Re: Subcase No. 63-19875

Dear Mr. & Mrs. Gibbens.

Enclosed please find the original document entitled "Standard Form 5 – Stipulated Elements of a Water Right" (commonly referred to as SF 5) for the above referenced subcase nos. for Basin 63. Please review the new recommendation which is attached to the original SF 5 document. If all the information is correct, please sign and date the first page of the original and initial the page entitled "Recommendation of Water Rights Acquired Under State Law." After you have signed and initialed the original, **please return the documents to our office in the self addressed stamped envelope** provided for your convenience. Our office will gather the remaining signatures and make sure the documents are subsequently filed with the Court.

The Department is aware that you recently signed these documents. However, the Department has since noted that the recommendation originally submitted did not have the waste water remark as agreed to between you and the irrigation district. The recommendation enclosed in this packet includes the correct language which has been agreed to upon by the objector and will subsequently resolve the objection to your water right claim. We apologize for any inconvenience this may cause you.

If you have any questions regarding this process or the enclosed documents please do not hesitate to call me at 287-4814.

Thank you for your cooperation in this matter.

Sincerely,

A handwritten signature in black ink that reads "Renea Ridgeway".
