INSTRUCTIONS

This form has been prepared to assist new owners of property to comply with the requirements of Sections 42-248 and 42-1409(6), Idaho Code. Section 42-248 requires certain property holders to notify the Department of Water Resources (IDWR) of any change in mailing address or ownership of all or part of a water right record on file with IDWR. Section 42-1409(6) provides that new property owners must notify IDWR of any change in ownership of a water right during an adjudication of water rights, and, if a required claim for the water right has not been filed, to file the needed claim.

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. If you would like any of these brochures, or if you have questions about completing this form, please contact your nearest IDWR office or call 1-800-451-4129.

If you need additional space to describe or explain any of the items on the form, please attach additional sheets to the form as you may require.

1. If there are water rights associated with the property, the seller should be able to provide you with the water right or adjudication claim number(s). Please enter these number(s) at Item 1. If you or the seller believe there are water rights for the property but the numbers are unknown, you may wish to call IDWR or come into an office of IDWR for assistance in identifying the water rights for the property in question. If claims for the rights are required, and have not been filed, IDWR will so advise you.
2. The information described at Item 2 is required, since IDWR cannot process the requested change without documentation of ownership. The preferred types of documentation are shown; contact IDWR if you have difficulty obtaining this information. Do not obtain a new survey for purposes of this form before contacting IDWR.
3. Please provide the name and address of the former owner of the water right and/or adjudication claim at Item 3.
4. The name, mailing address, and telephone number of the new owner(s) is entered at Item 4. Please indicate the relationship between multiple owners by using the connector "and", "or" or "and/or". If an "and" is used, all parties must sign this form. If an "and/or" or "or" is used, all parties may sign, however only one of the named parties is required to sign.
5. At Item 5, please provide the date the property in question was acquired. This may be the date of "closing" in the case of a real estate transaction or the date of court order for other types of ownership changes.
6. If the property you have purchased is only a portion of the property owned by the former owner/seller, you may be purchasing only a portion of the total water right held by the seller. This means the water right held by the seller may be "split" to provide your share of the right in question. Be sure to include a description of the portion of the water right you have purchased at Item 6.

Please provide as much detail as possible concerning your water right: include the number of homes, irrigated acreage if more than 1/2 acre is irrigated, type and number of stock if your right is for stockwater, etc. In the absence of information to the contrary, IDWR will assume the intent is to split the rights *proportionately*.

7. The new owner(s) must sign the form in the space(s) provided at Item 7. Corporations and other organizations must submit a list of directors or officers demonstrating the authority of the director or officer to sign the form.
8. There is no filing fee. When complete, you should retain a copy and return the original of the form to the IDWR office nearest you:

Re: Notice of Error

See copy of attached memo documenting Sauer's concerns. Sauer came in & I forgot to have him sign NOE forms.

- 1) Irrigation of SE corner of pivot #4, 9N 33E 24 not recommended.

Recommended per license 32-07063 issued 1989 per 1984 field exam. Attached NAPP photo V88 (1980) shows original development is as licensed. Attached GIS illustration shows 1987/88 part of corner may have had some irrigation but full corner was not irrigated.

- 2) Irrigation of NE & SE corners of pivot #1 and all corners of pivot #2 not recommended.

Recommended per licenses 32-07064 and 32-07065 issued 1988 per 1984 field exams. Attached NAPP photo V88 shows original development as licensed. Attached GIS illustration shows possible pre-1987 development of SE corner of pivot #2 only.

- 3) Irrigation of S corners of pivot 31, S corners of pivot 25, N and SW corners of pivot 26 in 9N 34E 20 not recommended.

Recommended per transfer 3556, 1990, and license 32-07013C, issued 1990 based on 1984 field exam. NAPP photo V89 and attached GIS illustration inconclusive about historical use. Note that claim A32-10139 related to this POU but fees were not paid.

- 4) Irrigation of S corners of pivot 37, N corners of pivot 38, SW corner of pivot 41, NW corner of pivot 42, in 9N 34E 21 not recommended.

Recommended per licenses 32-07013A (1989, 1986 exam), 32-07013D (1990, 1984 exam), and 32-07032 (1990, 1984 exam). NAPP photo V89 inconclusive about historical use. GIS indicates no irrigation prior to 1987 on all corners except SE corner of pivot 37. Inconclusive on that corner.

- 5) Irrigation of NE corner of pivot 46 in 9N 34E 22 not recommended.

Recommended per license 32-07032 issued 1990 based on 1984 field exam. NAPP photo V89 and GIS indicate no irrigation prior to 1987.

- 6) Irrigation of rock piles on pivots 39, 40, 43 and 44 in 9N 34E sections 27, 28, 34 and 35 not recommended.

Recommendations based on transfer 4788 (1996), 4789 (1996), and license 32-07066 (1996, 1995 exam). NAPP V89 and GIS do not show historical irrigation of rock piles.

- 7) Irrigation of SE corner of pivot 34 in 9N 34E 29 not recommended.

Recommended as accomplished transfer of 32-02140A per 1984 field exam. NAPP V89 inconclusive, GIS shows no irrigation in 1987/1988.

Conclusion:

From the above I conclude that Eric Verner's recommendations were correct. However if Mr. Sauer can document pre-1987 development of corners where GIS image is inconclusive, I could recommend an enlargement claim. Those corners are:

- SE corner of pivot #2 (9N 33E 26 SE)
- SE corner of pivot #4 (9N 33E 24 SW)
- All corners of pivot 25 (9N 34E 20 NW)
- N corners of pivot 26 (9N 34E 20 SW)
- NE, NW and SW corners of pivot 31 (9N 34E 20 NE)
- NW corner of pivot 32 (9N 34E 20 SE)
- SE corner of pivot 37 (9N 34E 21 NW)
