Dear Cliff -

Being a neighbor to Frank Shinn since 1971 it is known he changed his point of diversion for his water right from east pine near Hwy 71, to East pine Advent Gulch. This was done in June, 1984.

The original ditch was made impassable because of the construction and widening done to Hwy 71 in conjunction with the construction of the Idaho Power Broussard Complex.

Dear Lori,

After consulting Frank Shirts (previous owner) and Roy Mink (neighbor) I have, hopefully, determined the correct locations of points of diversion for water right identified as A67-00195.

The information regarding point of diversion and acreage allocations intended for irrigation is collected and enclosed.

In addition to the information and maps you sent, I've enclosed two (2) additional maps. One map titled *Cliff Shinn Project* shows my property and its proximity to Pine Creek. On this map, I have located points of diversion and numbered them 1, 2, and 3.

P.O.D. #1 referenced in affidavit written by Roy Mink (neighbor) is no longer in use, replaced by #4 P.O.D. (See other map.)

P.O.D. #2 abandoned years ago in favor of #3, a more usable location.

P.O.D. #3 replacing #2, but unused at present but plan to retain and use again. Will supply irrigation for south side of Pine Creek.

A second map shows location of P.O.D. #4, located at upper (north) end of Advent Gulch, on East Pine Creek, T16; R4W; Sec. 35. This P.O.D. is supplying all irrigation currently used and is limited to north side of Pine Creek.

The acreages shown are a "best guess" and are based on potential as well as actual ditch to flood irrigation.

Also, please find enclosed the affidavit written by Roy Mink regarding the P.O.D. #4 relocation on East Pine Creek on or about June 1984.

Please inform me if any additional information is required to accurately document Water Right A67-00195.

Sincerely,

Clifford W. Shinn
