Re: Claim 754403

Dear Mr. Phillips:

Enclosed is a new map and a preliminary recommendation reflecting the comments you made on the Notice of Error Reply.

The acreage was adjusted from 8.0 acres to 9.7 acres and the diversion allotment was also adjusted to 0.37 cfs, which reflects a statutory diversion allotment of 0.02 cfs/acre plus a ditch loss factor of 0.18 cfs. The additional acreage outlined in red on the enclosed map could not be recommended, since records show it's owned by the BLM.

If you have any questions, feel free to contact me at this office.

Sincerely,

Keith E. Franklin
Water Resources Agent
