Original to be mailed to Idaho Department of Water Resources
Copies to Former Owner and New Owner

INSTRUCTIONS

This form has been prepared to assist new owners of property to comply with the requirements of Section 42-1409(7), Idaho Code. This statute provides that new property owners notify the Department of Water Resources (IDWR) of any change in ownership of a water right during an adjudication of water rights, and if a claim for the water right has not been filed to file the needed claim(s).

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. If you would like any of these brochures or if you have questions about completing this form please contact your nearest office of IDWR or you may call 1-800-451-4129 (toll-free).

The first line of the form asks for the date of closing so IDWR will have a record of the effective date of the property transfer.

The second line of information requires the legal description of the property being transferred. This information is **ESSENTIAL** and should be available from the documents that will be present at the time of closing. The first two lines of the legal description **MUST** be completed. IDWR's records are based upon legal descriptions using township, range, section and fractions of a section descriptions, and this information must be included on the form. If you also have available a legal description based upon a townsite or subdivision and lot and block number, please also include this additional information. A lot and block legal description is **NOT** a substitute for the township, range, section and fraction of a section description.

After completing the legal description, if all water is supplied by a public service water supply you may check the first box; complete the name, address and telephone information for yourself, the new owner; sign the form in the space provided and return the form to the IDWR office nearest you.

If there are water rights associated with the property, the seller should be able to provide you with the water right number(s). The water right number(s) for the property are to be put in the space provided at the second box on the form. If you or the seller believe there are water rights for the property but the numbers are unknown, then you may wish to call or come into an office of IDWR for assistance in identifying the water rights for the property involved. If claims for the property have not been filed you will be so advised by IDWR.

After the water right number(s) for the property has been entered on the form, complete the name and address information for **BOTH** the former owner/seller and for yourself, the new owner, in the spaces provided. Please also include your telephone number. If the property you have purchased is only part of the property owned by the former owner/seller, you may be purchasing only part of the total water right held by the seller. This means the water right held by the seller must be split so you get your proportionate share of the water right. Be sure to include a description of the portion of the water right you have purchased. The seller should be able to help you describe the portion of the water right for the property you have purchased.

If the former owner/seller will sign the form and the seller is shown as the claimant of the water right in IDWR's records, then you do not need to attach proof of ownership of the land or the water right. The seller should know if the original claim was filed by him, or if the seller has filed a change in ownership so the seller is shown as the claimant of the water right in IDWR's records. If the seller is not going to sign the form then you must attach some proof of ownership of the property described at the top of the form or proof of ownership referencing the specific water right(s) for the property.

The new owner must sign the form in the space provided. If the former owner/seller is available to sign the form please do so in the space provided.

When complete, the new owner and the former owner/seller should each retain one of the copies and return the original of the form to IDWR. You may return the form to the IDWR office nearest you or to: Idaho Department of Water Resources, Statehouse Mail, Boise, ID 83720-9000, Attention: Adjudication Bureau.

4. I REQUESTED SHE FAX ME THE CORRECTED VERSION.
5. IT DOESN'T APPEAR TO BE THE CORRECT CONTRACT OF SALE.
5. IT SHOWS SALE BY PEEBLES TO GAMBLIN, NOT PEEBLES TO GREEN.
6. I CALLED JULIE BACK, SHE SAID SHE FAXED ME THE WRONG ONE AND WOULD FAX ME THE CORRECT ONE.
7. I NOW HAVE THE 2ND ONE, IT LOOKS LIKE THE OTHER WITH, BUT WITH THE ADDITION OF THE SENW.
8. I PLOTTED THE EXCEPTION AS DESCRIBED IN THAT $\frac{1}{4}$ FOR THE CEMETERY AND THIS DOESN'T DESCRIBE THE LAND AS CLAIMED FOR IRRIGATION.
9. THE OWNERSHIP CHANGE CAN NOW BE MADE WITH THIS CORRECTED COPY FROM TIMBERLINE TITLE.

Dear Mr. Peebles:

Your adjudication claims and check #1164 for \$100.00 are returned. There are several items that were omitted on these claims.

A critical item of the water right, the date of priority, was left off your claim. This is the date that the water was first placed to beneficial use to the best of your knowledge. If in fact the source is surface water, the priority date must be prior to May 20, 1971. Otherwise an Application for Permit is necessary.

Also you have failed to complete Item #10. Merely listing the number of acres irrigated is not sufficient. We have to know what land is being irrigated. This information is necessary before we can accept these claims.

The amount of the fees is also incorrect based upon the number of acres that you are claiming. In one claim you have claimed twenty-five acres to be irrigated. The fee on this would be \$75.00: \$50.00 filing fee and \$1.00 for each irrigated acre. The second claim is for ten irrigated acres. The fee for this claim would be \$60.00: \$50.00 filing fee and \$1.00 for each irrigated acre.

In addition, the legal description you provided for the property leads me to believe that the land in question is in the Weiser River drainage. There has been an appeal filed to exempt this drainage from the SRBA. That appeal is currently before the Idaho Supreme Court. If we accept and process these claims and the Court rules that the Weiser River should be exempted from the adjudication, we will not be able to return your money. We are giving you this opportunity to defer filing these claims.

If the Court rules that the Weiser River must be included in the adjudication, you will receive a Commencement Notice from this office. At that time, you will have 90 days to resubmit these claims, providing the date of priority is before 1971.

I have enclosed copies of the licenses and other information we have in our files that may pertain to your property. If you feel you do want to file an adjudication claim at this time, please make the changes noted and return the claims to this office. We will be happy to process your claim when these changes are made.

If the Weiser River is included in the adjudication, you can get excellent help in filing these claims by taking all of these materials to our Eastern Region staff in Idaho Falls.

Yours Truly,

Donald V. Shaff
Adjudication Section Supervisor
