HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

Re: Water right claim 63-19449

Dear Ms. Potthast:

I understand that you are the new owner of the Featherville Hotel. You predecessor, Raymond Brunn, filed a water right claim for the hotel. In order to reflect the correct ownership, please complete the enclosed Change of Ownership form and send in a copy of the warranty deed showing the property going from Brunn to you. There is no fee associated with this ownership change.

Additionally I need some evidence of the priority date August 15, 1962, filed on by Mr. Brunn. Evidence can be submitted in the form of an affidavit. Mr. Brunn indicated that there was a problem with the well and that it was not used until 1983. Without some evidence supporting the 1962 date, I will have to recommend this right with the 1983 date.

If you have any questions, please call.

Sincerely,

Sue Bock
Sr. Water Resource Agent

 a hotel & private bath & 2 people/room = 60 gal/day
 60 gal/day per room x 10 rooms = 600 gal/day
 providing all rooms are occupied everyday which they're not
 because this is a mountain retreat which serves tourists
 mainly during the summer season. Claimant says he
 does good to keep it occupied full in the summer.

NOTES: Contracted Hydrolysis Drilling because this well was relinquished by them & at such time the available quantity was determined. Buckley-

Company has a 10 room motel. Each room contains the selected amenities, bathrooms w/ tub & shower. No Kitchenettes. 9-2-94 LRU

Claymont filed for 0.04 cfs. Theoretical yields 0.07 cfs & table of water used estimates 600 gal/day. So I am recommending a domestic usage based on ITD Code 542-111 B. of 0.04 cfs or 2500 gal/day.

IRRIGATION RIGHT FROM A GROUND WATER SOURCE

A theoretical calculation is necessary to determine if a measurement is required for irrigation from a groundwater source.

=====

1. Using the found acres (or an estimate by the permit holder) calculate the acre-foot per annum limit. This is the volume that the system must be able to theoretically produce to exclude a rate of flow measurement.
2. Next, given the pump hp and the estimated dynamic water level, calculate the theoretical rate of flow that the system can produce.
3. Using the rate found in step 2 and the days in the permitted irrigation season, calculate the theoretical AFA that the system could produce. This volume is then compared to the first AFA calculation. If the theoretical volume (step 3) is greater than the irrigation requirement volume (step 1) then no measurement is necessary. If it is less, then you must make a diversion rate measurement during the field examination.

1.
$$\frac{\text{Found Acres} * \text{Irr. Req.}}{\text{AFA}}$$
2.
$$\frac{(3/4) \text{ HP} * 8.8 * (0.70) \text{ EFF}}{(23.8) \text{ Dyn Level} + (2.3 * \{0\} \text{ PSI})} = 0.07 \text{ CFS}$$

SWR
3.
$$\frac{\text{Theoretical Div. Rate} * \text{Days in season} * \text{factor}}{\text{AFA}} = 1.9835$$

Note: for electrical motors
EFF = 0.70
for diesel motors
EFF = 0.60

Dear Mr. Brun;

In regard to our field exam of yesterday, August 25, I am enclosing your quitclaim deed, along with some other information relative to your Notices of Claim.

I have enclosed copies of the Notices of Claim filed on the spring and Bird creek, along with a receipt for the \$65.00 fee you paid. Also included is a 3 page print-out showing the names of other individuals who filed for water uses in that area. You can review this information to see if anyone was a former owner of your property and might have filed on the well water usage thereby obtaining an earlier priority date for that well.

When we were discussing the necessity of submitting evidence of priority on the well usage, I neglected to tell you that we will also need that information for the Bird creek irrigation. The pamphlet I gave you outlining what types of evidence you can submit can also be used for the Bird creek usage. I will also send along two blank affidavit sheets.

Be sure to contact me if you have any questions. It would be helpful if you would return the requested information within 30 days.

Sincerely,

Linda A. Werner
