INSTRUCTIONS

This form has been prepared to assist new owners of property to comply with the requirements of Sections 42-248 and 42-1409(6), Idaho Code. Section 42-248 requires certain property holders to notify the Department of Water Resources (IDWR) of any change in mailing address or ownership of all or part of a water right record on file with IDWR. Section 42-1409(6) provides that new property owners must notify IDWR of any change in ownership of a water right during an adjudication of water rights, and, if a required claim for the water right has not been filed, to file the needed claim.

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. If you would like any of these brochures, or if you have questions about completing this form, please contact your nearest IDWR office or call 1-800-451-4129.

If you need additional space to describe or explain any of the items on the form, please attach additional sheets to the form as you may require.

1. If there are water rights associated with the property, the seller should be able to provide you with the water right or adjudication claim number(s). Please enter these number(s) at Item 1. If you or the seller believe there are water rights for the property but the numbers are unknown, you may wish to call IDWR or come into an office of IDWR for assistance in identifying the water rights for the property in question. If claims for the rights are required, and have not been filed, IDWR will so advise you.
2. The information described at Item 2 is required, since IDWR cannot process the requested change without documentation of ownership. The preferred types of documentation are shown; contact IDWR if you have difficulty obtaining this information. Do not obtain a new survey for purposes of this form before contacting IDWR.
3. Please provide the name and address of the former owner of the water right and/or adjudication claim at Item 3.
4. The name, mailing address, and telephone number of the new owner(s) is entered at Item 4. Please indicate the relationship between multiple owners by using the connector "and", "or" or "and/or". If an "and" is used, all parties must sign this form. If an "and/or" or "or" is used, all parties may sign, however only one of the named parties is required to sign.
5. At Item 5, please provide the date the property in question was acquired. This may be the date of "closing" in the case of a real estate transaction or the date of court order for other types of ownership changes.
6. If the property you have purchased is only a portion of the property owned by the former owner/seller, you may be purchasing only a portion of the total water right held by the seller. This means the water right held by the seller may be "split" to provide your share of the right in question. Be sure to include a description of the portion of the water right you have purchased at Item 6.

Please provide as much detail as possible concerning your water right: include the number of homes, irrigated acreage if more than 1/2 acre is irrigated, type and number of stock if your right is for stockwater, etc. In the absence of information to the contrary, IDWR will assume the intent is to split the rights *proportionately*.

7. The new owner(s) must sign the form in the space(s) provided at Item 7. Corporations and other organizations must submit a list of directors or officers demonstrating the authority of the director or officer to sign the form.
8. There is no filing fee. When complete, you should retain a copy and return the original of the form to the IDWR office nearest you:

Dear Mrs. Weems:

Thank you for responding to my earlier letter. The information you provided has allowed us to make some progress on determining what you will need to do in the Snake River Basin Adjudication to protect your water rights in Adams County.

We have researched the legal description you provided and there are three water rights that may refer to your property. The reason I say "may refer to your property", is that the legal description you provided us, (N $\frac{1}{2}$ SE $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$) refers to a total of 120 acres, and your property encompasses only 56.53 acres. Therefore, we have not been able to determine precisely which acres you own.

The three water rights we have been able to identify are as follows:

Decree 67-0345 (Rinehart) in NE $\frac{1}{4}$ SE $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 11
Decree 67-0329 (Root-Rinehart) in NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 11
License 67-7454 (Nelson) in NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 11

If you believe any of these water rights refer to your property, you will be required to file a notice of claim in the Snake River Basin Adjudication in order to retain your priority dates. You may wish to use a copy of the decree and/or license to help in completing the adjudication claim form. If you feel none of the three water rights we have found is the proper one, if you provide us with a more accurate legal description or site map showing property boundaries, diversion works, etc., we would be happy to check further in our archives.

In case you decide to file from the information we have already provided to you, I have enclosed two types of claim forms, with instructions, for your use. The filing fee for a domestic use water right is \$25.00. The fees for irrigation are a \$50.00 filing fee, plus \$1.00 for every acre irrigated. Please enclose the proper amount with your completed claim form and return them to us. The filing deadline in Adams County is June 8, 1988.

If this office can be of any further help, please do not hesitate to contact us.

We have received your letter of March 7, and have attempted to research your water right. We have checked the three data bases available to us and we do not find any recorded water right under the name of Weems in the Adjudication files.

In order for us to check any further, we will need for you to write back to us with a legal description of the acreage involved, a water right license or decree number, or a recent property tax notice from Adams County.

I am sure that once you provide us with that information, we will be able to answer any questions you might have pertaining to your water rights.

Dear Sirs;

I own fifty-seven acres
near Council, Idaho. This acreage
was inherited from my husband,
Robert F. Weems, now deceased.

This acreage was a gift from
his mother, Maude Weems, Council,
Idaho. I inherited this property in 1978.

I would appreciate any
information concerning water rights.

At this time, a niece is using
the property. I am sending a stamped
self-addressed envelope for info.

Thank you.

Sincerely,
Agnes C. Weems
