self addressed stamped envelope** provided for your convenience. Our office will gather the remaining signatures and make sure the document is subsequently filed with the Court.

If you have any questions regarding this process or the enclosed documents please do not hesitate to call me at 287-4814.

Thank you for your cooperation in this matter.

Sincerely,

A handwritten signature in cursive script that reads "Renea Ridgeway".
