NOTES:

8/28/2008 per phone conversation with claimant, Nine Mile Ck. Is totally piped in with a approx. 6" buried pipe. There is no Tributary, since the City of Downey uses all the water, and there are other sources mixed in the pipeline (other springs add to the system). Claimant has a 1" line that comes off the city's buried line that goes to 4 stockwater troughs, and 3 hydrants.

Claimant has never had to pay for any shares or pay any fees

for this water, since he has the other part of the split from the Decree.

8/3/1915 DOCUMENT FOUND IN FILES VERIFIES THAT THIS SYSTEM IS TOTALLY PIPED WITH A 1 INCH ACCESS PIPE GOING TO CLAIMANTS PROPERTY OFF OF THE 6" MAIN, AND THAT WATER IS DELIVERED FREE OF CHARGE FOR THE ENTITLED DECREED AMOUNT.

29-497B City of Downey is currently at temporary status. (Transfer #928 to Downey for 0.08 cfs.)
