Re : BLM Objections / IDWR Letter Feb 7, 2008

Att : Nate Arave
Water Resource Agent

Dear Sir :

Per our telephone conversation concerning your letter in regard to the BLM Objections for water rights 73-00090, 73-11978 and 73-11983 requesting a change of ownership for those water rights, please find :

The initial water right 73-00090 was in the name Bar G Farms Enterprises Trust.

The applications for water rights 73-11978 and 73-11983 were applied for in the name Bar G Farms Enterprises Trust.

The IDWR correspondence for water rights 73-00090, 73-11978 and 73-11983 dated 8/31/2006 and 1/23/2007 show the owner as Bar G Farms Enterprises Trust.

The BLM Objection filed for the water rights 73-00090, 73-11978 and 73-11983 list the owner as Bar G Farms Enterprises Trust.

In the haste to settle the Objections for the listed water rights, I inadvertently omitted the word Trust and the Response to the Objection shows Bar G Farms Enterprises. Also, the Form 5 filled out by BLM, signed by ourselves and filed for the Adjudication lists the Ownership as Bar G Farms Enterprises. Mistakes which we did not catch.

The correct and proper ownership should be listed as Bar G Farms Enterprises Trust.

If this inadvertent error was our fault, we are sincerely sorry.

Respectfully,

Billy Gydesen, Mgr
Bar G Farms Enterprises Trust
