NOTICE OF APPLICATION FOR EXTENSION OF TIME
TO AVOID FORFEITURE OF WATER RIGHT
A32-10151

Notice is hereby given that E. Marlowe Goble of Logan, Utah, Medicine Lodge, Inc., 180 S. 600 W., Logan, UT 84321, has filed an application for extension of time to avoid forfeiture of a claim No. A32-10151.

The claim was made for 9.64 cfs from a groundwater source with the point of diversion within the NWSE, Sec. 36, T13N, R32E, B.M., Clark County; for irrigation purposes with a priority of June 2, 1952, to be used within portions of Sec. 1, T12N, R32E, Sec. 5 & 6, T12N, R33E, Sec. 26, 35, & 36, T13N, R32E, and Sec. 30 & 31, T13N, R33E, for 489 acres.

Sec. 42-222, Idaho Code provides that a water right shall be lost and forfeited and the water revert to the state upon failure to apply water to beneficial use for a period of five years. The state may allow an additional five year period of non-use without forfeiture upon a showing of reasonable cause. The claim holder has applied for this extension as the system is in the process of being upgraded and the applicant requests extension until the new irrigation system is completed.

Re: Application for Extension of Time to Avoid Forfeiture A32-10151

On 21 September 1994, I conducted an onsite verification to determine if the diversion works and system for A32-10151 were in place.

At the time of the exam, I found ^{that} there was a well and pump in place as claimed. Although there was no delivery system in place at the time of the exam, there was considerable evidence of historic use from the well.

The system consists of the well and pump driven by a PTO drive from a tractor that was not onsite at the time. The discharge from the pump is fitted with a coupler to attach portable mainline which would be most likely lead to sprinkler line.

There was no evidence to show the date of installation, but it was obvious the well had been in place for quite some time.

The well seal is nonexistent with a pit forming around the annular space. It is obvious this needs to be corrected and the Groundwater Protection bureau should be notified.

To Whom This May Concern; .

I worked for Garretts for twenty-two years as Foreman of the Ranch. that Jim Tarpley now owns.

The big well across from Stelzer's was drilled when I arrived at Garretts in June of 1952. The other two wells were drilled in the summer of 1961.

We irrigated out of the wells every summer. This was accomplished with sprinklers.
