RE: AMENDED SRBA CLAIM FOR BUCK SPRINGS (A33-10125)

Dear Ron:

It has been some time since our last discussion, however, I did receive the information you submitted regarding the Priority Date issue of the Buck Springs claim and have only now had the time for review. In addition to this review, I have made other changes. You will find an amended claim form enclosed for your signature.

Regarding the Priority Date issue. You will note on the enclosed Amended Claim form that the Priority Date has been changed to 30 October 1945. This is the earliest date that is supported by the documents that were submitted as proof of priority. If other documents can be located that will support the 1890 date, as claimed, or, at least earlier than 1945, the Priority Date can again be changed to reflect the earliest date supported by evidence.

Other changes were made in accordance with our discussion(s) during our visit to measure the springs on 17 July 1995. Review the amended claim form carefully. If any of the elements raise a question please contact me. If you are in agreement with the amendments, as made, sign the form for your organization or have Mr. Ellwein sign it (as you prefer). Then return it to this office with in 15 days from your receipt of this letter.

Respectfully submitted,

RE: NOTICE OF CLAIM TO A WATER RIGHT, A33-10125

Dear Ron:

In further review of the Ramshorns Grazing Assoc. claim to a water right, A33-10125, I will make amendments to show the following:

1. All the springs that were measured on the property will be included as sources and point(s) of diversion. Two sources will have the same legal descriptions, thus only one entry will be shown as a point of diversion for each.

2. The Priority Date will require evidence supporting the April 1, 1890 date, as claimed. If supporting evidence is not presented, potentially, the Priority date could be advanced to 7 March 1927. This is the day after the confirmation of the Little Lost River Decree, (THE BLAINE COUNTY INVESTMENT COMPANY vs ROBERT G. MAYS, et al.) However, this date is still earlier in time than the Federal claim on Buck Springs, which claims a Priority date of 21 August 1980.

3. The Place(s) of Use will be amended to show only those quarter-quarters where the springs are located. Again, some quarter-quarters contain two springs so only one legal description for Place(s) of use will be shown for that source.

4. As per our discussion, the Period of Use will be amended to reflect the time frame that the stock actually occupy the area, as 1 June to 1 October.

5. The Diversion Rate will be modified to reflect 0.272 CFS, the total of the measurements from all sources. The amount calculated is as follows:

$$(122.12 \text{ gpm}) / (448.8 \text{ gpm/CFS}) = 0.2721 \text{ CFS}$$

6. Finally, I will need the completed Change of Address form prior to amending the Notice of Claim to a Water Right for signature and Notarization.

RE: REQUEST FOR INFORMATION AND DOCUMENTS

Dear Mr Dee:

Pursuant to our discussion and your request, this date, please find enclosed the following information/map.

1. Map of Buck Springs (area). This map shows the gap in the Place of Use as claimed. Also, it shows where photos and measurements were taken during the field exam of 9 May 95.
2. Table of measurements and photos. Shows the measured flows from springs and points where photos were taken during the field exam of 9 May 95.
3. Change of address form. This will be necessary to complete to show Mr. Ellwein as president, since the claim was filed by James Lord.
4. Proof of Priority pamphlet. This pamphlet will give you an idea of acceptable types of proof to support the Priority Date claimed of 1 April 1890.

Thank you for the inquiry this morning. I look forward to meeting you, as appointed, at Squaw Creek 8 June 95. In the meantime, if you have additional questions please contact me at (208) 525-7161.

Respectfully submitted,

RE: SNAKE RIVER BASIN ADJUDICATION (SRBA) CLAIM A33-10125

Dear Mrs Ellwein:

Pursuant to our discussion this morning I am forwarding some documents and pamphlet relative to the information required for the above referenced SRBA claim. You need not mail these forms when completed; I will pick them up when we meet to discuss the claim.

Also, I have enclosed the proper forms and informational pamphlet for filing a late stockwater claim in Basin 34 (Big Lost River).

Thank you for your time this morning, I look forward to meeting with you. If you should have questions arise in the meantime please contact this office.

Respectfully submitted,

RE: NOTICE OF CLAIM ID# A34-10682 RENUMBERED TO A33-10125.

Dear Mr. Lord:

The water right number assigned to the Notice of Claim for your property in Custer County had initially been assigned to the wrong basin. Therefore, we have renumbered your Notice from A34-10682 to A33-10125 and modified Receipt No. E011562 to reflect this change.

The enclosed form is an exact duplicate of the original notice but with the newer water right number. Please retain this Notice for your records and future reference.

I apologize for any inconvenience caused by the renumbering of this Notice. If you have any questions, please feel free to call.

HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimant's) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.
