HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

This form has been prepared to assist new owners of property to comply with the requirements of Sections 42-248 and 42-1409(6), Idaho Code. Section 42-248 requires certain property holders to notify the Department of Water Resources (IDWR) of any change in mailing address or ownership of all or part of a water right record on file with IDWR. Section 42-1409(6) provides that new property owners must notify IDWR of any change in ownership of a water right during an adjudication of water rights. Required claims may be filed by a new owner.

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. Please contact your nearest IDWR office, or call 1-800-451-4129, if you would like more information or need help completing this form. Please attach additional sheets to the form if you require additional space to describe or explain any of the items on the form.

If claims for the rights are required, and have not been filed, IDWR will so advise you.
2. The information described at Item 2 is required, since IDWR cannot process the requested change without documentation of ownership. The preferred types of documentation are shown; contact IDWR if you have difficulty obtaining this information. Do not obtain a new survey for purposes of this form before contacting IDWR.
3. Please provide the name and address of the former owner of the water right and/or adjudication claim at Item 3.
4. The name, mailing address, and telephone number of the new owner(s) is entered at Item 4. Please indicate the relationship between multiple owners by using the connector 'and', 'or', or 'and/or'. If an 'and' is used, all parties must sign this form. If an 'and/or' or 'or' is used, all parties may sign. However, only one of the named parties is required to sign.
5. At Item 5, please provide the date the property in question was acquired. This may be the date of "closing" in the case of a real estate transaction or the date of court order for other types of ownership changes.
6. You may be purchasing only a portion of the total water right held by the seller. This means the water right held by the seller may be "split" to provide your share of the right in question. Be sure to include a description of the portion of the water right you have purchased at Item 6.

Please provide as much detail as possible concerning your portion of the water right: include the number of homes you acquired, number of acres irrigated with your portion of the right, if it is more than 1/2 acre, type and number of stock if your portion of the right includes stockwater, etc. In the absence of information to the contrary, IDWR will assume the intent is to split the rights *proportionately*.

7. The new owner(s) must sign the form in the space(s) provided at Item 7. Corporations and other organizations must submit a list of directors or officers demonstrating the authority of the director or officer to sign the form.
8. There is no filing fee. When complete, you should retain a copy and return the original of the form to the IDWR office nearest you:

RE: Mr. Fredericks called regarding these domestic claims. The claims are filed on 4 different houses, each of which is connected to a common system of 3 wells. ~~The 3 wells~~

Three homes will be sold (or ^{have been} ~~are~~ sold) to a homeowners association. These 3 homes have access to 2 of the wells. The third well is valved off. The homes are represented by claim nos. A63-19469, A63-19472, and A63-30294.

The fourth home, represented by claim no. A63-19471, is being sold to another party. This home will have access to only one of the three wells. The single well has been valved off from the other two wells (and 3 other houses), as described above.

Mr. Fredericks will submit change of ownership information for all of these claims.

He had questions about the recommended acres found for A63-02757. I referred him to Mr. Schulte, who conducted the field exam.

ADJUDICATION MEMORANDUM

CLAIMANT: Jerry Frederick, V.P.
Balivi Chemical Co

DATE: December 6, 1995

EMPLOYEE: Mel Schulte *MS*

SUBJECT: Domestic claims, irrigation diversion system, place of use for irrigation rights.

On December 4, 1995 Jerry Frederick and I reviewed in our office the four domestic claims filed by Balivi Chemical Co. We discovered several major errors in the legal descriptions used for the P/D's and P/U's as they relate to the specific claims.

Mr. Frederick stated that the current system of three wells tied together into one system was in place prior to the claims being filed in 1989. Why this was not recognized at that time is unknown. We also discovered the P/U's stated in two of the claims was incorrect and two domestic uses that should have been claimed in the 1989 filings were missed.

Based on the information provided by Mr Frederick, the four domestic claims, A63-19469, A63-19470, A63-19471 & A63-19472 were amended to reflect the P/D's, P/U's and delivery system as they existed the 1989. Also, two new domestic claims A63-30294 & A63-30295 were prepared and mailed to Mr Frederick for signature.

I also reviewed the delivery system and P/U for A63-02757 with Mr Frederick. We concurred the 40 acres as originally licensed does not appear to be realistic. He agreed to the 40 acres as I propose for recommendation: SENW--7 acres, NWNW--11 acres, SWNW--22 acres. He indicated the current system and place of use for the entire farm is the same as when they purchased it in about 1980 with the exception of the domestic sites they developed in the

N 1/2 of the Section. He said he would provide an Affidavit to confirm these facts and the domestic claim information mentioned above.

Re: Domestic Claims

Dear Jerry:

After our telephone conversation last week, I reviewed the files relating to the four domestic claims you filed. The claims indicate all four wells and all four domestic uses are in the same legal 40 acre parcel, the NENW, Section 10. Since this is not true, you need to amend the claims to reflect the correct locations. I think this could be best accomplished in our office using an ASCS aerial map.

Another concern is that I find no domestic claim filed for the house near the pond in the SWNW. If you want to file a claim for this use we can also take care of this matter when you are in the office. Please call me at your convenience to set an appointment time to insure I will be available.

Sincerely,

Mel Schulte

Dear Mr. Shaff,

Upon receiving your July 20, 1989 letter, may I take this opportunity to withdraw our 1977 priority dated claim, as we agree this appears to indeed be a duplicate claim.

Also please find Item #6 & #7 of 1950 priority dated claim modified to show rate of diversion requested.

I am also enclosing our check #2950 in the amount of \$187.00 for fees on the four domestic wells. Please return mail receipt for our files. Should there be anything else needed, please feel free to call me.

Re: Snake River Basin Adjudication SRBA
Claim #A63-08609 - Ada County

Dear Mr. Bower:

As you discussed with Helen Harrington-Thornton, we are returning the attached claims. Also enclosed is Receipt #C006672 for \$196.00.

In reference to the claim with the 1977 priority date, you are afforded this opportunity to withdraw the claim. As you discussed with Helen, it appears that this claim is for the same water right as identified in Claim #A63-08609. I have enclosed a copy of #A63-08609 as it has been data-entered for your information.

We are also returning the claim with the 1950 priority from the unnamed drain. As you and Helen discussed, Items #6 and #7 need to be modified to reflect a rate of diversion.
