Change of Address

*(only W/R)
record changed, WCA prepared*

Dear Water Right Holder:

205-4-99

IDWR has been notified the address presently on our records is incorrect. Although we have reached you at the address above we need your written confirmation this is your correct mailing address before we can change our records. Future notices related to your water right can be sent only to the address on your claim or as otherwise changed by you.

Please sign your name at the bottom of this letter and return it to our Western Regional office postmarked by October 1, 1998. Make corrections to your name and address if necessary before returning this letter. Thank you for your help.

If your mail delivery address changes in any form, please contact us in writing so we can update our records.

If there has been a change in ownership of any of the properties connected with the water right referenced above, please call this office toll-free at 1-800-451-4129 to obtain a form to make this required change to the water right records.

Yours truly,

Sandy Egbert
Clerical Specialist

The address is correct as shown above or as otherwise changed.

Copies to Former Owner and New Owner

MICROFILMED

OCT 22 1996

INSTRUCTIONS

This form has been prepared to assist new owners of property to comply with the requirements of Section 42-1409(7), Idaho Code. This statute provides that new property owners notify the Department of Water Resources (IDWR) of any change in ownership of a water right during an adjudication of water rights, and if a claim for the water right has not been filed to file the needed claim(s).

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. If you would like any of these brochures or if you have questions about completing this form please contact your nearest office of IDWR or you may call 1-800-451-4129 (toll-free).

The first line of the form asks for the date of closing so IDWR will have a record of the effective date of the property transfer.

The second line of information requires the legal description of the property being transferred. This information is **ESSENTIAL** and should be available from the documents that will be present at the time of closing. The first two lines of the legal description **MUST** be completed. IDWR's records are based upon legal descriptions using township, range, section and fractions of a section descriptions, and this information must be included on the form. If you also have available a legal description based upon a townsite or subdivision and lot and block number, please also include this additional information. A lot and block legal description is **NOT** a substitute for the township, range, section and fraction of a section description.

After completing the legal description, if all water is supplied by a public service water supply you may check the first box; complete the name, address and telephone information for yourself, the new owner; sign the form in the space provided and return the form to the IDWR office nearest you.

If there are water rights associated with the property, the seller should be able to provide you with the water right number(s). The water right number(s) for the property are to be put in the space provided at the second box on the form. If you or the seller believe there are water rights for the property but the numbers are unknown, then you may wish to call or come into an office of IDWR for assistance in identifying the water rights for the property involved. If claims for the property have not been filed you will be so advised by IDWR.

After the water right number(s) for the property has been entered on the form, complete the name and address information for **BOTH** the former owner/seller and for yourself, the new owner, in the spaces provided. Please also include your telephone number. If the property you have purchased is only part of the property owned by the former owner/seller, you may be purchasing only part of the total water right held by the seller. This means the water right held by the seller must be split so you get your proportionate share of the water right. Be sure to include a description of the portion of the water right you have purchased. The seller should be able to help you describe the portion of the water right for the property you have purchased.

If the former owner/seller will sign the form and the seller is shown as the claimant of the water right in IDWR's records, then you do not need to attach proof of ownership of the land or the water right. The seller should know if the original claim was filed by him, or if the seller has filed a change in ownership so the seller is shown as the claimant of the water right in IDWR's records. If the seller is not going to sign the form then you must attach some proof of ownership of the property described at the top of the form or proof of ownership referencing the specific water right(s) for the property.

The new owner must sign the form in the space provided. If the former owner/seller is available to sign the form please do so in the space provided.

When complete, the new owner and the former owner/seller should each retain one of the copies and return the original of the form to IDWR. You may return the form to the IDWR office nearest you or to: Idaho Department of Water Resources, Statehouse Mail, Boise, ID 83720-9000, Attention: Adjudication Bureau.

HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

RECEIVED

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

10. Place a "D" for domestic and "S" for stockwater use in the corresponding place of use below.

OCT 22 1996

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

(only W/R)
record changed, WCR prepared

Dear Water Right Holder:

no 5-4-99

IDWR has been notified the address presently on our records is incorrect. Although we have reached you at the address above we need your written confirmation this is your correct mailing address before we can change our records. Future notices related to your water right can be sent only to the address on your claim or as otherwise changed by you.

Please sign your name at the bottom of this letter and return it to our Western Regional office postmarked by October 1, 1998. Make corrections to your name and address if necessary before returning this letter. Thank you for your help.

If your mail delivery address changes in any form, please contact us in writing so we can update our records.

If there has been a change in ownership of any of the properties connected with the water right referenced above, please call this office toll-free at 1-800-451-4129 to obtain a form to make this required change to the water right records.

Yours truly,

Sandy Egbert

Change of Address

Dear Water Right Holder:

IDWR has been notified the address presently on our records is incorrect. Although we have reached you at the address above we need your written confirmation this is your correct mailing address before we can change our records. Future notices related to your water right can be sent only to the address on your claim or as otherwise changed by you.

Please sign your name at the bottom of this letter and return it to our Western Regional office postmarked by October 1, 1998. Make corrections to your name and address if necessary before returning this letter. Thank you for your help.

If your mail delivery address changes in any form, please contact us in writing so we can update our records.

If there has been a change in ownership of any of the properties connected with the water right referenced above, please call this office toll-free at 1-800-451-4129 to obtain a form to make this required change to the water right records.

Yours truly,

No response

PATTIE MASON
926 HOT SPRINGS RD
WEISER ID 83672

Dear Mrs. Mason;

I have received the Notice of Claim and permit application you returned to our office. Based on the information that was on the claim, other information submitted and our phone conversation, I have processed the claim as follows:

Source: I added the unnamed stream tributary to Hog creek as the source. This is based on the instream stockwater usage claimed and the map showing where the stock drink from the stream. The spring is also included, as claimed, however the closest tributary to it is Hog creek rather than the Snake river. The processed claim reflects this.

Point of Diversion: The diversion points listed show the location of the spring and the beginning and ending points of the instream flow.

Place of Use: The places of use show the spring location and all quarter, quarter sections falling within the above mentioned beginning and ending points.

The addition of the unnamed stream as source constitutes an addition to your claim and because of this your claim is considered to be amended. For this reason I need you to sign and notarize the enclosed Notice of Claim and return it to my attention.

Also, using the pond dimensions of 90'x90'x4' the storage capacity of the pond is 0.74 acre-feet. With an incoming flow of 0.03 cubic feet/second this amounts to 0.06 acre-feet per day. Because there is less inflow to the pond than outflow, there would be some storage occurring. I did not add this to the claim since it was not claimed as such and I was not sure of the actual date of first usage (priority date) of the pond.

MICROFILMED

OCT 22 1996

Page 2
5/18/94

Therefore, I am also returning the permit application you submitted. Depending on the first usage date of the storage pond you may want to file a Notice of Claim or file an application for permit. I have partially completed item 4 on the application for permit to assist you in determining how to file the permit application. You will also need to complete portions of item 6. Should you decide to file the permit app. the fee will be \$30.00. (This fee will go up after July 1, 1994.) The day we receive the application will be the priority date. If the pond was actually dug and used prior to this you may be able to file a beneficial use claim depending on the first usage date.

Please review the information on the Notice of Claim for accuracy. If there is something you do not agree with, be sure to contact me. Otherwise, please return the signed, notarized claim form to my attention as soon as possible. Thank you.

Sincerely,

Linda A. Werner
Sr. Water Resource Agent

WEISER ID 83672

Dear Ms. Mason;

SUBJECT: Notice of Claim to a Water Right, A67-11055

I am writing in regard to the above Notice of Claim. This is the claim that was originally filed by Lee McMullen.

