On June 15, 2001, this Court received correspondence regarding the above-captioned water right claim. A copy of the correspondence is attached to this *Order*. The original of the correspondence was file stamped, docketed as received, and lodged in the subcase file. Where the water right claim was previously uncontested, a subcase file was created for the correspondence. Where a partial decree was previously entered for the water right claim, the partial decree was also included in the subcase file.

THE FOLLOWING ARE HEREBY ORDERED:

1. That Thomas Cushman is appointed Special Master to preside over the above-captioned water right claim for the following purposes:

a. To determine the intended purpose of the correspondence and the legal significance of the correspondence, if any. For example, the Special Master may determine whether the correspondence constitutes a motion to correct a clerical error pursuant to I.R.C.P. 60(a), or a motion to set aside a partial decree pursuant to I.R.C.P. 60(b), etc.;

b. To determine whether the correspondence complies with *SRBA Administrative Order 1 (AOI)* and the Idaho Rules of Civil Procedure or whether additional time should be granted to allow the party to file an appropriate motion with the Special Master and/or to obtain counsel in the matter; whether the matter should be dismissed on its face; or to

determine whether the matter would be more appropriately processed administratively through the Idaho Department of Water Resources;

If the correspondence is ultimately deemed a sufficient motion, or in the event a new motion is filed in compliance with the applicable rule(s), the Special Master shall conduct all proceedings necessary to issue a recommendation as to the underlying merits. For example, if the Special Master concludes a partial decree should be set aside or amended, the recommendation should not only include that the partial decree be amended or set aside, but should also include how the elements of the water right should be partially decreed.

2. The original of this *Order* shall be placed in the subcase file and the file transferred to the Special Master for proceedings consistent with this *Order*.

3. The Special Master shall issue a *Special Master's Report and Recommendation* on the matter consistent with *AOI*.

RE: CORRECTION TO POINT OF DIVERSION OF WATER RIGHT 51-2107

Gentlemen:

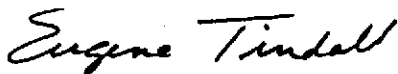

In May of 2001, after consulting with Sherl Chapman of ERO Resources Corp, we requested an application for transfer of water rights 51-2107 and 51-7110A. The purpose of this application was to allow us to have 2 permissible points of diversion on both of our wells. Mr. Chapman's research showed that we had only one point of diversion for water right 51-2107. It has since been brought to our attention that a data entry error had occurred when we filed transfer 5680 on 1/24/2001.

I have enclosed a copy of a letter that we received from Daniel Nelson, Sr. Water Right agent and Jan Shurte, Western Region Supervisor Snake River Basin Adjudication Staff. This letter will explain how the error occurred.

It is our request that we be allowed to file a motion with the Snake River Basin Adjudication Court to set aside the partial decree for water right 51-2107 and have it corrected.

Thank you for your consideration of this matter.

Sincerely,

***RE: APPLICATION FOR TRANSFER FOR WATER RIGHTS 51-2107 AND
51-7110A***

Dear Mr. and Ms. Tindall:

Our office received your application for transfer on 5/8/2001 for water rights 51-2107 and 51-7110A. In reviewing your transfer I discovered that you filed transfer 5680 on 1/24/2000 to settle a Bureau of Land Management (BLM) objection in the Snake River Basin Adjudication (SRBA). In this transfer you also added both points of diversion for your farm to both rights and created a permissible place of use for both rights. BLM approved of the transfer allowing Idaho Department of Water Resources (IDWR) to approve the transfer on 5/10/2000. The IDWR adjudication staff then data entered the transfer into the database and sent it to the SRBA court. During the data entry process there was a data entry error and one of the wells was left off of the court recommendation for 51-2107. 51-2107 was subsequently decreed with only one point of diversion.

I have consulted with our office's SRBA supervisor, Jan Shurte. Both Ms. Shurte and I have researched this situation and we believe that you should be able to file a motion with SRBA court to set aside the partial decree for water right 51-2107 and have it corrected. You will need to send a letter to the SRBA court and make this request in writing. Please include this letter as an explanation to the court of what has happened and the enclosed partial decree report that has been corrected. If the court does allow the partial decree to be changed, you can withdraw your application for transfer and we will refund your \$610.00 transfer fee.
