NEW PROPERTY OWNER NOTICE OF CHANGE OF WATER RIGHT OWNERSHIP

Please print or type
(see instructions on back of page)

DATE OF CLOSING: 3/29/91

LEGAL DESCRIPTION OF PROPERTY: Township 7S Range 5W
Section 16, W 1/2 of NE 1/4 of 1/4, Govt. Lot , BM.
Lot , Block , Subdivision/Townsite .
If you have additional legal descriptions, please attach separate sheet.

- ☐ Served Only by a Public Service Water Supply (all water is received from a city or company who maintains water supply system, owns the water right, and bills the customer on a regular basis)
- ☒ Water Right Number(s)
Assigned by IDWR: A55-04023
- ☐ Name and Address of Former Owner/Claimant(s)(Seller): Raymond E. & pr Helen Gluch
P.O. Box 273
Jordan Valley, OR 97910
- ☐ New Owner/Claimant (Purchaser): Thomas R. & pr Anita L. Gluch
- ☐ New Mailing Address: P.O. Box 257
Jordan Valley, OR 97910
- ☐ New Telephone Number: (208) 583-2287
- ☐ Does the change in ownership result in a splitting of the water right owned/claimed? yes ☒ no
If yes, then describe the portion of the water right that is now owned/claimed by the new owner:

- ☐ Attach proof of ownership, describe proof attached: Warranty Deed

(proof of ownership must describe either the property conveyed or include the claim number. Proof of ownership is not required if this form is signed by the former owner/claimant.)

- ☒ Signature of New Owner/Claimant(s) Thomas R. Gluch Date 10/1/91
- ☐ Signature of Former Owner/Claimant(s): _____ Date _____

(Signature of former claimant(s) is not required if proof of ownership is attached.)

Final Review and Data-Entry

Date: _____ By: _____

Claim Numbers of Split, if any:

Original to be mailed to Idaho Department of Water Resources 1 1994
Copies to Former Owner and New Owner

MICROFILMED

INSTRUCTIONS

This form has been prepared to assist new owners of property to comply with the requirements of Section 42-1409(7), Idaho Code. This statute provides that new property owners notify the Department of Water Resources (IDWR) of any change in ownership of a water right during an adjudication of water rights, and if a claim for the water right has not been filed to file the needed claim(s).

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. If you would like any of these brochures or if you have questions about completing this form please contact your nearest office of IDWR or you may call 1-800-451-4129 (toll-free).

The first line of the form asks for the date of closing so IDWR will have a record of the effective date of the property transfer.

The second line of information requires the legal description of the property being transferred. This information is **ESSENTIAL** and should be available from the documents that will be present at the time of closing. The first two lines of the legal description **MUST** be completed. IDWR's records are based upon legal descriptions using township, range, section and fractions of a section descriptions, and this information must be included on the form. If you also have available a legal description based upon a townsite or subdivision and lot and block number, please also include this additional information. A lot and block legal description is **NOT** a substitute for the township, range, section and fraction of a section description.

After completing the legal description, if all water is supplied by a public service water supply you may check the first box; complete the name, address and telephone information for yourself, the new owner; sign the form in the space provided and return the form to the IDWR office nearest you.

If there are water rights associated with the property, the seller should be able to provide you with the water right number(s). The water right number(s) for the property are to be put in the space provided at the second box on the form. If you or the seller believe there are water rights for the property but the numbers are unknown, then you may wish to call or come into an office of IDWR for assistance in identifying the water rights for the property involved. If claims for the property have not been filed you will be so advised by IDWR.

After the water right number(s) for the property has been entered on the form, complete the name and address information for **BOTH** the former owner/seller and for yourself, the new owner, in the spaces provided. Please also include your telephone number. If the property you have purchased is only part of the property owned by the former owner/seller, you may be purchasing only part of the total water right held by the seller. This means the water right held by the seller must be split so you get your proportionate share of the water right. Be sure to include a description of the portion of the water right you have purchased. The seller should be able to help you describe the portion of the water right for the property you have purchased.

If the former owner/seller will sign the form and the seller is shown as the claimant of the water right in IDWR's records, then you do not need to attach proof of ownership of the land or the water right. The seller should know if the original claim was filed by him, or if the seller has filed a change in ownership so the seller is shown as the claimant of the water right in IDWR's records. If the seller is not going to sign the form then you must attach some proof of ownership of the property described at the top of the form or proof of ownership referencing the specific water right(s) for the property.

The new owner must sign the form in the space provided. If the former owner/seller is available to sign the form please do so in the space provided.

