Use of water under this permit shall recognize and allow the continued beneficial diversion of water for irrigation or other purposes under any prior existing water right established by diversion and application to beneficial use or by an application, permit, or license on file or issued by the Director under the provisions of Chapter 2, Title 42, Idaho Code, with a priority of water right date earlier than April 20, 1992, for this right.

Upon a future finding and order of the Director that gauging stations are required to maintain the approved minimum flows on Wet Creek, such measuring devices shall be permanently installed and maintained as specified by the Director.

The Director retains jurisdiction, as described below, to review and amend any and all parameters of this permit and subsequent license. The Board, upon receiving a request, or upon its own initiative, may petition the Director for an amendment to the permit or license. The petition must set forth any significant change in circumstances and evidence of the public interest supporting the proposed amendment. The Director will notify the general public and specific persons or known interested parties of the proposed change, and conduct a hearing for the purpose of determining whether the permit or subsequent license should be amended in the public interest. The burden of proof at the hearing shall be upon the persons or parties seeking the amendment to establish that the amendment of the permit or license would be in the public interest.
