Dear Harold & Rhonda,

We have received and processed the Change of Ownership form submitted on the Original Notice of Claim to a Water Right Number as referenced above. This change of ownership required a split of this original claim resulting in the renumbering of the original claim by adding alpha suffixes to represent each split. The new Notice of Claim to a Water Right Number for your portion is referenced above. The right holders of the remaining portion have also been notified of this split and renumbering of their original claim.

Enclosed is a copy of this new claim which now reflects your portion of the original water right. Please keep this copy for your files and refer to the new claim number when corresponding with our office. If you have any questions concerning this letter or the enclosed claim, please feel free to contact this office.

Sincerely,

Ron Howerton

Ref: Adjudication Claim, A67-04098
Telephone conversation 11-17-94

Dear Malcolm and Nita,

This office has received two Notices of Change of Water Right Ownership for portions of the above adjudication claim that is still in your name. I have reviewed both notices for the new ownerships and prior to making any paper work changes I would like your input.

I have enclosed a map that is color coded showing the irrigated lands covered by the adjudication claim and recent license 67-07620. The highlighted areas show the irrigated lands that are owned by the new owners and yourself. The Johnson's irrigated lands are in green, the Way's in yellow and yours in pink.

Do these look ok to you? If you think it is different please mark any difference on this map. If it looks ok then just return it with no marks on it.

During our telephone discussion I mentioned that the statutory claim had a error for one of the 1/4-1/4's. I've enclosed a data entered copy showing the error, you can compare with the map I've made to see the problem. After I found this error I needed to have you see the problem. Then I could proceed to have you signing an amended claim to correct this.

Amended claim: I've enclosed an amended claim with the corrected 1/4-1/4's and your latest mailing address. Please sign the document in front of a Notary and return it within 30 days.

License 67-7620: The recently licensed right 67-7620 doesn't need to have an ownership change because of current policy for a licensed water right of this type. We may need to do some correcting on the license later, but first I will work to correct the claim. Can you tell me whether the new owners will use a different point of diversion for the license? If so they will possibly need to file a transfer application to add a separate point of diversion to the licensed right.

Feel free to contact me if you have any questions concerning this letter.

Sincerely,

Ron Howerton
