ANALYSIS OF CLAIM A67-02377

January 17, 1996

Adjudication Agent: Ron Howerton

SPLIT CLAIM TABLE FOR A67-02377

ASCS MAP ACRES	PROPORTIONAL FACTOR USED TO = RECOMMENDED ACRES	RECOMMENDED IRRIGATED ACRES & CFS TOTALS
DEROCCHIS = 15.3 SPLIT A67-02377B	$15.3 \times .879397 =$	<u>13.5</u> IRR ACRES $\times 0.02 = .269$ CFS
EDMISTON = 4.8 SPLIT A67-02377A	$4.8 \times .879397 =$	<u>4.2</u> IRR ACRES $\times 0.02 = .084$ CFS
DICKERSON = 19.7 SPLIT A67-02377C	$19.7 \times .879397 =$	<u>17.3</u> IRR ACRES $\times 0.02 = .347$ CFS
TOTAL MAP ACRES = 39.8 IRR ACRES	35 ACRES/39.8 = FACTOR = .879397	IRR LICENSED TOTAL = <u>35 IRR ACRES</u> IRR LICENSED CFS = <u>0.70 CFS</u>

PART I.

TABLE EXPLANATION

1. Each claimant will receive a proportional amount of irrigated acres based upon the Acres shown on the ASCS map.
2. The ASCS map showed a total of 39.8 irrigated acres for a total for the SESW & SWSE tracts of land.
3. The licensed water right shows a total of 35 irrigated acres for the SESW & SWSE tracts of land.
4. Since the amount of irrigated land licensed is less than the amount found on the ASCS map, a factor must be used to reduce the proportional amounts fairly to each new owner. This was done by dividing the licensed 35 irrigated acres by the ASCS 39.8 irrigated acres, which equals 0.879397 factor.
5. The table above shows the ASCS amount X the factor that will equal the

recommended irrigated acres for each owner to add up to the original licensed and claimed 35 irrigated acres in the SESW & SWSE tracts of land.

6. CFS then may be calculated by the proportional amount of irrigated acres X 0.02 CFS. (0.02 CFS is a factor used in the original license per recommended irrigated acre)
7. The licensed acres (35) X (0.02 CFS) = 0.7 CFS, thus all above CFS totals were proportionally calculated to amount to the licensed total.

PART II. WARRANTY DEEDS WERE SILENT

1. The warranty deeds were silent on how many irrigated acres were to have been transferred from the sale of these properties.
2. The obvious expansion of these lands from 35 irrigated acres to 39.8 irrigated acres as shown on the ASCS map.
3. It can not be determined from reviewing the field exam notes from the original license to the exact location of each irrigated acre then, to now where the exact irrigated acre of expansion is.
4. However, since the ASCS map is a known factor now. It does show the most up to date location of the irrigated acres.
5. It is logical to resolve an unclear picture of the past expansion with the ASCS map in splitting this right.
6. Thus, using the known factors of the licensed irrigated acres (35) versus the known amount of irrigated acres shown by the ASCS map (39.8) were used in splitting this right as shown in the SPLIT CLAIM TABLE and in **PART I.**

PART III. SUMMARY

1. The claimants may want file an expansion claim to cover their own separate expanded irrigated acres based upon their proportional split difference from the amount shown on the ASCS map.
2. If the new owners do not want to use the licensed point of diversion an application for transfer is needed.
3. If a different point of diversion has been used prior to 1987, then it may be possible to recommend that diversion with an accomplished transfer, if proper documentation is shown.

INSTRUCTIONS

2001 1 2 8 33

This form has been prepared to assist new owners of property to comply with the requirements of Section 42-1409(7), Idaho Code. This statute provides that new property owners notify the Department of Water Resources (IDWR) of any change in ownership of a water right during an adjudication of water rights, and if a claim for the water right has not been filed to file the needed claim(s).

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. If you would like any of these brochures or if you have questions about completing this form please contact your nearest office of IDWR or you may call 1-800-451-4129 (toll-free).

The first line of the form asks for the date of closing so IDWR will have a record of the effective date of the property transfer.

The second line of information requires the legal description of the property being transferred. This information is **ESSENTIAL** and should be available from the documents that will be present at the time of closing. The first two lines of the legal description **MUST** be completed. IDWR's records are based upon legal descriptions using township, range, section and fractions of a section descriptions, and this information must be included on the form. If you also have available a legal description based upon a townsite or subdivision and lot and block number, please also include this additional information. A lot and block legal description is **NOT** a substitute for the township, range, section and fraction of a section description.

