KARL J. DREHER
DIRECTOR

Dear Bill:

Re: 61-00283

During a recent meeting in our office, you inquired about the possibility of obtaining an approved transfer to add a point of diversion (POD) downstream from your existing POD that is described in the above referenced decreed water right. I told you I was not sure how the restrictive wording in the Hall vs Henley decree would impact the department's review of such an application. This letter discusses how the department would apply the Hall vs Henley decree to an application for transfer.

It appears that your proposal to add a POD downstream from your POD in the SWSW, S12, T04S, R08E (the same POD as the Henley Diversion No. 1) is very similar to a primary issue addressed in the Hall vs Henley decree. The court responded to this issue in Article I, on page 2 of the decree by stating: "they are hereby perpetually enjoined and restrained from damming or obstructing Bennett Creek below said Henley Diversion No. 1, in the future, and from diverting waters from the flow of said Bennett Creek below said Henley Diversion No. 1."

The Hall vs Henley decree is silent in regards to whether it is binding on successors, assigns, etc. It does however, at least establish a presumption that adding a downstream point of diversion from the Henley Diversion No. 1 will injure other water rights.

The components of a decreed water right can be changed in the approval of a transfer application and you have the right to submit an application to add a POD to your decreed right 61-00283. However, the burden to prove there will be no injury nor enlargement will be yours. Injury and enlargement are two of the four criteria that must be examined in the review of all transfers as specified in Idaho Code, Section 42-222. Because other users divert water downstream from the site you propose for another diversion, you would be required to establish that other water rights would not be injured.

If you decide to file a transfer application to add a POD to right 61-00283 we can provide the forms, instructions and records from this office that will assist you in preparing the application form. Call me at the number below if you have any additional questions or discussions concerning this matter.

January 20, 1999

Field exam notes from 8-4-94 for William Walker

Claimant has 3 claims, AG1-00283 & 284 from Bennett creek & AG1-4029 from Ryegrass creek. There are 3 POD's from Ryegrass creek. Locations are given on the C.V.R. Diversions consist of rock & dirt dams & flood irr. conveyed by ditch.

The upper POD conveys H₂O from to land in the N $\frac{1}{2}$ of Sec. 7. The middle POD was washed out at the time I was there. Ditch was there but had recently been cleaned out. Claimant said diversion washed out a couple years ago & he has plans to rebuild it.

Lower POD is just North of the road & it irr. land in the approx. S $\frac{1}{2}$ of Section 18.

The 2 decreed rights contain 2 POD's from Bennett creek. Again, dams consist of rock & gravel & dirt & conveyed to POU by dirt ditch. See maps in file for locations of POD & POU.

* - Mrs. Walker was very concerned w/ water delivery from this creek. Apparently, there is a water user whose land is below his (Bennett Cr. Farms). Their POD is upstream of both landowners' property.

8-5-94

Pg 2 of 2

T buy have a water right for storage.
T buy divert to storage until Apr. 1.
Walker has live flow decreed rights w/ an
earlier priority than storage water.

Runoff from creek occurs very early
in Spring in March & early Feb.
Consequently, by the time Apr. 1 rolls
around, there is not enough H₂O in creek
to satisfy crop requirements for downstream
live flow users.

Claimant is very concerned about our
standard season of use.