When complete, the new owner and the former owner/seller should each retain one of the copies and return the original of the form to IDWR. You may return the form to the IDWR office nearest you or to: Idaho Department of Water Resources, Statehouse Mail, Boise, ID 83720-9000, Attention: Adjudication Bureau.

WARRANTY DEED

For Value Received

RALPH GLUCH and ELIZABETH GLUCH, husband and wife,

Hereinafter called the Grantor, hereby grants, bargains, sells and conveys unto THOMAS R. and/or ANITA L. GLUCH, husband and wife, whose address is Box 257, Jordan Valley, Oregon 97910,

AFFIDAVIT

STATE OF IDAHO)
) ss.
County of Owyhee)

J. W. DUNNING, being first duly sworn, deposes and says:

He is 83 years of age and resides at Murphy, Idaho. He farmed and ranched for approximately 50 years and was a county assessor of Owyhee County for 18 years and a county commissioner of Owyhee County for 10 years.

In 1919 he was in possession and controlled the W1/2NE1/4, Section 16, Township 7 South, Range 5 West, B.M., in Owyhee County, State of Idaho, hereafter called the property. He continued in possession of this property, controlled it, farmed it, and ran cattle on it from 1919 until 1939.

The property is situated on West Creek, a tributary of Williams Creek in Owyhee County, Idaho. In 1919 when your affiant took possession of the property, water was diverted from West Creek in the SE1/4NW1/4, Section 16, Township 7 South, Range 5 West, B.M., Owyhee County, Idaho, into a ditch which proceeded in an easterly direction to the southwest corner of the property at which point it ran in an easterly and northerly direction across the property. The water carried in this ditch was used to irrigate approximately 20 acres of land on the property.

From 1919 until 1939 your affiant diverted water each year from West Creek as stated above and used this water beneficially for irrigation of the 20 acres on the property. Usually, he commenced diverting the water from West Creek and irrigated the 20 acres on the property on May 1 of each year. On a few occasions it may have been diverted and applied a few days earlier than that. The water was diverted and applied

POOR ORIGINAL

to this 20 acres from May 1 continuously until approximately September 1. Occasionally the flow of the creek was so small that there would be insufficient water to divert in August and subsequent months. In other years when there was a surplus of water it would be diverted and applied to the land until November 1.

At the place of diversion in 1919 there was a diversion dam in West Creek composed of rock and dirt. This dam was approximately 18 inches high, 2 feet wide and extended across the creek for about 4 feet. The ditch that ran from the point of diversion to the property would hold approximately 100 inches of water when full. During the months of May and June in each year from 1919 through 1939, your affiant diverted approximately 80 inches of water into the ditch. By July the flow would decrease to approximately 30 inches. It would decrease in August to approximately 20 inches, and on occasion the flow stopped or was so low no water could be diverted. During this period between 1919 and 1939 your affiant was the only user of water on West Creek.

The diversion dam and ditch conveying the water from West Creek to the property was already installed and had been in use for a number of years prior to 1919. Prior to 1919 your affiant on a number of occasions had been to this point of diversion, was familiar with this irrigation system, and knows that it was in use prior to 1919.

Your affiant has farmed and ranched in Owyhee County, Idaho, both on mountain property and irrigated land. While farming irrigated land, on many occasions he measured water over a weir and is familiar with the manner of measuring it. Due to this experience and as a result of his irrigating land and

POOR ORIGINAL

working with irrigation systems he can estimate in inches the amount of water flowing in a ditch. It is on the basis of this experience that he made the estimates stated above of the amount of water that was diverted from West Creek for use on the property.

The field on the property which was being irrigated by your affiant with the water from West Creek as described above is a long and narrow field which has a considerable slope. Because of the slope it was necessary to apply approximately 3 inches of water per acre to this land when he farmed it to keep it properly irrigated.

On November 1, 1939, your affiant sold the property to Joseph Gluch.

J. W. Dunning
J. W. DUNNING

C. Stephen Allred: Director

Dear Sir:

We are responding by way of protest to claim to water right #55-4023, Raymond Gluch, Jordan Valley, Oregon, published, April 26, 1979, in the Owyhee Chronicle. We would like to register our protest in three areas of this claim.

- First: There has not been 20 acres irrigated by Mr. Gluch in the claim area
- Second: There has not been consistent, and-or proper use of the claimed amount of water, 1.60 CFS since the priority date of 5/1/1919
- Third: There is sufficient stock water provided by springs in the area and where the natural creek bed runs through Mr. Gluch's field.

We would like this protest to be entered in the file of this claim for any further reference. Thank you.

Sincerely,

Dean W. Duckett
Berrett Valley Ranches