After completing the legal description, if all water is supplied by a public service water supply you may check the first box; complete the name, address and telephone information for yourself, the new owner; sign the form in the space provided and return the form to the IDWR office nearest you.

If there are water rights associated with the property, the seller should be able to provide you with the water right number(s). The water right number(s) for the property are to be put in the space provided at the second box on the form. If you or the seller believe there are water rights for the property but the numbers are unknown, then you may wish to call or come into an office of IDWR for assistance in identifying the water rights for the property involved. If claims for the property have not been filed you will be so advised by IDWR.

After the water right number(s) for the property has been entered on the form, complete the name and address information for **BOTH** the former owner/seller and for yourself, the new owner, in the spaces provided. Please also include your telephone number. If the property you have purchased is only part of the property owned by the former owner/seller, you may be purchasing only part of the total water right held by the seller. This means the water right held by the seller must be split so you get your proportionate share of the water right. Be sure to include a description of the portion of the water right you have purchased. The seller should be able to help you describe the portion of the water right for the property you have purchased.

If the former owner/seller will sign the form and the seller is shown as the claimant of the water right in IDWR's records, then you do not need to attach proof of ownership of the land or the water right. The seller should know if the original claim was filed by him, or if the seller has filed a change in ownership so the seller is shown as the claimant of the water right in IDWR's records. If the seller is not going to sign the form then you must attach some proof of ownership of the property described at the top of the form or proof of ownership referencing the specific water right(s) for the property.

The new owner must sign the form in the space provided. If the former owner/seller is available to sign the form please do so in the space provided.

When complete, the new owner and the former owner/seller should each retain one of the copies and return the original of the form to IDWR. You may return the form to the IDWR office nearest you or to: Idaho Department of Water Resources, Statehouse Mail, Boise, ID 83720-9000, Attention: Adjudication Bureau.

Renumbered to Notice of Claim to a Water Right No. A67-02377A

FRED L EDMISTON
606 COVE ROAD
WEISER ID 83672

Dear Fred,

We have received and processed a Change of Ownership for a portion of your original Claim to a Water Right Number as referenced above. This change of ownership resulted in a split of your original claim.

When a portion of the original water right claim has been conveyed to another and the original right has been split, then the original claim number is renumbered by adding alpha suffixes to represent each split. Each split contains only the portion of the original right for each separate owner. The above referenced new claim number reflects your remaining portion of the original claim after the change of ownership. Enclosed is a copy of this new claim for your records. Please refer to your new claim number when corresponding with our office.

If you have any questions concerning this ownership change or the enclosed claim copy, please feel free to contact this office.

Sincerely,

Ron Howerton

REF: Part A: Amended Claims A67-10783, A67-10784
Part B: Portion of Claim A67-02377A

Dear Fred,

Part A: Amended Claims A67-10783, A67-10784

1. Attached are Amended Claims A67-10783, A67-10784. Also attached is a copy of a map from the Washington County Addressing System Book. I obtained a QUITCLAIM DEED from Weiser Valley Title, also attached. I used its legal description and the map from the Washington County Addressing System Book to plot your land on the map attached.
2. It appears that the Point of diversion for both of these claims would be in the SESESW. The place of use for the Domestic appears to be in the SESESW, identified on the new amended claim to the 40 acre track as the SESW. The stockwater on these claims appear to have the place of use in both the SESW & SWSE. IF YOU AGREE WITH THIS, PLEASE SIGN THE TWO AMENDED CLAIMS AND HAVE YOUR SIGNATURE NOTARIZED ON THESE FORMS.

Part B: Portion of Claim A67-02377

1. Attached is a second Change of Ownership Form for a portion of A67-02377.
2. You do not need to attach proof of ownership of the warranty deed to any of the forms returned, as I have a QUITCLAIM DEED copy. Rhonda will not need to sign the Change of Ownership Forms since we have a QUITCLAIM DEED in place of a warranty deed.

Please sign and date BOTH Change of Ownership Forms and BOTH amended claims. Then return them immediately. If you feel that I am in error in my analysis of the legal descriptions of these claims or forms, please call me ASAP.

