Evidence of additional acreage

Summary of pictures provided by claimant Dennis Bryant 09/11/2008 during Basin 75 initial hearings in support of his objection to Director's Report recommendation

Agent: M. Van Bussum, IDWR

View of canopy height. From aerial photography, it did not appear the southern acres were irrigated because of tree growth.

View of open area between trees on southern portion of property showing meadow grasses.

View of shaded area under canopy with meadow grasses.

View of property under canopy showing irrigable ground.

Alternative view of irrigable ground below canopy.