MEMORANDUM TO FILES

TO: A61-00283 & A61-00284

FROM: MEL SCHULTE

DATE: OCTOBER 5, 1998

RE: DELIVERY SYSTEM AND USE OF WATER

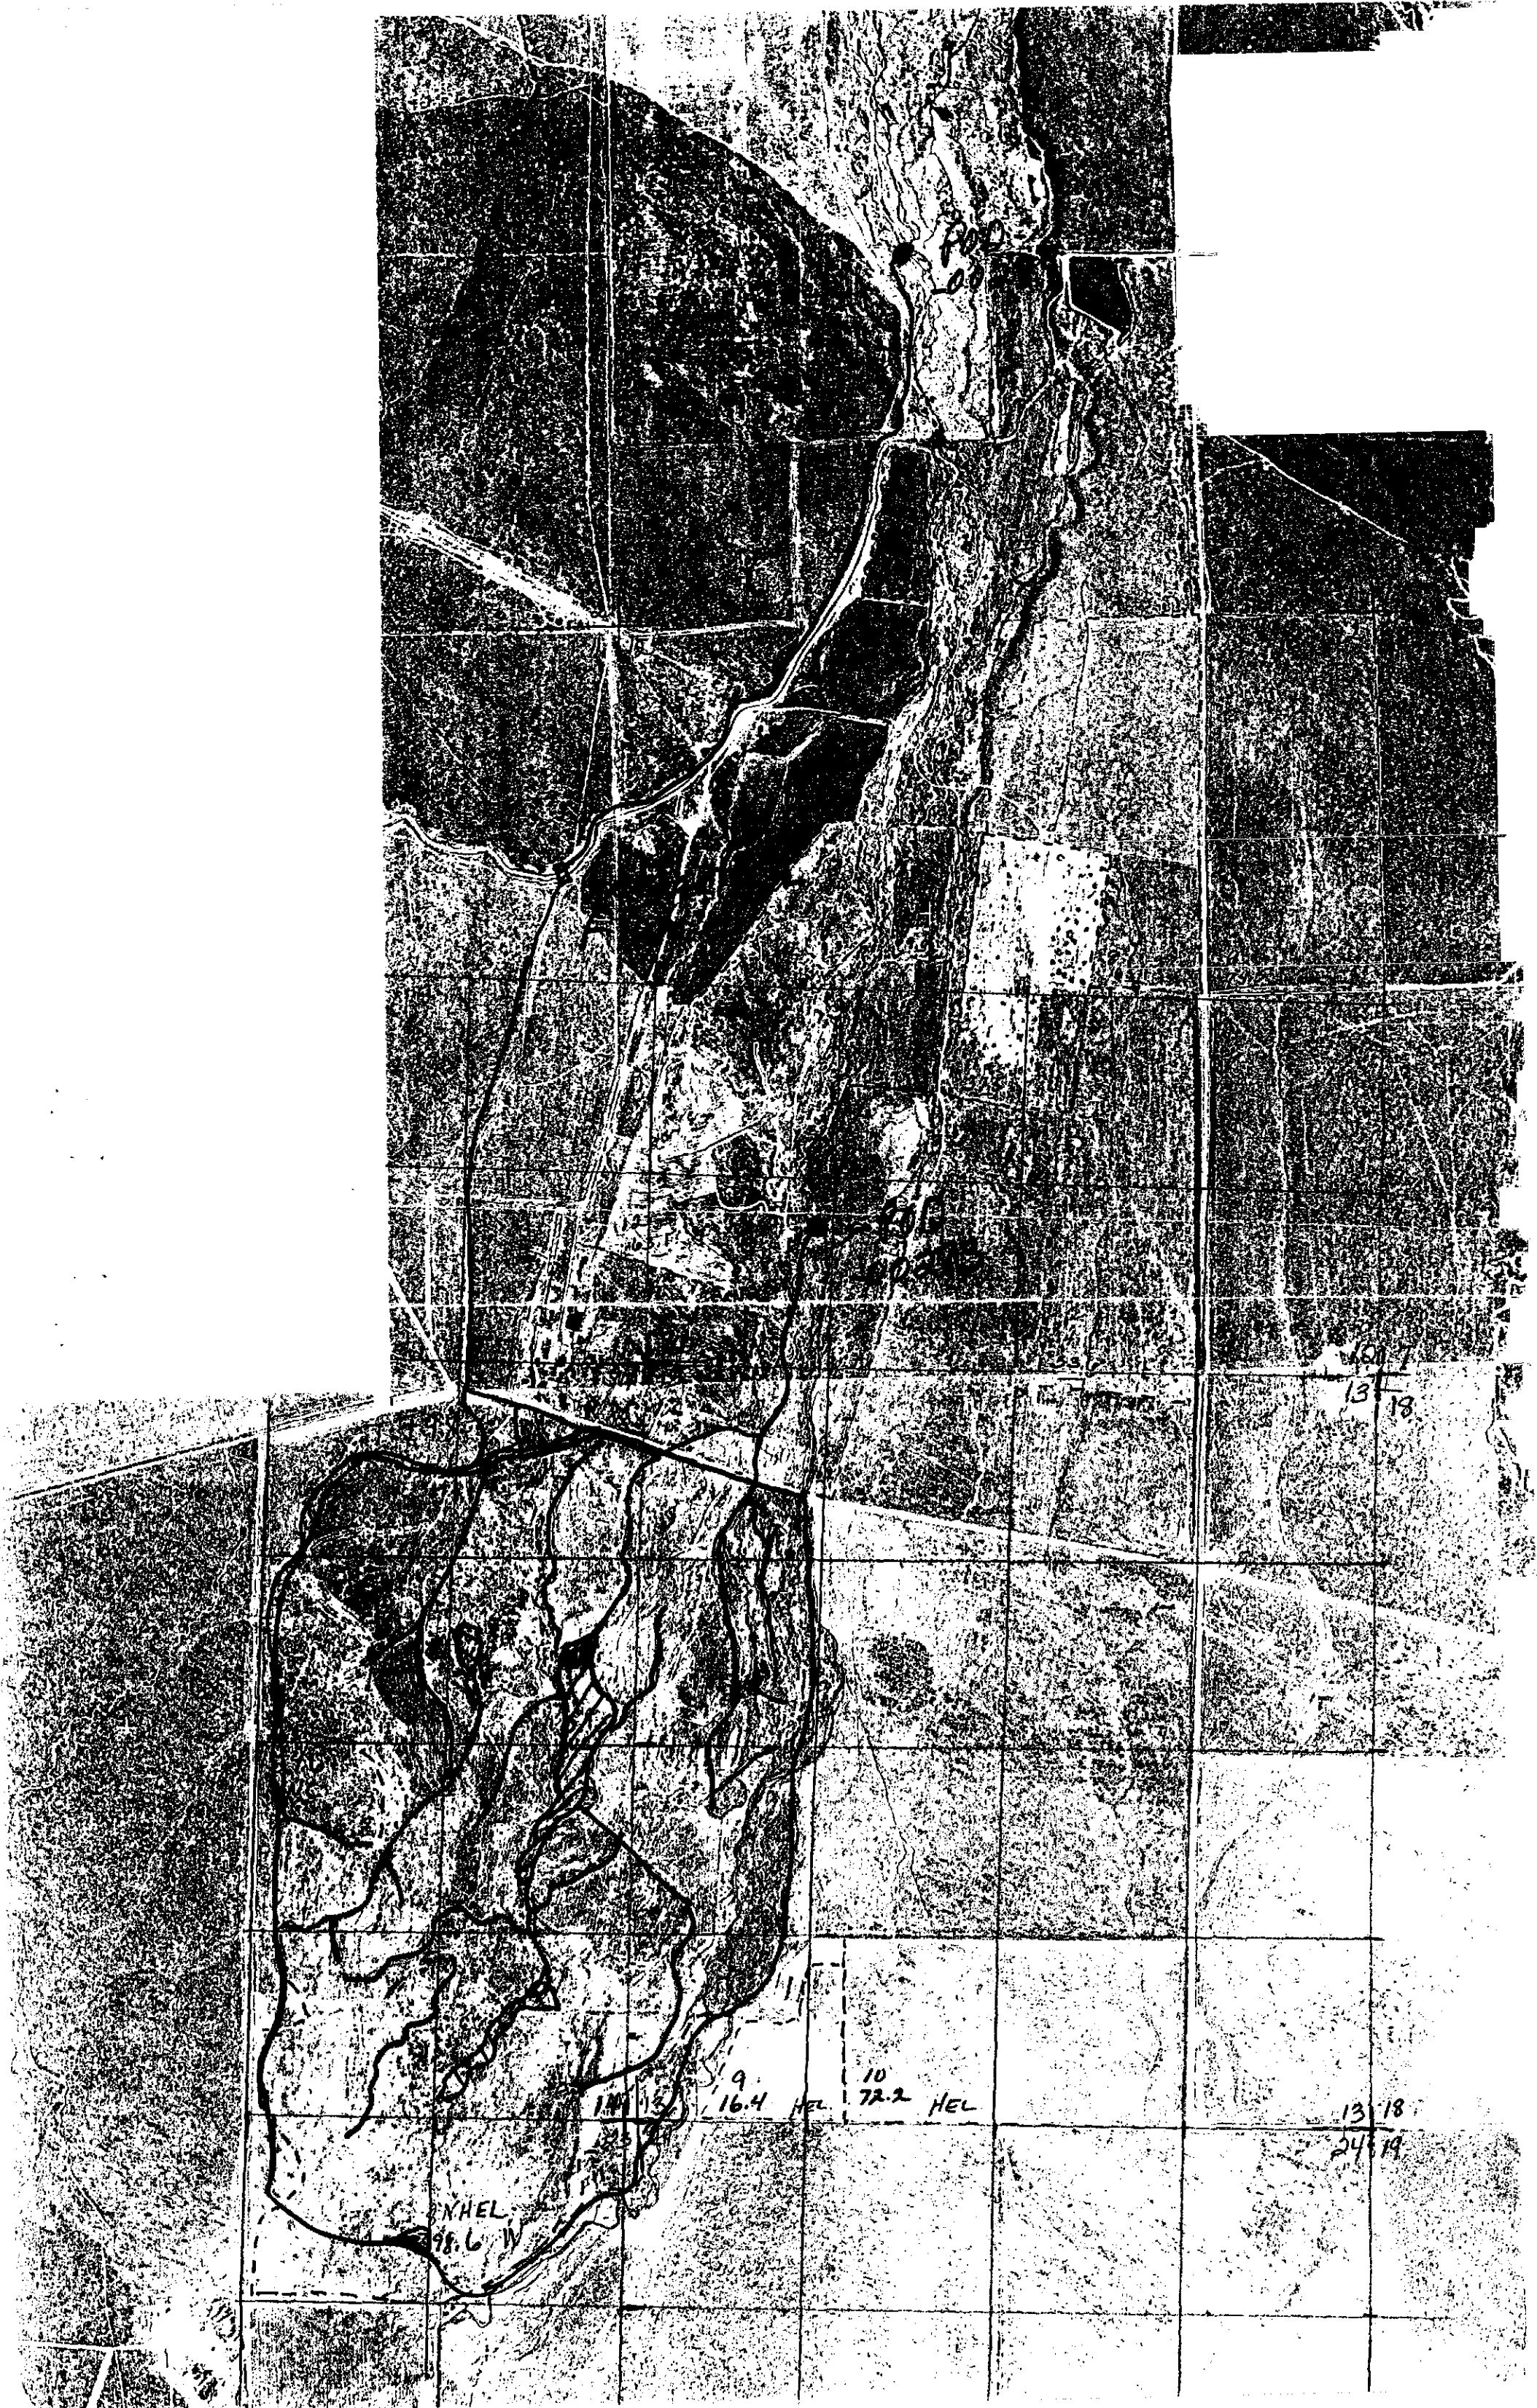

There are two diversions from Bennett Creek that serve the above referenced decreed rights. The diversion in the NESW, Sec. 1, is described in the decree to service 61-00284. It diverts water into a ditch that flows South about 3/4 mile where it crosses a canal through a flume. It continues South about another 3/4 mile where it goes under a county road to the place of use on the Walker property.

