RE: Filing an objection for 67-4166

Dear Russell,

I am writing to encourage you to file an objection for your own water right 67-4166. I was reviewing objections and see that you filed an objection to Delpha Hutchison's water right 67-92, but not to your own water right 67-4166.

I really would suggest you file an objection to your own water right so there is a chance to change the recommendation. It has been recommended as disallowed.

I am enclosing a couple of letters that have discussed this in the past. In addition, I am enclosing an objection form. If you are going to file an objection, I would suggest you do it **ASAP**. Without filing an objection to your own water right 67-4166, I do not think we will be able to change the recommendation from disallowed, despite what evidence you might supply.

Please feel free to contact me with any questions.

Respectfully submitted,

Craig L. Saxton
