Original to be mailed to Idaho Department of Water Resources
Copies to Former Owner and New Owner

INSTRUCTIONS

This form has been prepared to assist new owners of property to comply with the requirements of Section 42-1409 (7), Idaho Code. The statute provides that new property owners notify the Department of Water Resources (IDWR) of any change in ownership of a water right during an adjudication of water rights, and if a claim for the water right has not been filed to file the needed claim(s).

Brochures with legal descriptions are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. If you would like any of these brochures or if you have questions about completing this form please contact your nearest office of IDWR or you may call 1-800-451-4129 (toll-free).

The first line of the form asks for the date of closing so IDWR will have a record of the effective date of the property transfer.

The second line of information requires the legal description of the property being transferred. This information is **ESSENTIAL** and should be available from the documents that will be present at the time of closing. The first two lines of the legal description **MUST** be completed. IDWR's records are based upon legal descriptions using township, range, section and fractions of a section descriptions, and this information must be included on the form. If you also have available a legal description based upon a townsite or subdivision and lot and block number, please also include this additional information. A lot and block legal description is **NOT** a substitute for the township, range, section and fraction of a section description.

After completing the legal description, if all water is supplied by a public service water supply you may check the first box; complete the name, address and telephone information for yourself, the new owner; sign the form in the space provided and return the form to the IDWR office nearest you.

If there are water rights associated with the property, the seller should be able to provide you with the water right number(s). The water right number(s) for the property are to be put in the space provided at the second box on the form. If you or the seller believe there are water rights for the property but the numbers are unknown, then you may wish to call or come into an office of IDWR for assistance in identifying the water rights for the property involved. If claims for the property have not been filed you will be so advised by IDWR.

After the water right number(s) for the property has been entered on the form, complete the name and address information for **BOTH** the former owner/seller and for yourself, the new owner, in the spaces provided. Please also include your telephone number. If the property you have purchased is only part of the property owned by the former owner/seller, you may be purchasing only part of the total water right held by the seller. This means the water right held by the seller must be split so you get your proportionate share of the water right. Be sure to include a description of the portion of the water right you have purchased. The seller should be able to help you describe the portion of the water right for the property you have purchased.

If the former owner/seller will sign the form and the seller is shown as the claimant of the water right in IDWR's records, then you do not need to attach proof of ownership of the land or the water right. The seller should know if the original claim was filed by him, or if the seller has filed a change in ownership so the seller is shown as the claimant of the water right in IDWR's records. If the seller is not going to sign the form then you must attach some proof of ownership of the property described at the top of the form or proof of ownership referencing the specific water right(s) for the property.

The new owner must sign the form in the space provided. If the former owner/seller is available to sign the form please do so in the space provided.

When complete, the new owner and the former owner/seller should each retain one of the copies and return the original of the form to IDWR. You may return the form to the IDWR office nearest you or to: Idaho Department of Water Resources, Statehouse Mail, Boise, ID 83720-9000, Attention: Adjudication Bureau.

Parcel I:

In Twp. 9 N., R. 5 W., B.M., Payette County, Idaho:

In Sec. 23: The following portion of the N1/2NW1/4;
Commencing at a point 50 feet South of the NW corner of
said Sec. 23;

HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

6. Water is claimed for the following purposes:

(both dates are inclusive)

(cfs)

(acre feet)

For DOMESTIC purposes from 01/01 to 12/31 amount 0.04 or _____

For Commercial purposes from 03/15 to 04/15 amount 0.02 or _____

For _____ purposes from _____ to _____ amount _____ or _____

For _____ purposes from _____ to _____ amount _____ or _____

7. Total quantity claimed (a) 0.06 (cfs) and/or (b) _____ (acre feet)

8. Total consumptive use claimed is _____ acre feet per annum.

9. Non-irrigation uses; describe fully (eg. Domestic: Give number of households served; Stockwater: Type and number of livestock Etc.) Domestic 1 Home, Commercial Use is Spray Trees

10. Description of place of use:

a. If water is for irrigation, indicate acreage in each subdivision in the tabulation below.

b. If water is used for other purposes, place a symbol of use (example: D for Domestic) in the corresponding place of use below. See instructions for standard symbols.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

Map of Project: show clearly the point of diversion, place of use, section number, township, and range number.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

NOTICE OF CLAIM NO.(S)
A67-12315

Dear Ronald and Shelly,

Enclosed is a copy(s) of the above referenced claim(s) which reflects the **CHANGE IN OWNERSHIP** of the lands and appurtenant water rights covered by this claim(s).

