Re: Adjudication Claims A32-00071 and A32-00072

Dear Mr. Woodie:

When I prepared the amended claims to include stockwater, I used the wrong chart for the claimed cfs. The chart I used was for off-stream stockwater tanks, or stockwater from wells. That chart was planned to allow enough flow to provide a full day's needs within a short pumping period.

Your claims will be recommended at a lower, in-stream rate of 0.02 cfs. This is enough water for approximately 1,000 head of cattle. Your claims listed 500 head, so this should be very adequate for your needs.

I'm sorry for any inconvenience this may have caused.

Sincerely,

Bryce A. Contor

Re: Adjudication Claims A32-00071 and A32-00072

Dear Mr. Woodie:

This week I traveled up Birch Creek and inspected the place of use for your Goddard Springs and Weimer Springs claims. I have also reviewed the files and the Birch Creek Decree.

Based on what I found, I plan to recommend both claims for stockwater usage. The place of use for Weimer Springs will be recommended as Township 10 North, Range 29 East, Section 3, SENE. Goddard Springs will be recommended for a place of use in Township 11 North, Range 29 East, Section 15 SWSW, Section 22 NWNW and Section 22 SWNW.

The decree appears to indicate that Weimer Springs has been historically considered tributary to Birch Creek, and it was reaching the creek the day I inspected it. I plan to recommend the source as "tributary to Birch Creek."

Thank you for bringing your concerns to my attention. Please review your claims and these proposals and contact me if you have further questions.

Sincerely,

Bryce A. Contor

Re: Notice of Error, George Woodie

On Friday, 8/6/1999, George Woodie, principal owner of Woodie Land and Livestock, visited with me in the office about these two disallowed claims.

Mr. Woodie acknowledged that he has not actively irrigated from either water right for many years. However, he wishes to claim stockwater use on both rights. He also stated that part of the place of use under 32-00072 is "naturally" irrigated from the spring without active management on his part. He also stated that the place of use on 32-00071 should be in T11N R29E, instead of R30E as stated on the claim.

Mr. Woodie signed amended claims and affidavits, which are included in the files.

AFFIDAVIT

I, George Woodie, one of the owners of Woodie Land and Livestock, have observed continual usage of water rights 32-00071 and 32-00072 for stockwater purposes since 1934, up until the present time. My father purchased the properties in 1917 and I believe the stockwater use was continuous from that time until I became familiar with the operation.

Ernie,

There appears to be no reference made to water right numbers 32-00071 and 32-00072 in the microfilmed records for water district # 32-D from 1980 to 1986. Woody Land and Livestock does not appear to be mentioned in any of the microfilmed records from 1980 to 1986 in water district #34-D.

HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.
