NOTES:

This right was licensed with two wells. The 1956 Report of Engineers maps the wells at SE SW SE, SE, and NW NW NW, S16. Transfer # 3295 did not change the P/D's for this right. Both wells are mapped at the second 10-acre tracts on the U.S.G.S. O.R. Third well was apparently from statutory claim 33-04001, although that claim says it is in the SE SE.

6-22-94 Field check of this diversion system found only two wells contributing water to this system. One is at SW SW SE, S.8. The other is at NW NW, S.16. Both wells are mapped on the 1975 U.S.G.S. O.R. Although the 1956 Report maps the well in S.8 slightly to the east of the well-d found, he may have been wrong. I found no evidence of any well, even an abandoned one, at SE SW SE, S.8. At any rate, both existing wells are within the licensed tracts. Therefore, this need not be reviewed as a transfer.
