STATE OF IDAHO, IN AND FOR THE COUNTY OF TWIN FALLS

In Re SRBA) Subcase No. 37-20477
) (SPLIT INTO 37-22283 & 37-22284)
)
Case No. 39576) STANDARD FORM 5
)
) STIPULATED ELEMENTS OF A
) WATER RIGHT
_____)

This form is used to report the stipulated elements of one water right acquired under state law. Submission of this form will not automatically result in the issuance of a partial decree. The Presiding Judge or Special Master will conduct any hearing necessary to determine whether the facts, data, expert opinions and law support the issuance of a partial decree for the water right.

The parties agree that the Snake River Basin Adjudication Court has jurisdiction of the parties and subject matter to enter a partial decree for this water right; and they have been served with sufficient process, according to the law; and that they have appeared, prosecuted and defended their positions with regard to this water right dispute.

Pursuant to the terms of the *Stipulation and Joint Motion for Order Approving Stipulation* filed on August 29, 2002, such stipulation being incorporated into this *Standard Form 5*, the parties and IDWR agree and stipulate that the elements of the resulting water rights should be described per the attached. To resolve the objection, the whole of water right 37-20477 was split into two water rights and renumbered as 37-22283 and 37-22284. The parties and IDWR agree and stipulate that water right 37-20477 should be disallowed. Water rights 37-22283 and 37-22284 now supersede right 37-20477. The parties and IDWR have further indicated their concurrence to these renumbered water rights by signing below and initialing the attached page.