On September 29, 1992, you sent this office a Notice of Change of Ownership form along with a letter outlining various uses you had for the water. I responded by sending you the original claim back with a letter outlining various options available to you dependent on the water use involved.

I was going through my records today and find that we have had no response from you regarding this information, nor have you returned the original claim as filed by Lee McMullen. Please be advised that without this Notice of Claim we will be unable to recommend any part of this water right in the Snake River Basin Adjudication.

Please contact me within 30 days of the date of this letter and advise me as to how you would like to proceed with this claim.

Sincerely,

Linda A. Werner
Sr. Water Resource Agent
Adjudication Section

3-1-94- Pattie Mason called today & said she would return information to me within the next couple of days.

PATTIE MASON
926 HOT SPRINGS RD
WEISER ID 83672

Dear Mrs. Mason:

This letter is in response to your letter dated September 29, 1992, in which you notified us of a change of ownership on the property appurtenant to Notice of Claim to a Water Right number A67-11055.

Enclosed you will find a couple of different forms. Since you indicated that there is also stock drinking from the stream you may want to include instream stockwatering on your claim. If this is the case, it should be put on the Notice of Claim to a Water Right with the black lettering. Be sure and fill in the information asked for in item 4b. Also-since the cattle are drinking out of the stream which is runoff from the spring, this will also change the source. So you may want to add another source which will probably be an unnamed stream. Then be sure to fill in what this stream is tributary to (item 3).

This claim also requires that the place of use by 40 acre section be completed for the instream usage (item 10). I am enclosing a map which you can use to help you complete this. Lee McMullen indicated that the beginning point of instream flow was in T12N, R6W, Section 30, NE1/4NE1/4 and the ending point was in T12N, R6W, Section 30, SE1/4SE1/4. All quarter, quarter sections inclusive to these 40 acre parcels should be included. I highlighted them on the map. As long as the instream use and stockwatering use have approximately the same date of first usage you can put both these uses on the same claim. Remember though, if you use this claim form, to be sure and fill in all the information. It will also need to be signed and notarized. This claim will take the place of the original form filed by Lee McMullen and will have the same identification number which is A67-11055.

If you don't want to claim instream stockwatering; there are still some changes that need to be made on the original claim. Item 2-date of priority needs to be completed by month, day and year. If you want to change the number of head of stock, you may make the change under item 6. This will probably affect the amount of water they will be using so be sure to make that change under item 7 too.

MICROFILMED
OCT 22 1996

Page 2
11/16/92

I am enclosing an instruction booklet which will give the recommended amount of water to claim for the number of cattle you have. Be sure and initial and date any change that you make on the original claim.

As for the pond that is being used for the 5 acres of irrigation-I am enclosing an Application for Permit. From what you told me in our phone conversation on November 5, it sounds like this is a new usage and as such will require a new water right.

Now that I have thoroughly inundated you with information, be sure and contact me if you have any questions. Please return this information, to my attention, within 30 days of the date of this letter.

Sincerely,

Linda A. Werner
Sr. Water Resource Agent

RECEIVED

OCT - 2 1992

9-29-92

Department of Water Resources
Western Regional Office

I am sending in form to change
water rights from Lee McMullen to
ours Jim & Pattie Mason

I would also like some other forms
to change the kind of water rights.
We want to change the stockwater to
no number of cows because we have
over 200 head of cows and building up
herd. I would like papers to say just
Stock water - For cows - horses and whatever
else we may have.

Also we fixed a small pond to
irrigate 5 or so acres. It is filled
by the springs that makes like a small creek.
The pond has been there for years. Since
the Purcells homesteaded the place
The McMullen just never fixed it or
used it.

Then in a few years (2 or 3) we
want to put a house here, so we
would like paper to change it for
something like this.

Thank you
Pattie Mason

Some of this water comes from Springs
on BLM land, runs a few feet natural, and
onto our land. Do we need any forms
for this.
