EXPLANATORY MATERIAL: BASIS OF CLAIM - Beneficial Use

~~No lawful appropriation shown. There are a number of circumstances in which a claim is proposed to be disallowed on this basis. This is most commonly included for a claim based on beneficial use or posted notice that is proposed to be disallowed because the right claimed is not within an exception to the mandatory permit statute, and beneficial use of water prior to the mandatory permit statute was not confirmed. This is also included where a claim is proposed to be disallowed because the claim is to water that is not public water subject to appropriation. This is also included where a right was determined not to exist in a prior adjudication.~~

Re: City of Nampa

Dear Chris:

I am enclosing SF5s for each of the City of Nampa water rights. The SF5s are based upon your discussions with Kay Walker, Senior Water Resource Agent at the Department's Western Regional Office.

Please review the documents, and if they are acceptable to you, please sign on the indicated signature lines, initial the revised recommendations and maps, and return the original documents to my paralegal, Ray Williams. He will obtain any remaining signatures and file the original SF5s with the SRBA Court.

If you should have any questions or comments, please don't hesitate to contact me at 287-4811.

Sincerely,

A handwritten signature in black ink, appearing to read "G. Baxter", written over a horizontal line.
