HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

6. Water is claimed for the following purposes:

(both dates are inclusive) (cfs) (acre feet)

For Domestic purposes from 01-01 to 12-31 amount .16 or _____

For Commercial purposes from 01-01 to 12-31 amount .04 or _____

For _____ purposes from _____ to _____ amount _____ or _____

For _____ purposes from _____ to _____ amount _____ or _____

7. Total quantity claimed (a) .20 (cfs) and/or (b) _____ (acre feet)

8. Total consumptive use claimed is _____ acre feet per annum.

9. Non-irrigation uses: describe fully (eg. Domestic: Give number of households served; Stockwater: Type and number of livestock Etc.) Domestic 11 Homes Three commercial

10. Description of place of use:
   a. If water is for irrigation, indicate acreage in each subdivision in the tabulation below.
   b. If water is used for other purposes, place a symbol of use (example: D for Domestic) in the corresponding place of use below. See instructions for standard symbols.

TWP	RNG	SEC	NE 1/4				NW 1/4				SW 1/4				SE 1/4				Totals

Corporation supplies water to owners

This claim is based on statutory claim but incorrectly did not show enough CFS for 11 homes and the business were not shown either

Last Name _____ Ident No. _____

Copies: White -State, Yellow-Claimant

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is $7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

Attached are copies of affidavits and other paperwork to establish the water right claims of the Featherville Townsite Water Corporation. I hope these will provide the necessary information you need.

Claim number 63-4344 is on an unnamed spring and was established in 1921. The spring serves as a back-up water supply for use in emergencies and during very high usage periods or drought conditions. It is currently plumbed to serve 7 residences on an as needed basis.

Claim number 63-4345 is on a well and was established in 1951. This serves as the primary water supply for the Corporation members. The original well was capped due to becoming contaminated and a new one drilled. It is plumbed to serve a maximum of 26 sites, which consists of 24 residences and 2 businesses.

It appears these claims were adjudicated at on time in the District Court of the Fifth Judicial District under Civil Case number 39576, using the identification numbers A63-19447 and A63-19448. Copies of this paperwork can be provided if required.

Lastly, please change the individual to contact on this subject from Michael Rush to the individual shown below:

Re: Notice of Claim to a Water Right No. 63-19447 & 63-19448

Dear Claimant(s):

Enclosed is a copy of the above referenced claim, which reflects the necessary name and address changes for the land and appurtenant water rights covered under the original filing.

The Department will contact you in the future concerning any requirements that may be needed in order to process this claim for final court decree.

Thank you for your patience and cooperation, as we have had several water right changes to process. If you have any questions concerning the enclosed claim, please feel free to contact this office.

Sincerely,

Denise Buffington

Comments:

1. sbock 8/10/2001 use
Comment: On 8/6/01 I met with Butch Kennedy 587-6360, one of the water users. He confirmend the information he provided with Ace Meierhoff one of the long time residents of Featherville. The original well was located across from the Featherville Hotel near the river. Some problems occured and the well was moved to a location next to the Featherville Church. This claim was originally filed on for 11 homes and 3 commercial buildings. The commercial builings have not been served in many years. The number of dwellings is 24, Mr. Kennedy stated that all of these dwellings were in place prior to 1987. I am removing the commercial componet and chaning the domestic to .20 cfs and 24 homes. Any b.u. claim .20 cfs or under does not require a measurement.

I Vern Orr being first duly sworn, deposes and says: My parents came to Idaho in 1914 When I was 4 years old & settled in the Pine - Featherville Area. The spring was developed in 1921 by the Mining Co. for the Town sight of Featherville.

The Well was drilled in 1951 account spring would Not supply sufficient water during the dry summer Months.

I, Teresa L. Olsen being first duly sworn, deposes and says: Featherville Townsite originally used a spring on the hillside for its main water supply. This spring was used according to record, from the 1920's and probably long before that. My Father, Roy Walthall, a Featherville home-owner during the 1940's, was one of the spring users and I used to tag along as a child when he and other water users would go to clean out the spring or do whatever maintenance was necessary. In 1976 a well was drilled and a new water system installed for the townsite of Featherville. The old spring is also still in use. Therefore, I am qualified to verify water rights to the Featherville Townsite since at least 1942.

Re: Claim No(s). 63-19447
63-19448

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is **NOT** to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the **"Priority Date"** as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water. Any other claims you may have filed, that are not listed above, do not require evidence of priority be submitted at this time.

Enclosed is a pamphlet entitled **"Evidence of Priority"** which describes why evidence of the priority date is necessary along with examples of types of evidence that can be submitted to fulfill this requirement. If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify claims in this area are now being conducted by Department personnel. Please contact this office as soon as possible to schedule a field exam appointment convenient for you.

The required evidence supporting the priority date(s) must be submitted by **October 15, 2001,** referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter, or the enclosed pamphlet, please call the Western Region office shown above.
