The above-captioned water right was claimed by the United States of America, USDA Forest Service, for a water right reserved under federal law. On September 28, 2007, the State of Idaho filed an objection asserting that the water right should not exist. An initial hearing was held on July 29, 2008, at which the United States moved to amend its claim, seeking to now assert a state law basis for the claim, and to modify some of the claimed elements of the water right. Based upon the comments of the participants at the initial hearing, and good cause appearing, the United States' motion to amend its claim is **granted**. The following deadlines shall apply:

1) An amended notice of claim shall be filed by **August 15, 2008**.

2) IDWR shall file an amended director's report by **August 29, 2008**.

3) Notice of the issuance of the amended director's report shall be published on the Court's Docket Sheet in September 2008, and **objections to the amended director's report are due September 29, 2008**. Responses to objections are due **October 13, 2008**.
