HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

Dear Claimant(s):

We have received your Notice(s) of Claim to a Water Right filed in the Snake River Basin Adjudication.

In the initial review of this claim(s) we found it necessary to complete some of the items on the claim form(s). A copy of your original claim(s) with these changes marked, along with the computer generated copy, and Receipt No. _____ are enclosed. The following items have been added and/or changed on the claim(s) enclosed:

- _____ Item #2 - Only a portion of your priority date was listed. This item requires a month, day and year. We have added in the required information based on the Department's rules for dates of priority.
- X Item #4 - The point of diversion appears to be incorrectly described or not described at all. Based on other information provided which included your legal description, we have added in the quarter-quarter, section, township and range. If you had listed the Lot, Block and Subdivision name, enclosed is a copy of the subdivision map from which we computed the quarter-quarter legal description.
- _____ Item #5 - No description of diverting works was listed. Because the source was described as a groundwater source, we have completed this item with well, pump and pipeline. If your groundwater source is not a well, please notify us.
- _____ Item #6 - The period of use is not listed for the use(s) claimed. The Department has recommended periods of use for certain uses. The recommended period of use has been added to your claim.

Item #7 - The total quantity claimed was not completed. The use(s) claimed have been added together and this amount added to your claim.

Item #9 - The number of homes was not listed on your claim. It appears to be filed for one domestic home and this information has been added to your claim.

~~Item #10-~~ The place of use appears to be incorrectly described, or not described at all. Based on other information submitted we have added in the quarter-quarter, section, township and range. If you had listed the Lot, Block and Subdivision name, we have enclosed a copy of the subdivision map from which we computed the quarter-quarter legal description. Or, if you have listed a quarter-quarter legal description under Item No. 4, we have listed this same quarter-quarter, section township and range on this item.

Item #12- The ownership of the place of use has not been marked. We have assumed you own the place of use and this information has been added to your claim.

Item #15- Basis of Claim was not completed. No previously recorded water rights were found, therefore, we have marked beneficial use of the water as the basis for filing this claim.

Other _____

If you have any problems or questions concerning these additions and/or changes, please feel free to change the copy of your claim form(s) and return it to this office. The new changes can then be made and a computer generated copy showing these changes sent to you. If we do not hear from you, we will assume these changes meet with your approval and the claim(s) will remain as shown on the enclosed copies.

Sincerely,

ELDON L. ROUSH