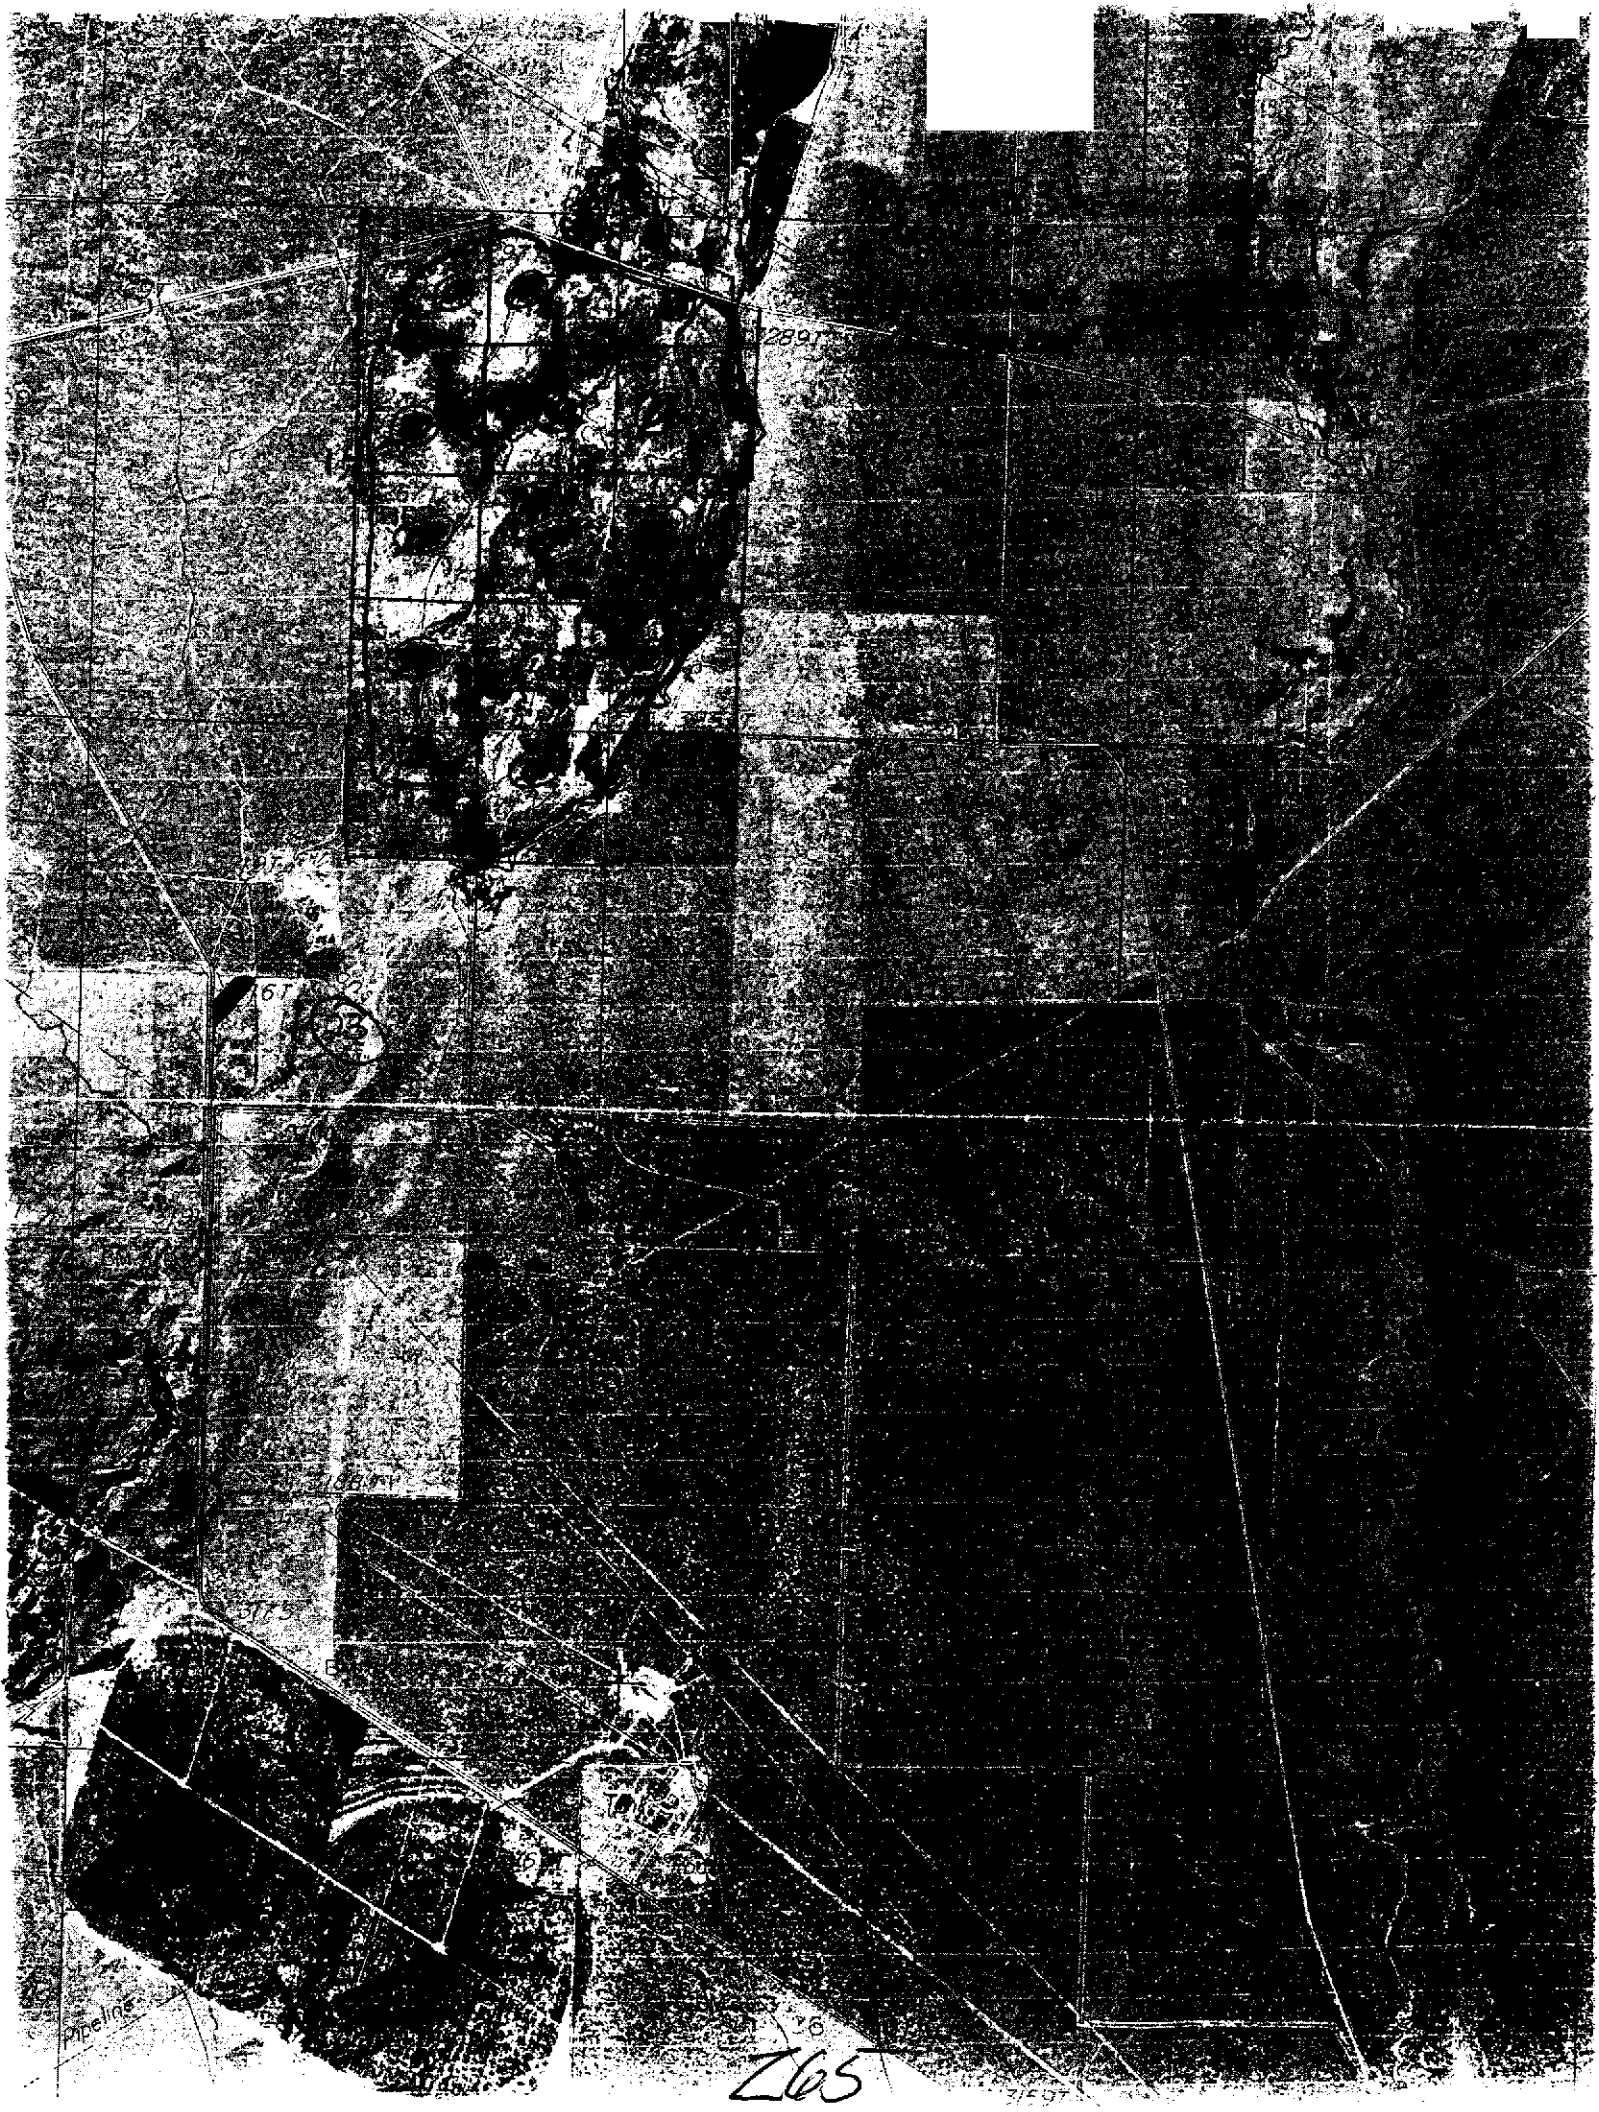

The second diversion is in the SWSW, S12. It delivers water about 1/4 mile to the beginning of the place of use for 61-00283. This diversion is described as being specifically for this right.

The delivery system within the place of use for both rights is a series of delivery ditches, pickup ditches and small collection ponds. Throughout the system runoff water (waste water) from most fields is picked up and commingled with new water and then delivered again to other fields. Consequently, it can become impossible to distinguish what is waste water from any of the rights and what is live flow water from any one of the rights. Waste water from 61-00283 is used on land appurtenant to 61-00284 and waste water from 61-00284 is used on land appurtenant to 61-00283.

It appears the claimant is attempting to comply with the terms of the decree in his application of the water subject to these rights. However, to develop a system that most efficiently uses the water, it was necessary to deliver the water as described above. Bennett Creek has a short season for water being available and efficiency in use is critical.

RE: Claim(s) filed in the Snake River Basin Adjudication.

Dear Mr. or Mrs. Walker;

We will be conducting beneficial use water right claim exams in your area. An exam is needed to verify your water use in order to issue a water right license and/or decree.

Information on your claim which may need to be verified includes source of water, type of usage, amount of water used, number of acres irrigated, and legal descriptions of the point of diversion and/or place of use.

In order to expedite these field examinations, which need to be completed this season, we request that you contact our office at 334-2190 within one week to make an appointment at a time convenient for you. The amount of time required to conduct these exams depends on the number of water rights you have filed. An approximate time can be given when you call for an appointment.

Although it is not mandatory that you accompany the field examiner, it does insure that an accurate description of your system will be made. If either yourself, or someone familiar with the system, could accompany the examiner it would be beneficial.

To make an appointment, or if you have any questions or problems with scheduling the exam verification, please contact me as soon as possible.

