DATE OF PHOTOS 10/4/91 OWNER CRAMER / Statham

CLAIM NUMBER(S) A55-04000

- ① P/D - see bulkhead & opening of tunnel.
 Cannot see buried pipeline.
 Located several hundred feet uphill (easterly)
 from D/2.

- ② 2 homes using spring water. P/O is 200' E/SE of upper home (background, left). CRAMER home is one in foreground.

- ③ Closer view of Frederickson's place (previously Ford's per Mr. Statham).

DATE OF PHOTOS 10/4/91 OWNER Statham

CLAIM NUMBER(S) ASS-04003

① Looking at old 1 1/4" pipe that Mr. Statham said was old line for "city spring". He said that spring for ASS-04003 was the one used by city before city system relocated to current pld above road.

#1 conti this site is $\approx$ 50' S/W of spring in photo #2. Pipe in photo #1 is unused & is included for informational purposes only.

②

Pld for ASS-04003 is spring area in background of photo. 1 1/4" overflow pipe allows water to pool up below pipe for stock use. (Very minor pool, way too small to consider as storage). Domestic use is directly from pipe (camping purposes).

① & ② - are below road.

DATE OF PHOTOS 10/4/91 OWNER Statham

CLAIM NUMBER(S) ASS-04004

P/O - Bulkhead at mine
tunnel opening. Note valve
at lat. Buried line
runs to wooden tank.

①

② P/W for this right is
at tank. 2" line seen
running into tank.

PHOTO PAGE 1 OF 1
DATE OF PHOTOS 10/4/91 OWNER Statlam
CLAIM NUMBER(S) A55-04005

Spring Emerges from base of rocks & water is collected in small pond.

This is just below road about 75'.

Some water can be collected at base of rocks for domestic use (was told that formerly had a pipe emerging but now changed to pooling of water; no signs of pipe found).

DATE OF PHOTOS 10/4/91 OWNER Statham

CLAIM NUMBER(S) ASS-04108

① →

Looking down into
cistern in "wellhouse".
collects groundwater but not
a well.
Dry today due to drought(?)
conditions.

↓ ②

2 homes in claim.
P/O is $\approx$ 150' uphill
to west towards upper
Right Corner of photo.

← These 2 homes
are also P/O for
ASS-04007

The lawn at Red's
white home in
foreground is also
P/O for ASS-04110.

- ③ Looking down on 2nd station unit (which can see in photo #2 - the lower house on left).

ASS. 04003 ✓

Spring truss to Cemetery Gulch

Springbox buried & covered w/ rocks & wood to prevent damage from stock.

30' long 1 1/4" metal pipe, drops into a small pool area (too small for storage). Water also seeps out to pool below pipe at 3 points.

All station claims - same
5/300 hd if claim stockwater
use

Stock 300 cattle
Domestic on-site camping etc. # people, # days highly variable over time not sure how to document.
Suggest use equivalent of 0/1 int. = .6 Af
divided by 1/2 yr. = .3 Af

Mining not need w/o Evidence of priority & use

5/300 @ 1/2 yr. $\frac{300 \times 12 \times \frac{365}{2}}{325850} = 2.0 \text{ Af}$

0/1 @ 1/2 yr. int. use = .3 Af

NO mining use found - was told 20 days/yr. @ 4 hrs/day to wash samples of pipe flow.
Rate of Flow:

