Dear Mr. Barstad:

I received your letter dated March 29, 1990, on April 2, 1990 requesting an appointment be set up with me to discuss your water right claims in Washington County. I have tried to contact you by phone Monday, Tuesday, and today of this week with no answer at your Weiser phone number. I have not tried your California number assuming you are in Idaho this week as stated in your letter. We also received your earlier letter dated February 22, 1990, and I had given it to the agent who actually did the review on your claims. Due to the fact that we were in the midst of Canyon County claims filing, the agent was booked with Canyon County appointments and could not find the time to answer your letter. I do have to sign any letters returning claims with problems that are sent by the Department's water resource agents and I also do a review of those claims at that time. Therefore, I am familiar with your claims and am available to assist you in completing your claims to insure they are filed correctly.

This letter is to request that you call and set up an appointment with me to complete your claims. It will be difficult to set up an appointment this week because we are in the last week of our Payette County deadline and I will be working at the mobile office in Payette Thursday and Friday. Will there be another time in the next few months that you will be in Idaho? Your claims will not be affected by the delay, because they have been officially received at our office, and just need some changes or corrections. However, the Washington County claims received after the deadline are affected by being submitted late. An extension of time request form can still be completed when you come in for your appointment, and the outcome of that request is not affected by delaying your appointment. Payette County is our last county for claims filing, therefore, any day after April 18, 1990, should be open for an appointment. Hopefully, this delay will not cause you too much inconvenience.

Please contact me at your earliest convenience at 334-2190 to set up an appointment.

Sincerely,

JAN SHURTE

Dear Jan:

In February, I sent you a number of water rights revised claim forms per your instruction letter dated February 1, 1990. In that letter there were a number of questions that needed answering by your department. As of this date I have not received a response from you.

I recently purchased another ranch next door to my existing property. I am enclosing these forms that are partially filled out, and, again, there are a number of questions that I need help in answering from your department.

I will be in the Boise area April 7th through April 14th, and if at all possible, I would like to meet with you regarding this matter.

Sincerely,

Dear Jan:

Enclosed please find copies of #1 - County Property Tax Records, #2 - Mann Creek Irrigation District Assessment, #3 - copy of my original letter dated September 8, 1989, #4 - copy of my original water rights claims dated September 11, 1989, #5 - copy of your receipt #W005817 dated September 11, 1989, #6 - copy of my cancelled check in the amount of \$227.30 dated September 7, 1989, #7 - copy of your letter dated February 1, 1990, #8 - copies of five new revised water rights claims, and #9 - an aerial photo of the property boundaries in question.

In reviewing your forms, WR0723NP, I still find some discrepancies in water right totals.

All that I am trying to do is establish the correct water rights in accordance with the Mann Creek Irrigation District's assessment, that being my first purchase of property called Pedro being 129.1 acres; my second purchase, being called Tartar - 67.9 acres, and my third purchase of property being Tartar - 30.7 acres.

I have marked these plots on the aerial photograph enclosed.

I have not had the new water rights claims notarized as I am uncertain at this point if they are correct. I am planning to be in Idaho next month and could stop in to see you if necessary. In the meantime, if there are any problems or questions on the material that I have furnished you, you may call me at 415-732-1050.

RE: Snake River Basin Adjudication
Washington County

Dear Mr. Barstad;

Attached you will find your receipt #W005817 for \$227.00 and other documents for your perusal. The attached documents will assist us in correctly filing for your Adjudication Claims. Although, you have been very prudent in your filing, there may be some misunderstanding on your part regarding the necessary filings for your water rights. I would like to explain what has been filed on in your area, and what you should be filing. If after reviewing this letter and the enclosed information, you would like assistance in completion of your filing you should make an appointment with our office. If you prefer to complete the filings in the comfort of your own office, there are additional claims forms enclosed.

You have indicated the License #67-2386 as the basis for your claim, however, the license is in the name of The United States of America, Bureau of Reclamation and represents the irrigation storage rights the Bureau developed in behalf of you and your community. You do own shares of storage water in the Mann Creek Reservoir which you or your predecessors purchased through the Mann Creek Irrigation District. The Bureau of Reclamation, however, owns the reservoir and the storage water rights and has taken care of the filing for this right. In addition, the Mann Creek Irrigation District has filed a "Notice of Claim to a Water Right" for the beneficial use of flood waters from Mann Creek for its share holders. The individual land owners in your community, however, need to file for live flow or previously established rights based on old licenses and decrees appurtenant to their lands, and as listed on a Watermaster's list such as you also submitted with your claim.

We have researched the water rights for your lands and have attached copies of the rights to your previously submitted claim. These rights include portions of six decreed and one licensed right for which five separate

MICROFILMED

filings should be made. The Proof Reports of these water rights are attached to your original claim and contain all the information you need to file these five claims. You have several options in filing these claims, of which we would be more than happy to assist you with. Three of the rights, 67-00513, 67-00514, 67-00515, can be combined on the same claim as they have the same date of priority and have the same source. Each of the other rights should be filed separately including the information we have highlighted or added with a highlighter.

If you have any questions, concerns or would like to make an appointment, please do not hesitate to contact Bruce Schuld through this office.