Sincerely,

Linda A. Werner
Sr. Water Resource Agent

This suit having come on regularly for trial on the 20th day of April, 1942, Eugene H. Anderson appearing as attorney for the plaintiff and Charles F. Reddock and Leo Bresnahan appearing as attorney for the defendants and the cause having been thereupon tried before the court without a jury, and witnesses having been examined and evidence having been introduced on behalf of the parties and the court having thereupon examined the premises and property involved in the suit and the cause having been thereafter argued before the court by counsel and the suit having been thereupon submitted to the court for consideration and decision; and, after due deliberation thereon, the court delivers its decision consisting of findings of fact and conclusions of law in writing in all three of the causes of action in plaintiff's complaint and the amendment thereto, and orders that judgment be entered in accordance therewith;

WHEREFORE, by reason of the law and the decision aforesaid,
IT IS ORDERED, ADJUDGED AND DECREED AS FOLLOWS:

DECREE FOR HALLS VS HENLEY

I

On the first cause of action of the plaintiff, the defendants J. H. Henley and Goldie Henley, husband and wife, be, and they are hereby required to remove the dam and obstructions placed by them in Bennett Creek about six-tenths of a mile below the diversion point designated Henley Diversion No. 1 which Henley Diversion No. 1 is situate in the Southwest Quarter of the Southwest Quarter of Section 12, Township 4 South, Range 8 East, Boice Meridian, and that the said defendants and their agents, attorneys, servants, employees and all others acting in aid of or assistance to each of them, be, and they are hereby perpetually enjoined and restrained from damming or obstructing Bennett Creek below said Henley Diversion No. 1, in the future, and from diverting waters from the flow of said Bennett Creek below said Henley Diversion No. 1, and from in any way depriving the plaintiff of the flow of the waters of Bennett Creek below said Henley Diversion No. 1 and from in any way interfering with the rights of the plaintiff to the waters of Bennett Creek;

II

In the second cause of action of the plaintiff, Halls, Inc., the defendants J. H. Henley and Goldie Henley and their agents, attorneys, servants and employees and all others acting in aid of or assistance to each of them be, and they are hereby, perpetually restrained and enjoined from diverting from the flow of the waters of Bennett Creek at the said Henley Diversion No. 1 more than the right of 238 miner's inches adjudicated for the irrigation of the Henley Tract No. 1 more particularly described as follows:

The southwest quarter of the northwest quarter of section thirteen, and the southeast quarter of the northeast quarter and the northeast quarter of

the northeast quarter of section fourteen, and all that portion of the northwest quarter of the northwest quarter of section thirteen, and the northeast quarter of the northeast quarter of section fourteen, which lies south of that certain line known as the south line of the William E. Wilson Tract, being all in township four south of range eight east, Boise Meridian, in Elmore County, Idaho;

And, from changing to said Henley Diversion No. 1, the point of diversion designated in this suit as Henley Diversion No. 2, and situate in the Northeast Quarter of the Southwest Quarter of Section One, Township 4 South, Range 8 East, Boise Meridian, for the irrigation of the Henley Tract No. 2, particularly described as follows:

The southwest quarter of the southwest quarter of section thirteen, and the northwest quarter of the northwest quarter of section twenty-four, the north half of the northeast quarter of section twenty-three, the south half of the southeast quarter and the northwest quarter of the southeast quarter and the west half of the northeast quarter of section fourteen all in township four south of range eight east, Boise Meridian, in Elmore County, Idaho;

III

On the third cause of action of the plaintiff, the defendants J. H. Henley and Goldie Henley and their agents, attorneys, servants and employees, and all others acting in aid of or assistance to each of them be, and they are hereby, perpetually restrained and enjoined from in any manner using upon the said Henley Tract No. 2 the waters of Bennett Creek running under the said decreed right of the defendants for the irrigation of the of the said Henley Tract No. 1, or from in any manner changing the place of use of any of the waters of Bennett Creek adjudicated for use on the said Henley Tract No. 1 to the said Henley Tract No. 2;

That the plaintiff do have and recover from the defendants
the costs and disbursements of the plaintiff incurred in this
action in the total sum of \$_____.

Dated April 10, 1943,

Thas. F. Korsch

District Judge.

Plaintiffs.

Vs.

DECREE.

Wm. H. Blackman Chas. Geerhart
Chas. F. Ross, Mrs. Ida Ross,
Benj. Sparlin, John McCuen
S. B. Blackwell and M. L. Davis,
Defendants.

And now this cause coming on to be heard upon the modified findings of fact and the conclusions of law hereinbefore filed, and upon the remittature from the Supreme Court and the Court being fully advised in the premises, it is ordered, adjudged and decreed;

I.

That the Plaintiff Adin M. Hall be and he is hereby awarded the use of the amount of water hereinafter stated, from the waters of Bennett Creek, in each year, from the following dates, to-wit:

1 0277 1st. For Hall Pre-emption claim, 150 inches of water, dating from April 1st, 1879.

61 0278 2nd. For Hall Homestead, 140 inches of water, dating from April 1st, 1882; 10 inches of water, dating from May 1st, 1886.

1 0279 3rd. For Hall's Desert Entry, 100 inches, dating from April 1st, 1885; 20 inches, dating from April 1st 1886.

-0360 0280 4th. For Northeast quarter of southwest quarter and south half of northwest quarter and lot No. 3, section 5, township 5 south, range 9 east; also southwest quarter of southwest quarter of section 33, and Southeast quarter of Southeast quarter, section 32, Township 4 South, range 9 East, and lot 4 of section 4, and lot 1, Section 5, township 3 south, range 9 east, 220 inches of water, dating from April 30th, 1893.

