Subject: Over paid Filing fees for 34-2251

Hello Garrick,

Motion to file late claim 34-2251 was received by IDWR on 5-16-08. The motion will be heard on 8-19-08. If the motion is granted on or after that date, the new fee schedule approved by the legislature this year will be in effect.

The late claim motions indicate that the claimant paid \$260.00 for claim 34-2251. It is unclear to me how they reached that total filing fee.

None the less, the appropriate filing fees as of July 1, 2008 should be:

34-2251

\$50 claim fee
\$50 late fee
\$68 variable fee (68 acres at \$100/acre)
\$168

Actually, the claimant claimed 100 acres of irrigation but stated in the remarks of the claim that 32 acres of the 100 claimed were claimed and paid for under other rights (34-543, 34-808, 34-884, 34-885, and 34-886). I confirmed this on 5-21-08 so (100 acres) - (32 acres already paid for) = 68 acres.

If the claimant did actually pay the \$260 fee indicated on the motion, we will need to refund the claimant \$92.00

Thanks,

Craig
