HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in

local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

I have POOR ORIGINAL been irrigating for Lawrence Rogers for the previous 9 years. This year in preparation for the season I removed old plastic dams and built a head gate to install in creek at division point just south of the road culvert. I removed the dam on 5-3 anticipating 3 weeks before the backhoe arrived to install headgate so the dirt would dry. I mentioned it to Mrs. Nightingale around this time, as I found out she owned the land.

On 6-9-90 I contacted ~~Sam~~ Nightingale to inform him we were going to do it on 6-8. He told me at this time we could not install a headgate in ~~that~~ creek or repair plastic dams, or set foot on his land because he had filed on the water and it was his land. MICROFILMED

I talked to him the next day after conversation to Ron Howerton (IDMR) and asked him if we couldn't really use the water. ~~He said~~ Mr. Nightingale said the water had only been used on Mr. Rogers fields for a year & no way could we reinstate ~~it~~ ~~divers~~. As of this date I am talking to Ron Howerton in Boise because Mr. Rogers field is Drive 119. Dale Little

RE: PLEASE REVIEW ALL ENCLOSED DOCUMENTS.
ACTION IS NEEDED ASAP BECAUSE MR.

MR. LYTLE CANNOT USE HIS WASTEWATER PLANT
UNTIL MR. ROGERS DOES. MR. ROGERS IS
AFRAID TO PUT IN NEW DIVERSION BECAUSE
MR. NIGHTENGALE SAYS THATS THEY CANNOT
PUT IT BACK IN. (VERBALLY) OLD DIVERSION
WAS PASTIC DIVERSION AND IT WAS CUT TO DRY
UP THE MUD AND SO ~~FOR~~ THEY COULD WORK
IT WITH BACK HOO AND NOW DAM INS. IT WAS
USED LAST YR AND CONTINUES AND THIS YEAR
ITS BEING HOLD UP BECAUSE OF CONFLICT.

Fred Lappin

Born & moved up to the Lappin Ranch in 1900. Bought ranch across highway in 1931. Sold it in 1971. Very familiar with irrigation system on all the land mentioned. Holbrooks ~~bought~~ traded for section in 1935 ~~at this time~~. Parsons owned it later and installed dams across creek.

The particular creek in question was always known as Lappin creek which is presently listed as Spring creek at this point on ~~DNR~~ DWR maps.

I remember the stream being diverted just below the lower dam side and flowing North irrigating the lower ground and crossing the farmers canal in an aqueduct to irrigate a garden plot directly east of the ~~original~~ original homestead. This describes the use of the lower end of the creek for years.

State why an extension of time is requested explaining how a diligent effort has been made to meet the deadline:

In October with Pneumonia we spent 3hrs exploring stuff in the water Resources board office in Boise. Decided to make a filing decision later, sickness + out of state etc. Did not understand the seriousness of filing on waste water. Advised it would not make a great deal of difference. Looks like it does!

To whom it may Concern

the water that enters the property of Lawrence Rogers at the ~~corner~~ turn of Poverty Flat Rd. which is known as Spring Creek has been in continuous use on that same piece of ground since May of 1973. The same water had been filed the same year under the name of Bob & Paul Haxton. The property was sold to Lawrence Rogers in 1978.

Sincerely

Paul (Haxton) Haxton
