RE: Subcase No. 63-7531 (Tyson Fresh Meats, Inc.)

Dear Diana:

Thank you for your recent e-mail concerning this subcase regarding the place of use for the stockwater component. The Department erred in not including the stockwater component's place of use. Accordingly, I am enclosing an Amended Director's Report which fixes that omission. The Department had previously filed an Amended Director's Report for this subcase on May 20, 2008. Attempting to avoid any further confusion, the only change from that earlier report represented in the enclosed Amended Director's Report is the addition of the place of use description for stockwater. To further clarify, this single change is underlined in the enclosed Amended Director's Report.

I respectfully request the Court issue an amended partial decree pursuant to Rule 60(a) of the Idaho Rules of Civil Procedure, correcting the error in the partial decree.

I am sending a copy of this letter to the claimant, so that it will be aware of this inadvertent error. If you should have any questions or comments, please feel free to contact me at (208) 287-4810. Apologies for any confusion this may have caused.

Sincerely,

A handwritten signature in black ink, reading "Andrea L. Courtney", is written over a horizontal line.
