its' located in the river, Sec. 36. This will be determined when I do the field exam for the ire district. The other 2 points listed on this claim in section 1 & 6 are where claimant diverts his water from the canal to take it to his property. L. R. W. 7-27-94

The POQ used is the same POQ and redirection point used by Mr. Home Jr. Dist. that dwarts to their feeder canal. This decreed right is one of two the irrigation district is obligated to deliver through their system.

To the Mtn. Home Irrigation District:

In reading over the creek right agreement between my farm and the Irrigation District, I would like to clarify the contract. The points I would like to acknowledge:

- 1.) If the Irrigation District has the capacity to store the creek right in the Mtn. Home reservoir and the creek right is running, then the Irrigation District has the obligation to store the creek right. There will be a 20% loss of creek right due to seepage and evaporation. The stored creek right will then be delivered at a later date.
- 2.) It appears to me that I can determine when I would like to start using my creek right. I should have the option to either take delivery of the creek right if the canal is ready, or have the water stored if there is reservoir capacity. The creek right would loss 20% storage and would be delivered when the canal begins to run.
- 3.) The creek right can be stored anytime when the reservoir has capacity and the creek right is running.

When my father began farming the homestead in 1952, we always had the option to store the creek right when the canal was running. Please read over the legalities of the contract on the creek right and determine if my logic concurs with the contract.

Sincerely,

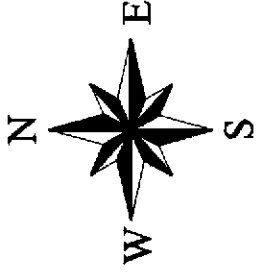

A handwritten signature in cursive script that reads "Forrest Freer".

AGREEMENT

THIS AGREEMENT, Made and entered into this 14th day of Nov., A.D., 1931, by and between WILEY M. DANIEL and JENNIE DANIEL, his wife, of Mountain Home, Elmore County, Idaho, the parties of the first part, and MOUNTAIN HOME IRRIGATION DISTRICT, a municipal irrigation district of Elmore County, Idaho, the party of the second part,

WITNESSETH: That, whereas, the parties of the first part are the owners of the Southwest Quarter of the Southeast Quarter and the Southeast Quarter of the Southwest Quarter of Section 1 and the East Half of the Northwest Quarter of Section 12, Township 4 South, Range 6 East, B. M., Elmore County, Idaho, and were decreed by the decree bearing date the 30th day of July, 1914, in a certain action then pending in the District Court of the fourth Judicial District of the State of Idaho, in and for Elmore County, wherein Richard Bennett and others were plaintiffs and F. A. Nourse and others were defendants, a water right in Canyon Creek of 120 inches measured under a 4 inch pressure, with a priority as of April 1, 1883, for the irrigation of the above described premises, and

WHEREAS, there is a large amount of waste in the delivery of said water from Canyon Creek to the lands of the parties of the first part and such water is not available for the use of first parties except during periods of high water, and

WHEREAS, the party of the second part is the owner of a reservoir known as the Mountain Home Reservoir, in which the waters of Canyon Creek can be stored during periods of high water, and delivered to the lands of the parties of the first part later during the irrigation season as required, and which storage and conservation of the waters so decreed to first parties will be of benefit to them and will eliminate certain waste which will result in a benefit to the party of the second part,

NOW, THEREFORE, in consideration of the premises and the mutual covenants herein contained, the said parties have agreed and do hereby agree as follows:

The parties of the first part agree that the water right, being 120 inches with a priority as of April 1, 1883, so decreed to first parties as aforesaid under decree dated the 30th day of July, 1914, in the cause wherein Richard Bennett and others were plaintiffs and F. A. Nourse and others were defendants, for the irrigation of the following described premises: Southwest Quarter of the Southeast Quarter and the Southeast Quarter of the Southwest Quarter of Section 1 and the East Half of the Northwest Quarter of Section 12, Township 4 South, Range 6 East, B. M., Elmore County, Idaho, shall from henceforth be stored by the party of the second part in what is known as the Mountain Home Reservoir and the water so stored or its equivalent, shall be delivered for the irrigation of the premises above described during each and every irrigation season through the ditches of the party of the second part now or hereafter constructed. Delivery of water will be available at the time the irrigation season for the Mountain Home Irrigation District begins, unless the storage capacity of the reservoir is reached before that time, in which case, the parties of the first part must accept delivery of water at once, or loose use of same for such period during which the reservoir wastes water over the spillway. The delivery of water shall not exceed 120 miners inches or the equivalent thereof in cubic feet

per second at any one time, the same to be measured to the parties of the first part at their headgate, less 20% loss for evaporation, seepage and other losses.

It is expressly agreed and understood that the said water right will fluctuate in amount according to the snow and rainfall and will generally vary from year to year and the party of the second part shall only be required to deliver the amount of said decreed water right which may be stored in its reservoir under proper measurements and calculations, less the percentage stipulated above for taking care of losses.

This agreement shall be binding upon the parties hereto, their heirs, executors, administrators, successors and assigns.

IN WITNESS WHEREOF, the parties of the first part have hereunto set their hands and seals and the party of the second part has caused its name to be hereunto subscribed by its proper officers and its corporate seal affixed, the day and year first above written.
