Re: Enlargement Claim A33-10983

Dear Don:

At your request, I have prepared the above referenced enlargement claim for the O'Maley 160. Please review it carefully checking the elements of the claim. Should you find errors please correct them in ink and initial accordingly. You should understand that this enlargement claim only authorizes irrigation of those acres with the same water (amounts and water right numbers) as previously claimed by 33-00038 and 33-10052. This new claim does not authorize additional water from any source upon these lands.

Sign the claim before a Notary Public and return it to my attention with your check of \$50.00. There is no late fee in this case.

Thank you for your attention and consideration of this important matter. I look forward to your timely response.

Respectfully submitted,

Allen B. Ruberry
Sr. Water Resource Agent

Haive, Idaho.

To whom it may concern
I Sidney E. Werry know from my own personal
experience that Charles Amaley and I purchased
the Southeast Quarter of Section 12 Township 5
North Range 29 East of the Boise meridian
from Joe Amaley in the year of 1961. At that
time Joe had been farming this ground and
applying water to it. Charles & I continued to farm
& irrigate this ground together until 1970 when
Mr Amaley retired & sold his share of this
ground to me. I continued to farm this ground
until I sold it to Mr Don Sham in 1986

Sidney E. Werry.
Haive, Idaho.

The above ground was irrigated with water decreed
on 3-14-91 and 9-1-79.
