RE: Source and Diversion Clarification

Fall Creek is actually tributary to the Weiser River drainage but has been historically diverted and decreed to lands in the Little Weiser River drainage.

The original ditch was built in 1883 and is still in use. A second ditch was attempted in the early 1900's but failed.

Bob Whitman once owned the majority of land that Fall Creek water is decreed to. He hired Bill Thomas many years ago to clean, maintain and regulate the original Fall Creek diversion dam and ditch. At 77 years old, Bill is still at it. On 7/25/02 Bill agreed to show Mike Bishop and myself the Fall Creek diversion and ditch site. From Bill's house, we drove up N Fk Grays Creek to the end of the road in the NESE S35 T15N R1EW. This is the beginning of N Fk Grays Creek and the end of the original man-made ditch used to divert Fall Creek water. From there, we hiked up the man-made ditch to the actual P/D, which consisted of a 4' rock dam used to block the water from flowing naturally into the Weiser River drainage. Instead, the water is diverted into the Little Weiser River drainage via the man-made ditch and N Fk Grays Creek.

The location of the P/D (beginning of the ditch) and end of the ditch were captured with a Garmen GPS unit and downloaded onto the King Hill Creek Topo map (T-58). Based on the GPS results, the actual source should be described as an unnamed stream tributary to Fall Creek. The unnamed stream is diverted into the ditch in the SWSWNW S36 T15N R1E. The ditch flows into the drainage for N Fk Grays Creek in the NESE S35 T15N R1E. Mystery solved.

RE: Snake River Basin Adjudication (SRBA) claim no. A67-00100B

Dear Mr. and Mrs. Thomas:

Enclosed is a copy of the above-referenced claim. Based on our conversation today and your communications with the U.S. Forest Service, there may be some corrections to be made to the claim.

The first two pages describe the different elements of the claim. Item 4 describes the points of diversion of the delivery system. The information shown indicates that the water is diverted out of Little Fall Creek in the NWSESW of section 26, T15N, R01E. The water is ditched to the SENESW of section 28, where is put, or injected, into the North Fork of Grays Creek. This is what the "I" designation means. Finally, the water is rediverted out of the North Fork of Grays Creek in the NWSWNW of section 30. This is shown by the "R" designation.

Pages three and four are copies of maps which were included with your claim. These maps show graphically what is explained above. The first ditch appears to travel from the SESW of section 26, through sections 35, 34, 27, and 28, all in T15N R1E. The second ditch, which comes off the North Fork of Grays Creek, starts in section 30, T15N R1E, and continues through section 25, T15N R1W, to your property.

Finally, the fifth page is a copy of an aerial photograph of T15N R1E sections 25, 26, 27, 34, 35, and 36. This map is for your use to help you to make any corrections to the claim.

Please indicate any changes to the claim on the map as well as on the written portion of the claim (pages one and two), initial the changes, and add your notarized signature(s) on page two. Return the claim form and maps to this office. No additional fees are required.

Please do not hesitate to contact our office if you have any questions or need additional information.

Sincerely,

Maria Minicucci

Re: Snake River Basin Adjudication (SRBA)
Notices of Claim No. A67-00100B & A67-13978
~~Change of Address~~

*A record modified & records
as of 9-9-96*

Dear Claimants,

IDWR has been notified the address presently in our claim records is incorrect. Although we have reached you at the address above, we need you to confirm this is your correct mailing address. Future notices related to your SRBA claims can be sent only to the address on your claim or as otherwise changed by you. The staff of this agency must avoid relying upon the word of others about your mailing address.

If the address above is correct, please sign your name at the bottom of this letter, and return it to this office. Otherwise, please make the proper corrections, sign, and return this letter. Thank you for your help. We hope to assure that you receive future notices about SRBA matters.

If the ownership of the property to which the water right referenced above apply has changed, please call this office toll-free at 1-800/451-4129 to obtain a form to make this required change to the claim record.

Sincerely,

Adjudication Bureau Staff

NOTICE OF FILING DIRECTOR'S REPORT

DIRECTOR'S REPORT

This Director's Report Part II is a report by the Director of the Idaho Department of Water Resources (IDWR). It contains abstracts of claims by the United States and Indian Tribes to "non-consumptive" water rights (such as instream flows) throughout the Snake River Basin. The abstracts summarize the claims without substantively changing the water right as claimed. The Supplemental Director's Report Part II includes abstracts of claims not included in the Director's Report Part II. The supplemental report also includes abstracts of amended claims, which contain changes to claims previously abstracted in the Director's Report Part II.

The Director's Report Part III contains the claims filed for these water rights, and includes both the claim documents and maps. The Supplemental Director's Report Part III includes claims not included in the Director's Report Part III, as well as amended claims which contain changes to claims included in the Director's Report Part III.

Complete copies of Part II of the reports are available for inspections at all offices of IDWR and at the other locations printed on this notice. Complete copies of Part III of the reports are available for inspection at the State Office of IDWR and the SRBA District Court. Copies of all or a portion of the reports are available from the IDWR State Office subject to payments of costs of mailing and/or copying.

OBJECTIONS TO DIRECTOR'S REPORT

You may file an objection to any portion of the Director's Reports with the SRBA District Court. You must use a court approved objection form that is available from IDWR, which contains instructions for filing the objection. All objections must be received by the court on or before October 16, 1995. You must mail a copy of your objection to IDWR and the United States as shown on the objection form. If you are objecting to an abstract of a claim filed by an Indian tribe, you must also mail a copy of the objection to the tribe at the address shown in the report.

RESPONSES TO OBJECTIONS

The United States and the Indian Tribes may but are not required to file a response to an objection to abstracts of their claims with the SRBA District Court.

PARTIAL DECREE OF UNCONTESTED PORTIONS OF DIRECTOR'S REPORT

Those portions of the Director's Report to which no objections are filed will be decreed by the district court after a hearing to be held at 1:30 p.m., May 21, 1996 at the SRBA Courthouse in Twin Falls.

NOTICE OF FURTHER PROCEEDINGS

You will be mailed a notice of further proceedings on an objection to your water right, your objection, or your response. You will not be mailed notice of other objections or proceedings on other objections.

Notice of other objections and responses to other objections will be included on a monthly docket sheet distributed by the SRBA District Court. A subscription to the docket sheet may be obtained from the court for a small annual fee (\$7.50 for the calendar year 1995).

IDWR has filed or will file Director's Reports for all other claims within the Snake River Basin, one for each of the reporting areas in the Snake River Basin. Notice of the filing of these reports, and of further proceedings on these reports, will also be included in the docket sheet.

You may be affected by orders and decrees entered by the court in proceedings on other objections and proceeding on other reports. It is very important that you subscribe to the docket sheet if you wish to stay informed of these other proceedings. For further information as to documents filed with the court and hearings scheduled before the court in the SRBA, you must inquire at the SRBA District Court.

FURTHER INFORMATION

The court has adopted procedures for the post-report phase of the SRBA, which are set forth in the order of the court entitled "SRBA Administrative Order No. 1." A copy of this order can be obtained from the State Office of IDWR or the SRBA District Court.

If you have questions about the SRBA, please call any office of IDWR listed in this notice. If you have questions concerning your rights and responsibilities as a claimant in the SRBA, please consult your attorney.

R. KEITH HIGGINSON

Director, Idaho Department of Water Resource