Sincerely,

Ron Howerton

QUITCLAIM DEED

FOR VALUE RECEIVED, RHONDA D. EDMISTON, former wife of the Grantee, the Grantor, does hereby convey, release, remise and forever quitclaim unto FREDRICK L. EDMISTON, former husband of the Grantor, the Grantee, whose address is 606 Cove Road, Weiser, Idaho 83672, the following described premises situate in the County of Washington, State of Idaho, to-wit:

Beginning at the point of intersection of the east line of Cove Road and the south line of SE1/4SE1/4SW1/4, Section 33, Township 11 North, Range 5 West of the Boise Meridian;

Thence east along the said south line of Section 33, 400 feet;

Thence north parallel to the west line of the SW1/4SW1/4 SE1/4 of said Section 33, to a point on the north line of the SW1/4SW1/4SE1/4 of said Section 33;

Thence west along said line to the easterly right-of-way of Cove Road;

Thence south along said easterly right-of-way of Cove Road to the point of beginning.

Together with the tenements, hereditaments, and appurtenances thereunto belonging or in anywise appertaining, including, but not limited to ditch rights and water rights.

Dated: June 2, 1992.

CUSTOMER

FRED EDMISTON

SUBJECT: CALLED BACK FROM SENDING TABLE FAX, A67-02377

A. Received my fax and his ASCS fax, the following items were discussed & or determined:

1. Addresses:

Doug Dickerson
1500 E Main
Weiser ID 83672

Ph: 549-1735 T1567 TRACT

541 Domenick Derocchis &
Maria Derocchis
561 Day Road
Weiser ID 83672

Ph: 549-3027 T1566 TRACT

Fred L Edmiston
606 Cove Road
Weiser ID 83672

Ph: 549-0898 T1441 TRACT

2. Fred says that the land on T1567 has district irrigation water and is diverted for both rights at this point. (Dickerson's)
3. Fred says that the land on T1566 still uses the same P/D as him as shown by an X on the ASCS above his land T1441. (Derocchis)
4. I said I now will start the splitting of these rights and make contact with the other owners. I will send any ownership forms I may still need him to sign as needed.

B. The claims A67-10783 & A67-10784 didn't include maps and appeared to be described incomplete so:

1. For Fred's D&S well, he says that the well for the Domestic is located in the triangle part on the ASCS map. This appears to be in the SESW. So in amending this claim I will show the Domestic POU and P/D in this tract.
2. The stock well is East of this well and may be on the $\frac{1}{4}$ line. So in amending this claim, I will show in remarks that this P/D may be on the line and stock use in both tracts.
3. I told Fred I would send amended claims for him to sign and ownership forms to make the change legal.

FAX: 334-2348
PH: 334-2190

DOCUMENT DESCRIPTION: SPLIT CLAIM TABLE FOR A67-02377

Fred,

1. I got the ASCS map you sent. It may be exactly what I need to split claim A67-02377 proportionally.
2. ASCS listed the irrigated acres for each of the fields on the map you sent.
 - * If there isn't any specific amount of irrigated acres spelled out by the sale to each new property owner, this is probably the best way to do this.
 - * Otherwise, an agreement to the number of irrigated acres would need to be drawn up by an attorney and probably would cost more than just money.
 - * Another option would be to wait until we start our field exams in that area, but that may be some time from now and the ownership for this claim would be in question.
3. If you concur with this method and by showing this table with the ASCS map to the others, we just might be successful in defining this complex ownership change.

COVER SHEET
SPLIT CLAIM TABLE

MICROFILMED

OCT 22 1996

SPLIT CLAIM TABLE FOR A67-02377

January 9, 1996

Adjudication Agent: Ron Howerton

ASCS MAP ACRES	PROPORTIONAL FACTOR USED TO = RECOMMENDED CLAIMED ACRES	RECOMMENDED IRRIGATED ACRES
DEROCCHIS= 15.3	15.3 X .879397 =	<u>13.455</u> IRR ACRES +
EDMISTON = 4.8	4.8 X .879397 =	<u>4.221</u> IRR ACRES +
DICKERSON= 19.7	19.7 X .879397 =	<u>17.324</u> IRR ACRES =
TOTAL MAP ACRES = 39.8 IRR ACRES	35 ACRES/39.8 = FACTOR =.879397	LICENSED TOTAL= 35 IRR ACRES

1. Each claimant will receive a proportional amount of irrigated acres based upon the Acres shown on the ASCS map.
2. The ASCS map showed a total of 39.8 irrigated acres for a total for the SESW & SWSE tracts of land.
3. The licensed water right shows a total of 35 irrigated acres for the SESW & SWSE tracts of land.
4. Since the amount of irrigated land licensed is less than the amount found on the ASCS map, a factor must be used to reduce the proportional amounts fairly to each new owner. This was done by dividing the licensed 35 irrigated acres by the ASCS 39.8 irrigated acres, which equals 0.879397 factor.
5. The table above shows the ASCS amount X the factor that will equal the recommended irrigated acres for each owner to add up to the original licensed and claimed 35 irrigated acres in the SESW & SWSE tracts of land.