The Department will contact you in the future concerning any requirements that may be needed in order to process this claim(s) for final court decree.

If you have any questions concerning the enclosed claim(s), please feel free to contact this office.

Sincerely,

Ron Howerton

Ref: Change of Ownership &
Corrected Claim with
Additional Fee \$27

Dear Lois,

This office has received the Notice of Claim to a Water Right for the use of water within the Snake River Drainage Basin. However, due to the Items below, we cannot process this claim. As per our telephone conversation Feb. 19, 1992. We are returning the original claim with the change of ownership form and a "new" modified claim form to be completed. Receipt No. W012063 in the amount of \$25 for the filing fee previously submitted is also enclosed.

Item 1. "Spray Trees" is a Commercial Use, and doesn't fit the short form.

Item 2. The fee received is inadequate for the claimed use. Please enclose a check for the additional fee of \$27 to IDWR.

Item 3. Check over the modified (correct form for this use) claim for completeness. The check marks on the claim form indicate what the new owners must complete or have the items marked completed. The white copies are to be mailed in and the yellow copies are for the new owners to keep.

After completing the above items, return the original claim, the new claim and the change of ownership form, with the requested fee, to our office within 30 days from the date of this letter. If the claim or fee requested, is not received within this 30-day period, the claim will be rejected and your fee paid previously, will be refunded. Please contact me either in writing or by phone, to let us know if there is a problem returning the claim, change of ownership form or fee, in order to keep this claim valid. Please mail the above requested items to my attention.

Sincerely,

Ron Howerton
Senior Water Agent

CONVERSATION MEMORANDUM

DATE Feb 19, 1992

FILE Receipt#

W012063

NAME OF PARTY LOIS G. DAVIS (FORMER CLAIMANT)

EMPLOYEE RON HOWERTON

RE: CHG OF OWNERSHIP AND INCORRECT FORM AND FEES,

TRIED TO CONTACT "NEW OWNERS" BUT GOT ORIGINAL
OWNER (LOIS DAVIS). LOIS SAID THAT THE NEW
OWNER HAD NOT MOVED IN YET.

I ASKED HER TO DEFINE THE "SPRAY TREES",
"IT IS USED FOR THEIR ORCHARD TREES".

I SAID TO HER THAT TO PROPERLY FILE THIS CLAIM
THE USE "SPRAY TREES" SHOULD PROPERLY BE "COMMERCIAL".
ALSO, AN ADDITIONAL AMOUNT OF \$27 DOLLARS
WOULD NEED TO BE REMITTED.

SHE SAID OK, THEN I SAID I WOULD SEND THE PAPERWORK
BACK FOR THE NEW OWNERS TO COMPLETE AND TO
SIGN THE AMENDED CLAIM.

Mr. Wallace Davis
11330 Payette Heights
Payette, ID 83661

Dear Mr. Davis:

Thank you for your patience. As I was writing this letter, I received a call from USGS personnel and the nutrient values were returned this morning. The values are as follows:

Nitrogen as Ammonia, dissolved:	0.08 mg/L
Nitrogen as N02 + N03:	0.77 mg/L *
Nitrogen as Nitrite	0.04 mg/L
Total Phosphorus:	0.03 mg/L

* The nitrate value you were looking for. The difference between the zero your other lab returned to you and this is the detection limit of the method used. A value of 0.77 mg/L falls within the range of natural occurrence and does not indicate impact by man's activities.

I have included a copy of the information that has been returned so far. Please note that a '1' in the remarks column indicates that the test was unable to find the constituent within the detection limit. Rather than being reported as "zero", the result is then written as *less than X*, where 'X' is the detection limit. For those constituents, the value in the "values" column is actually the detection limit of the method used.

In addition to the attached analyses, we ran a screen for pesticides Atrazine, Aldicarb, Alachlor and 2,4-D, none of which were detected in your well water. Volatile organic compound analyses (VOC) are in quality review and are not available for release at this time.

If you have any questions about the analyses, please call me at 327-7845 or Mr. Ken Neely at 327-7855.

Sincerely,

Janet K. Crockett
