RE: OWNERSHIP CHANGE COMPLETED 1/28/97

I received a phone call from Guy Amidon this morning concerning the portion of these water rights that had been split to the Lee's. Mr. Amidon stated that the Lee's property was on a rocky hillside that was not irrigated. He is coming into the office on February 4 to discuss the lands actually irrigated. He is going to bring a copy of an ASCS photo of the lands with him. I told Mr. Amidon that we changed the ownership on Lee's 7 acres because the entire 40 acre parcel was claimed as irrigated under both above referenced claims. Hopefully our meeting next week will resolve any errors that may have been made when these claims were submitted.

Ron Lee also called me this morning. He said that the ditch does go to his property but is in bad disrepair. He did not purchase the home under Claim A67-10113 but would like to file on the well for his home that was drilled in 1994. He would also like to file for irrigation of his land from this well. He requested an application for permit form be sent to him. None of the ponds under Claim A67-10113 are on the Lee property unless there is high water and then the water does get onto his property. I mentioned that only a portion of decreed Rts. 67-00192 and 67-00193 were filed on. I told Mr. Lee I would look at those decrees and see if I could figure out where the water from the original decrees was used.

Dear Claimants:

We have processed a Change of Ownership for portions of your original claims to water rights as referenced above. This change of ownership resulted in a split of your claims.

When a portion of the original water right claim has been conveyed to another and the original right has been split, then the original claim number is renumbered by adding alpha-suffixes to represent each split. Each split contains only the portion of the original right for each separate owner. The above referenced new claim numbers reflect your remaining portion of the original claims after the change of ownership. Enclosed is a copy of the new claims for your records. Please refer to your new claim numbers when corresponding with our office.

While reviewing our records for any water rights on the 7 acres now owned by the Lee's, I found two other claims that I have some questions on. I have included profile reports of these claims for your convenience. Under Claim No. A67-10112, I found the Lee's property is covered for irrigation. I am uncertain, however, if I should split any of the stockwater use to the Lee's. Are any of the ponds under this claim on the land they purchased? Please indicate on the profile report what portion of this claim should be split to the Lee's besides the irrigation of their 7 acres. I also have a question on Claim A67-10113, which is for domestic and stockwater use from a well. If this home and well were sold to the Lee's too, we will need to change the ownership on that claim. Please let me know within 30 days of the date of this letter how you want Claim A67-10112 split. If I don't hear from you within this 30 day period I will split A67-10112 to show the Lee's have

ownership of 7 acres under this claim. I will not take any action on the domestic well unless I hear otherwise from you or the Lee's.

If you have any questions concerning this ownership change, or the enclosed claim copies, please feel free to contact this office. If you would like to come into the office for assistance in this matter, please call first and make an appointment to meet with one of us.

Sincerely,

A handwritten signature in cursive script that reads "Kay Walker". The signature is written in dark ink and is positioned above the typed name.
