HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

Dear Mr. Slade:

Department of Water Resources

Thank you for your letter dated January 4, 1991, requesting to file an objection in the Snake River Basin Adjudication. Your objection cannot be filed with the court at this time.

The law requires that all claims filed in the adjudication be reviewed by the Director of the Department of Water Resources who will file a "Director's Report". If you have filed a claim in the adjudication, you will receive notice when the "Director's Report" is filed. You will also be notified by the Department of when and where to file an objection to any claim in the "Director's Report".

It is very important that you follow the Department of Water Resource's instructions about filing objections because a failure to file in the correct time period will not allow the court to review that objection.

Therefore, I cannot accept your objection at this time and encourage you to carefully follow guidelines sent to you by the Department of Water Resources in the future. Any further questions may be addressed to the Department of Water Resources at 1-800-451-4129. I am forwarding a copy of your letter to the Department.

Sincerely yours,

A handwritten signature in cursive script, appearing to read "Daniel C. Hurlbutt, Jr.".

Dear Sir;

I hereby contest the claim to a water right #A 6710342 filed Sept 27, 1989 by Ms. Ruth Jacks, Mr. Vernon Jacks and Mr. Allen Jacks.

On the grounds that any beneficial use they may have put that water to, has been abandoned for over 40 years. The priority date of 1885 is also in error as that property was homesteaded and patented 1913 by Ms. Ruth Jacks Father. (August Jacks).

They have dug a trench along my fence line and within fifty feet of my spring. Which I have a claim # 67-4320 filed June 10th 1980 with a priority date August 1952. also refiled October 16 1989 under the recent adjudication of the Snake River water rights. Their said trench has disrupted the flow of water in my developed spring and severely hampered me

my business of raising cattle on this property.

I would appreciate correspondence regarding this matter.

Very Sincerely

Dear Mrs. Fontana;

This letter is in reference to our phone conversation of this morning. I did talk with Mrs. Nichols from Robertson-Sevey regarding your filing.

The water right I referred to in our conversation is a flood water right, A67-04414, and the ditch has filed on it. That means that you would need to file a beneficial use right going back to the first usage date of water on your property. In discussing this with Mrs. Nichols, she did say that the priority date would be sometime in 1901. However, this portion of the Weiser River was previously adjudicated in June of 1921. Under the assumption that all users should have filed at that time to be included in that decree, the court may disallow the early priority date in favor of a date after this was decreed. You may file for any priority which reflects the first usage date. However, please keep the above in mind.

Enclosed are two Notice of Claims to a Water Right forms which will need to be filled out to claim your water usage. The number of acres claimed should be only for that which is being irrigated. I have enclosed an instruction booklet for both forms. Also enclosed is a copy of the map for your area. Show the location of the domestic usage and the irrigation usage. The map also indicates the point of diversion for the Robertson-Sevey ditch. Remember, two claims will be necessary; one for the irrigation from the ditch, and the other for the domestic use. That is because each has a different source and date of first usage. Also, you have sixteen shares in the ditch company. Each share is worth 1". Converted to cubic feet per second, this would be 16" or 0.32 cfs. See item 6 on claim form. If you have questions concerning these claims, please feel free to contact me.

Sincerely,

Linda A. Werner