allow per "0/1" (.04) & 5/300 (.07) = $\leq .11 \text{ cfs}$

use PC to determine ext pipe flow where

$L = 30'$

$IO = 1"$

$\uparrow$ ft hd ≈ 10

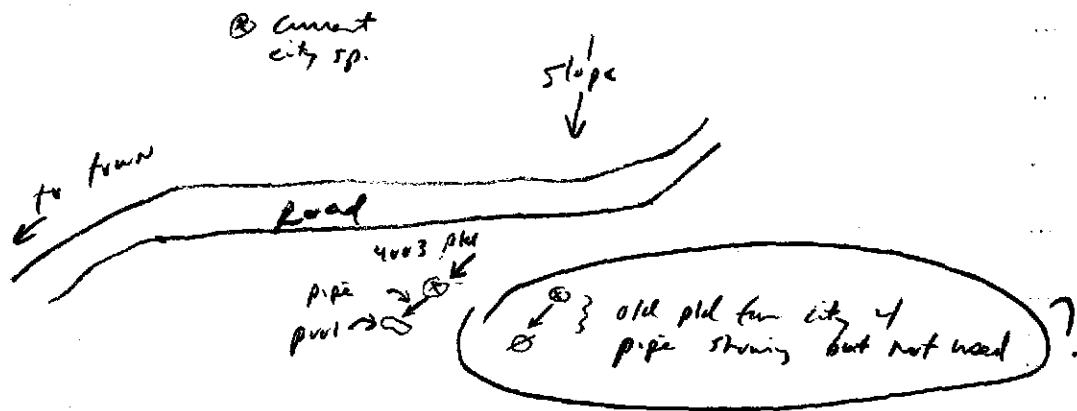

Will PC program work at these parameters?

$Q = VA = (5)(\pi R^2)$

Cont on back of City Spring

Was told that pipe $< 50'$ away is from spring
that city used & moved uphill & across rd.
This pipe not in use now so not a pld for
anything.

If so, when did Δ occur? Need to fold this
into City Spring factors? (re pld Δ ?)

ASS-04004 ✓

Bulkhead at mine tunnel entrance, 2" buried line, valve
c 25' outside of tunnel entrance. Pipe runs to
nearby wooden tank.

Was used for old mill site here.

Now domestic - camp, etc as in -4003.

Stock - Same

→
? How stock use occurs?

OK

Rate Same question as in -4003

Verify capacity of horizontal manure?

or just rec'd .04?

Rec'd

$$\text{Dom} \approx \frac{D/I \text{ int}}{2} \text{ for } \frac{1}{2} \text{ yr.} = \frac{.6}{2} = .3$$

OK Stock 5/5m

$$\frac{300 \times 12 \times \frac{365}{2}}{325850} = 2.01$$

$$\text{Same as } 300 \times .0134 \times \frac{1}{2} = 2.0$$

conversion factor for 12 gpd all yr.
use.

Since c 1/2 yr., divide by 2

allow 2 + .03 sfa

ASS. 04005 ✓ — SEE PS 4A also

Previously - told that had pipeline from "rock face",
New emerges from face (could see that seeping out
in exam) to collect in pool area that day int.

Pool (pool) $\frac{30' \times 30' \times 3'}{43560 \text{ ft}^2/\text{ac}} = .06 \text{ ac capacity}$

use * Domestic camp AS ID - 04003 & - 04004.
Stock 300 cattle

* can collect flow of containers at base of "rock face".

→ Mining - washed sample & site. NO use seen
in exam.
cannot read up evidence of date & use

Rate Same rate question as 04003 & 04004.
Then rate → storage req'd?

Reid
Dom $\approx \frac{0.1 \text{ int}}{2} \approx 1/2 \text{ yr.}$.3 r/a

✓
OK.
if rate of flow
needed - but
is storage

→ Stock 5/300 $\frac{2.0 \text{ r/a}}{2.3 \text{ r/a total}}$

Volume as in other similar Station claims
except factor in storage component.

ASS-04005 ✓

PS (4A)
2/16/98 update

Re: Silver City Adjudication Claim
Claim No. A55-04003

Dear Mr. Lester:

In response to your inquiry regarding this claim, enclosed you will find a document from Kinross DeLamar Mining Company. Kinross indicates they are not interested in further retaining the mining right on this claim.

We wish to retain our claim for domestic and stock uses. This claim has first use of 1952.

Thanking you for your past assistance, we remain,

Sincerely,

Wilma L. Statham

Harold R. Statham.

Re: Silver City Adjudication Claims

Dear Mr. and Mrs. Statham:

As you are aware, following our discussions concerning the adjudication claims no.s A55-04003 and A55-04005, I have researched the history of the beneficial water use for mining purposes. Upon review the files and discussing the facts with Mr. John Woodward, I cannot document any beneficial mining use for the aforementioned claims. I submit to you that the Kinross DeLamar Mining Company (formerly known as the Nerco DeLamar Company, subsidiary of NERCO Minerals Company) has no further interest in the mining use associated with the water right claims A55-04003 and A55-04005.

