Re: City of Rexburg

Dear Portia,

I'm sending this correspondence in order to facilitate a meeting to discuss the City of Rexburg's SRBA claims with you and Mr. Rigby. Below is a brief and rather confusing synopsis of the City's water rights and the actions that need to be taken in the future to insure the City is "covered".

All of the notes below are assuming the point of diversion and place of use are within the Rexburg city limits.

- 1) File Notices of Claim for: ✓ 22-07074 (MUNI) Smith Park Well
1.57 cfs @ \$100.00/cfs + \$50.00/claim = \$207.00
✓ 22-07175 (MUNI) Wells #1 & #6
5.61 cfs @ \$100.00/cfs + \$50.00/claim = \$611.00
✓ 22-07176 (MUNI) Well #5
4.68 cfs @ \$100.00/cfs + \$50.00/claim = \$518.00
22-07386 (DOM) Chlorine Plant
0.02 cfs @ less than 2500 gallons/day = \$ 25.00 - *task claim*

Total for these licensed claims = \$1361.00

- 2) File two(2) Notices of Claim based on Beneficial Use
22-13022 0.? cfs Teton Lakes G.C. club house = \$25.00 - *task claim*
22-13023 0.? cfs Airport Well = \$25.00

Total = \$50.00

*The two rights above would have to be limited to 2500 gallons per day or they would violate the "Mandatory Permit Statutes".

OR

File two(2) Applications for Permit for the above wells except they could be for Municipal use. (\$50.00/App.)

3) We will advertise Applications:

22-07617 (MUNI)	Porter Park Well	2.20 cfs
~~22-13020~~ — ~~22-07618~~ (MUNI)	Sewer Pump Station Well	0.02 cfs
~~22-13021~~ — ~~22-07619~~ (MUNI)	City G.C. Club House well	0.02 cfs

*These Apps. have been filed but have been on "hold" until now because of the SRBA Moratorium.

4) The next two rights can be filed on, but it is not mandatory because proof of beneficial use was not due until after the commencement of the SRBA.

22-07571 (MUNI)	Teton Lakes G.C. Well	
	1.00 cfs @ \$100.00/cfs + \$50.00/claim	= \$150.00 - No CLAIM
22-07754 (MUNI)	A well in Sec. 17?	
	2.77 cfs @ \$100.00/cfs + \$50.00/claim	= \$327.00 - No CLAIM

	Total	= \$477.00

✓ 5) Petition for Reinstatement of 22-07650. This App. was filed on Teton Lakes G.C. at the same time the County had filed on Teton Lakes. This one may have had an error on the legal description. It possibly should have been for the City G.C.. There is currently no water right for the well at the City G.C..

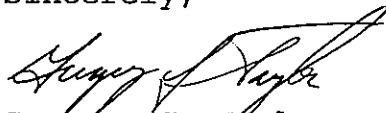

✓ 6) File two(2) Apps. for Municipal purposes on the Davis Well and the Smith Park Irrigation Well. Currently there are no rights for these wells.

7) File Notices of Claim on 22-00203 & 22-00204 (IRRIGATION)
2942 acres @ \$1.00/acre + \$50.00/claim = \$3042.00

*The acreage total above was found by using the print-out of the place of use you gave me several months ago and comparing it to the place of use that had already been paid for by other parties.

Although this is a lot of data to digest at one sitting, I primarily wanted to give you an outline of some ideas before we sit down and file anything. Please give me a call at your earliest convenience and we can set up an appointment to discuss these claims/rights in further detail.

Sincerely,

Gregory J. Taylor
Sr. Water Agent, Adjudications
