5 Sept 05. See notes on pump report w/ yellow sticky,
dated 4/26/1999. Right is already decreed.
a) Purpose is changed w/o an amended claim
b) recommendation includes N13, 13,000
gallon/day limitation. This is $\frac{1}{3}$ the
volume that pump at decreed rate. This
is also about half the required volume
to satisfy peak ~~ET~~ on three acres
c) recommendation includes N11 (not a
determination of historical BUI) even
though there is evidence in the file.