Very truly yours,

Barrett L. Cupp
Land Representative

RE: Silver City Adjudication Claims

Dear Mr. and Mrs. Statham:

I am soliciting additional information in support of several of your adjudication claims in the Silver City area. It is possible that some of the desired information is found in documents at this office such as the "Exception" document filed on behalf of the Silver City Taxpayers Association regarding two of the Ottos claims. If so, perhaps you could call me to arrange an office visit to point out this material. I was not able to find it in the "Exception" document or in other files.

Information for the following items for particular claims is needed. The enclosed brochure discusses types of evidence to help support your claims.

1. **Claim No. A55-04003** -- Evidence is needed to support the date of priority for mining use and also that mining use had occurred for this right within a five year period ending by 1987 (when the adjudication started). Without such documentation, the claim can only be recommended for domestic and stock uses dating to 1952.
2. **Claim No. A55-04005** -- Similarly, evidence is required to support a mining date and mining use for this claim. The claim can be recommended for domestic and stock uses from 1931 without additional information.
3. **Claim No. A55-04007 (via "City Spring")** -- Although domestic use as claimed here does not normally need evidence of priority, information is requested due to the controversy over the city spring. Please provide information supporting a 1909 date of first use for this claim.
4. **Claim No. A55-04110** -- This claim also involves the city spring. Again, although the domestic use does not normally require evidence of priority, any claim for the city spring source does need to be supported. In this case, the claimed date of first use is 1935.

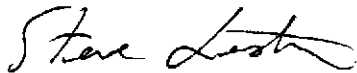

Harold and Wilma Statham
February 2, 1994
Page 2

Without sufficient supporting documentation, the first two claims listed above will not be recommended to include mining as a beneficial use. Instead, the first two claims would be recommended for domestic and stock uses. If reliable evidence does not support the dates for the latter two claims (city spring), these two must be recommended for a later date as supported by your information, or they must be recommended to be disallowed in the adjudication if no information can be obtained.

Again, it is entirely possible that I have overlooked some good information that you have already provided to me. Please set me straight if that is the case.

A response within thirty (30) days will avoid delays or complications in the adjudication analysis. Please let me know if I can be of assistance in this or other matters.

Sincerely,

A handwritten signature in cursive script, appearing to read "Steve Lester".

Director

December 8, 1988

Harold R. Statham
4023 Hoover St.
Boise, ID 83705

Dear Mr. Statham:

Enclosed are the six adjudication claims for your property in Owyhee County.

Per a request from John Woodward of Nerco Mineral Co., I have added the mining use to Claim No.'s 55-04003 (Channel Placer Claim), 55-04004 (spring, tributary to Webfoot Gulch), and 55-04005 (Humboldt Mineral Claim). The other three filings are 55-04007 covering your home for city water, Claim No. 55-04108 for the well used in winter months when city water is shut off, and Claim No. 55-04110 for the overflow from the city water tank for lawn irrigation.

The fees for these claims are as follows:

A55-04003 - \$50.00 flat fee plus \$100.00 per cfs for mining or \$10.00 for .10 cfs = \$60.00 fee.

A55-04004 - \$50.00 flat fee plus \$10.00 for mining = \$60.00 fee.

A55-04005 - \$50.00 flat fee plus \$10.00 for .10 cfs for mining = \$60.00 fee.

A55-04007 - \$25.00 fee for domestic.

A55-04108 - \$25.00 fee for domestic.

A55-04110 - \$25.00 fee for domestic.

TOTAL FEE - \$255.00

Since your fees would have been \$25.00 per claim without the mining or \$150.00 and they are now a total of \$255.00, an additional \$105.00 is being charged due to the mining uses. It is my understanding that Nerco has agreed to pay this portion and I will forward a copy of this letter to them. Please submit the entire fee, however, when you return these claims. Note also, that your signature needs to be

MICROFILMED

SEP 29 1992

notarized. The map also enclosed needs to be returned with these claims. A copy of these claims, once they are processed will be mailed to you.

If you have any questions, feel free to contact me.

Sincerely,

Jan Shurte
Water Rights Supervisor
