RE: Notice of change in Water Right ownership for 67-84, 67-4138, 67-11769, and 11770

Dear Ms. Ratcliff,

Per our conversation on the phone, I am sending you a blank Notice of Change in Water Right Ownership form. For your records, I am also sending you the old documentation regarding your original Notice of Change in Water Right ownership request sent to IDWR in February of 2007.

One thing I would like to bring to your attention is that it appears there is more than one water right that could be applicable to your property.

You originally filed to change ownership on 67-4138. However, 67-84 is an irrigation right with the same place of use as 67-4138. So if you own the ground applicable to 67-4138, then you also should probably have 67-84 in your name.

Secondly, it appears that there are two domestic rights from a well that might be applicable to your property. Those right numbers are 67-11769 and 67-11770. I have attached copies of those water right reports for your review.

Because 67-84 and 67-4138 have not been decreed by the Snake River Basin Adjudication court, there is no filing fee to change ownership on those. However, 67-11769 and 67-11770 have been decreed by the SRBA court so if these rights should be in your name, there is a \$25 per right filing fee to change ownership.

Please feel free to contact me if you have any questions.

Respectfully submitted,

Craig L. Saxton  
Water Right Supervisor