II.

1st. That the plaintiff William E. Wilson be and he is hereby awarded the use of the amount of water hereinafter stated, from the waters of Bennett Creek, in each year, from the following dates, to-wit:

61 0286

1st. For the G. B. Ross Pre-emption, 94 $\frac{1}{2}$ inches, dating from March 1st. 1867; 85 $\frac{1}{2}$ inches, dating from March 1st 1892.

61-0362

VI.

That the defendants M. L. Davis and Charles Goerhart be and they are hereby awarded the use of the water hereinafter stated, from the water of Bennett Creek, in each year, from the following dates to-wit:-

61 0287

1st. Upon the South half of the Southwest quarter, the Northwest quarter of the Northwest and the Southwest quarter of the Southwest quarter of Section 25, Township 3 South, Range 8 East, 75 inches dating from October 1st, 1887.

VII.

That the defendant S. B. Blackwell be and he is hereby awarded the use of the amount of water hereinafter stated, from the waters of Bennett Creek in each year, from the following dates, to-wit:-

61 0288

1st. For use upon the Southwest quarter of the Southeast quarter and the Southeast quarter of the Southwest quarter of Section 5, and the West half of the Northeast quarter of Section 8 Township 5, South of Range 9 East, and the West half of the Southeast quarter of Section 8, Township 5 South, Range 9 East, 220 inches, dating from April 30th 1893. Trans "114

VIII.

That all of said water heretofore awarded to the respective parties to this action shall be measured at the point or points of diversion thereof, from the channel of said stream, in a box or boxes, headgate or headgates, constructed for measuring water at a four inch pressure, or its equivalent in second-feet, and said water shall be measured at said point or points of diversion, under a four inch pressure, or its equivalent in second-feet.

IX.

That insofar as the rights of any of the parties to this action have heretofore been determined and adjudged by decree of this court the same shall not, by this decree, be disturbed.

X.

For the Ethell tract, north of the road, 143 inches, dating from March 1st, 1872; 35 inches, dating from March 1st, 1876.

61-0 261
61-0 262 2nd. for use upon the Marley Tract, 51 inches of water, dating from April 1st 1883.

III.

That the defendant William H. Blackman be and he is hereby
awarded the use of the waters hereinafter stated from the waters
from Bennett Creek in each year, from the following dates, towit:

61 02831st. For use upon the Southwest quarter of the northwest quarter and the northwest quarter of the Southwest quarter of Section 13, and the Southeast quarter of the northeast quarter and the Northeast quarter of the Southeast quarter of Section 14 and all that portion of the Northwest quarter of the Northwest quarter of Section 13 and the northeast quarter of the Northeast quarter of Section 14, which lies South of that certain line given as the South line of the William E. Wilson Tract, being all in Township 4 South of Range 8 east 238 inches, dating from March 1st, 1872.

81 0281 2nd. For use upon the Southwest quarter of the Southwest quarter of Section 13, and the Northwest quarter of the Northwest quarter of Section 24, the North half of the Northeast quarter of Section 25, the Southhalf of the Southeast quarter and the Northwest quarter of the Southeast quarter and the West half of the Northeast quarter of Section 14, all in Township 4 South of Range 8 East, 114 inches, dating from March 1st, 1886.

IV.

61 0285⁵ Est. For use upon the Charles F. Ross Homestead, 114 inches
dating, from March 1st, 1867; (221 inches, dating from March 1st
1892. 61-0358

Y.

That the defendant Ida E. Ross be and she is hereby awarded the use of the amount of water hereinafter stated, from the waters of Bennett Creek, in each year, from the following dates, to-wit:-

Trans 157-114"
3-1-88

It is further ordered, adjudged and decreed that the several parties hereto, who rights to the use of the waters of said Bennett Creek are of even date, shall, whenever the amount of water flowing in said Channel or stream is insufficient in quantity to supply the amount of water herein awarded, share in the use of the water in proportion that the several quantities awarded, of same date, bears to the whole quantity flowing in said stream at such time of scarcity, not, however, to interfere with the rights of an earlier or prior date.

XI.

It is further ordered, adjudged and decreed that none of the parties hereto, or their successors in interest, shall have the right to use of the waters of Bennett Creek herein awarded, except for a beneficial purpose; and that whenever the beneficial use has ceased such party or parties shall turn the waters of said stream used by them back into the channel thereof; that each and every of the plaintiffs and defendants, their servants, attorneys, employees, privies and successors in interest are hereby enjoined and restrained from any and all interference with or diversion of the waters of said Bennett Creek except as provided in this decree whenever such interference, diversion or use would in any manner interfere with the quantity of water awarded by this decree to any of the other parties of this action.

XII.

That the Costs and disbursements of each party here shall be
