RE: EVIDENCE OF PRIORITY, A33-10837

Dear Mr. Nickerson:

The Notice of Claim identified above has been filed in the Snake River Basin Adjudication (SRBA). The notice indicates a water usage for irrigation that is based on **BENEFICIAL USE** and filed as an expansion claim of water right (A)33-02037A. Water rights of this type are established by the historic use of water, dating back to when the water was first used for the purpose claimed. This is known as the **PRIORITY DATE**. Your claim has not been confirmed by License, Decree, or Permit, therefore, proof must be provided supporting the priority date claimed. **As claimant, you are responsible for submitting the necessary proof to support the PRIORITY DATE of April 1, 1976; highlighted on the attached Proof Report.**

For your reference, I have enclosed a printout (Proof Report) of your Notice of Claim to a Water Right and a pamphlet **EVIDENCE OF PRIORITY**. The pamphlet suggests which document(s) will fulfill this requirement.

The Department can not recommend the Notice be Decreed by the court if evidence supporting the claimed priority date is not submitted.

Please submit the documentation supporting the priority date by October 20, 1996, referencing the information with the corresponding water right number. If you have any questions, please contact this office at (208) 525-7161.

Respectfully submitted,

Allen B. Ruberry
Sr. Water Resource Agent