POOR ORIGINAL

Ron - my north line does not go to
slough, so I have slightly less than indicated
x - marks diversions for fields.

There is one from canal to 19.2 A field.

There is one from canal to 19.7A. field.

and the diversion from the slough just North
of T1441 this is for 15.3 A field west of
county road and for my property.

North of river x indicates approximate
location of P of D 12.2 A field west of
road.

Hope this helps.

Sincerely

Fred L. Edmiston

FRED EDMISTON (208) 549-0415 wk
549-0469 fax

SUBJECT: OWNERSHIP CHANGES FOR A67-02377, A67-10783, A67-10784 & A67-10786

1. Fred returned my call. I explained who I was and what I needed in order to change the ownerships on the above listed claims.
2. Fred said that he no longer was married to Rhonda, and these water right claims no longer belong to them together. The following is how they are now according to Fred:

* A67-02377:

- A. The land will be divided 2 ways for 17 irrigated acres in the SWSE, between Fred Edmiston SPLIT A and Dickerson SPLIT C.
- B. Then it appears that the portion of land in the SESW of 18 irrigated acres will be divided between Derocchis SPLIT B and Fred Edmiston SPLIT A.
 1. First an additional ownership change forms must be completed with old and new owners signatures.
 2. Then, I will make a draft of how many irrigated acres for the proportions and sent that draft so all can verify that this is a good representation of their proportions.

Fred said there was an agreement drawn up between him and Dickerson about irrigation. Fred's property appears in 2- $\frac{1}{4}$'s by my map, the SESW & SWSE. Per the title company's maps degree of accuracy. Thus, the D&S claims may need to be amended.

* A67-10783 & A67-10784:

These are D&S that still belong to Fred but not to Rhonda. (These claims may be resolved by having Rhonda and Fred sign a separate ownership form as old/new owner as needed.) However, the legal descriptions may be wrong and need to be amended.

* A67-10786:

This ownership of this claim appears to be Derocchis: IDWR will need an ownership change form for this. (This land description may be on a warranty deed provided by fax from Weiser Valley Title, received 1-8-96.)

3. Fred preferred not to come into Boise if possible to resolve these ownership issues. I then said, I would fill out some ownership forms for him to complete to try and resolve this by mail. Fred seemed agreeable to clearing these claims up.

Contacted Weiser Valley Title,
talked to Ginger

SUBJECT: POSSIBLE OWNERSHIP CHANGE FOR: A67-02377, A67-10783, A67-10784 & A67-10786

1. Called Weiser Valley Title, talked to Ginger on the sale from Edmiston to Derocchis.
2. Sale only included property in the E $\frac{1}{2}$ SW $\frac{1}{4}$ South of the Weiser River to Derocchis, thus maybe only A67-02377 is involved in this ownership change. However, excepting a part she withheld as shown in warranty deed. Ginger is faxing me a copy of a map for splitting this ownership.
3. The exception is a narrow strip 40'X 1023' which is .94 Acres.
4. The claims A67-10783 & A67-10784 by Edmiston are in the SWSE, so unless the legal was claimed wrong these rights don't appear to be included in this sale by the legals claimed.
5. Claim A67-10786 is North of the Weiser River and only property South of the river was included in this sale.
6. Also, Ginger sent me a Warranty deed from a later sale to Dickerson including property in the SWSE which possibly could include A67-10783 & A67-10784 for Domestic & Stock if the legals were claimed correct.
7. This also appears to be the new property owners of what the remainder of A67-02377 is after the property in the SESW was sold to Derocchis with the exception in that tract & the other remaining tract in the SWSE for this claim now appears to belong to Dickerson.
8. Also from the map Ginger sent shows that Dickerson should be the owner of the A67-10786 claim.
9. It also showed land owned in section 2, however no Edmiston rights are shown here.
10. Ginger is sending me a clearer map in the mail.
11. I called Fred Edmiston's home and found out that Rhonda no longer lives there and to call Fred at his office. I left a message there for him to call me next week. (208) 549-3942
12. I may need a divorce decree paper to take off Rhonda as a owner if this is the case...
