STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES

**INSTRUCTIONS FOR FILING
NOTICE OF CHANGE IN WATER RIGHT OWNERSHIP**

This form has been prepared to assist all claimants and owners of water rights to comply with the requirements of Sections 42-248 and 42-1409(6), Idaho Code. All claimants and owners of water rights are required to notify the Department of Water Resources (IDWR) of any change in mailing address or change in ownership of all or part of a water right. In addition, all purchasers of water rights within a pending general adjudication area must inquire whether a notice of claim has been filed and, if not, shall file a notice of claim if necessary.

Effective July 1, 2000, the Idaho Legislature amended Section 42-248, Idaho Code to include a provision for fees to file a Notice of Change in Water Right Ownership. Please see details at Item 8, below, to determine if fees are required for your filing.

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. Please contact your nearest IDWR office, or call 1-800-451-4129, if you would like more information or need help completing this form. Please attach additional sheets to the form if you require additional space to describe or explain any of the items on the form.

1. If there are water rights associated with the property, ~~the seller should be able to provide you with the water right or adjudication claim number(s).~~ Please enter the number(s) at Item 1. Corresponding water right and adjudication claim numbers should be listed next to each other on the form. You may have purchased only a portion of the water right(s) held by the seller. If so, the water right(s) held by the seller may need to be "split" to provide you your share of each right. Indicate if a split is required by checking in the space provided next to each water right.

If you receive water from a municipal provider, an irrigation district or other water delivery organization, where the water rights are held by the organization, please do not use this form to record a change. You may need to contact the water delivery organization to determine if any action is necessary.

If you or the seller believes there are water rights for the property but the numbers are unknown, you may wish to contact IDWR for assistance in identifying the water rights for the property in question. If adjudication claims for the rights are required and have not been filed, IDWR will so advise you.

2. The information described at Item 2 is required, since IDWR cannot process the requested change without documentation of ownership. The preferred types of documentation are shown; contact IDWR if you have difficulty obtaining this information. **Do not** obtain a new survey for purposes of this form before contacting IDWR.
3. Please provide the name and address of the former owner/claimant(s) of the water right(s) at Item 3.
4. The name, mailing address, and telephone numbers of the new owner/claimant(s) is entered at Item 4. Please indicate the relationship between multiple owners by using the connector "and", "or", or "and/or." If an "and" is used, all parties must sign this form. If an "and/or" or "or" is used, all parties may sign; however, only one of the named parties is required to sign.
5. ~~At Item 5, please provide the date the property in question was acquired.~~ This may be the date of "closing" in the case of a real estate transaction or the date of court order for other types of ownership changes.

6. You may have purchased only a portion of the water right(s) held by the seller. If this change in ownership divides the water right(s) among multiple owners, you must describe, in detail, your portion of each water right after the change. For each water right requiring a split between owners, fill in the appropriate spaces in the box(es) at Item 6. Copy the page as many times as necessary to fully describe each water right after the change. Include documentation as necessary to describe nonstandard agreements or arrangements regarding division of the water right(s). If the water right(s) will not be split, skip Item 6 and go to Item 7.
7. The new owner(s) must sign the form in the space(s) provided at Item 7. If an "and" connector is used at Item 4, all parties must sign this form. If an "and/or" or "or" connector is used, all parties may sign; however, only one of the named parties is required to sign. If someone other than the owner signs the notice, evidence of authority to sign for the owner must be attached. If the new owner is a corporation or other organization, the person signing the notice must be an officer of the corporation or otherwise have authority to sign for the organization and must include their title with the signature.
8. The Legislature has waived the fee to file a Notice of Change in Water Right Ownership for any water right pending in a general water right adjudication such as the Snake River Basin Adjudication. This waiver ends when a partial decree is issued for the water right that has been claimed. For water rights not pending in a general adjudication, the filing fee is \$25 per water right, except for those water rights which will be divided as a result of the change in ownership. The filing fee for division of a water right is \$100 per water right to be divided. When complete, you should retain a copy and return the original form to the IDWR office nearest you:

TO: Fall Creek SRBA Claim Files

RE: Source and Diversion Clarification

Fall Creek is actually tributary to the Weiser River drainage but has been historically diverted and decreed to lands in the Little Weiser River drainage.

The original ditch was built in 1883 and is still in use. A second ditch was attempted in the early 1900's but failed.

Bob Whitman once owned the majority of land that Fall Creek water is decreed to. He hired Bill Thomas many years ago to clean, maintain and regulate the original Fall Creek diversion dam and ditch. At 77 years old, Bill is still at it. On 7/25/02 Bill agreed to show Mike Bishop and myself the Fall Creek diversion and ditch site. From Bill's house, we drove up N Fk Grays Creek to the end of the road in the NESE S35 T15N R1EW. This is the beginning of N Fk Grays Creek and the end of the original man-made ditch used to divert Fall Creek water. From there, we hiked up the man-made ditch to the actual P/D, which consisted of a 4' rock dam used to block the water from flowing naturally into the Weiser River drainage. Instead, the water is diverted into the Little Weiser River drainage via the man-made ditch and N Fk Grays Creek.

The location of the P/D (beginning of the ditch) and end of the ditch were captured with a Garmen GPS unit and downloaded onto the King Hill Creek Topo map (T-58). Based on the GPS results, the actual source should be described as an unnamed stream tributary to Fall Creek. The unnamed stream is diverted into the ditch in the SWSWNW S36 T15N R1E. The ditch flows into the drainage for N Fk Grays Creek in the NESE S35 T15N R1E. Mystery solved.

Re: Notice of Claim to a Water Right No. 67-96A, 67-101, 67-102A, 67-433A & 67-435

Dear Claimant(s):

Enclosed is a copy of the above referenced claim(s), which reflects the change in ownership of the land and appurtenant water rights, covered under the original filing.

Please note that the enclosed Notice of Claim to a Water Right is not a determination of your water right. This claim was filed during claims taking in the Snake River Basin Adjudication (SRBA) and has not yet been verified by this Department. Water rights are established and maintained by beneficial use of water for the uses designated on this claim form dating back to the priority date listed. This claim will be investigated, verified and recommended to the SRBA Court for court decree sometime in the near future. You will be notified prior to the beginning of any verification of this water right.

In addition, please note that this ownership change information has also been sent to our State office for processing of water right number 67-10800, as it has already been decreed by the SRBA Court.

Thank you again for your patience and cooperation, as we have had several water right changes to process. If you have any questions concerning the enclosed claim(s), please feel free to contact this office.

Sincerely,

Denise Hatfield
