INSTRUCTIONS

This form has been prepared to assist new owners of property to comply with the requirements of Sections 42-248 and 42-1409(6), Idaho Code. Section 42-248 requires certain property holders to notify the Department of Water Resources (IDWR) of any change in mailing address or ownership of all or part of a water right record on file with IDWR. Section 42-1409(6) provides that new property owners must notify IDWR of any change in ownership of a water right during an adjudication of water rights. Required claims may be filed by a new owner.

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. Please contact your nearest IDWR office, or call 1-800-451-4129, if you would like more information or need help completing this form. Please attach additional sheets to the form if you require additional space to describe or explain any of the items on the form.

1. If there are water rights associated with the property, the seller should be able to provide you with the water right or adjudication claim number(s). Please enter these number(s) at **Item 1**. If you or the seller believes there are water rights for the property but the numbers are unknown, you may wish to contact IDWR for assistance in identifying the water rights for the property in question. If claims for the rights are required, and have not been filed, IDWR will so advise you.
2. The information described at **Item 2** is required, since IDWR cannot process the requested change without documentation of ownership. The preferred types of documentation are shown; contact IDWR if you have difficulty obtaining this information. Do not obtain a new survey for purposes of this form before contacting IDWR.
3. Please provide the name and address of the former owner of the water right and/or adjudication claim at **Item 3**.
4. The name, mailing address, and telephone number of the new owner(s) is entered at **Item 4**. Please indicate the relationship between multiple owners by using the connector 'and', 'or', or 'and/or'. If an 'and' is used, all parties must sign this form. If an 'and/or' or 'or' is used, all parties may sign. However, only one of the named parties is required to sign.
5. At **Item 5**, please provide the date the property in question was acquired. This may be the date of "closing" in the case of a real estate transaction or the date of court order for other types of ownership changes.
6. You may be purchasing only a portion of the total water right held by the seller. This means the water right held by the seller may be "split" to provide your share of the right in question. Be sure to include a description of the portion of the water right you have purchased at **Item 6**.

Please provide as much detail as possible concerning your water right: include the number of homes, irrigated acreage if more than 1/2 acre is irrigated, type and number of stock if your right is for stockwater, etc. In the absence of information to the contrary, IDWR will assume the intent is to split the rights *proportionately*.

7. The new owner(s) must sign the form in the space(s) provided at **Item 7**. Corporations and other organizations must submit a list of directors or officers demonstrating the authority of the director or officer to sign the form.
8. There is no filing fee. When complete, you should retain a copy and return the original of the form to the IDWR office nearest you:

HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

Re: Notice of Claim to a Water Right No. 67-12323

Dear Claimant(s):

Enclosed is a copy of the above referenced claim, which reflects the change in ownership of the land and appurtenant water rights, covered under the original filing.

In addition it was noted that the Place of Use description was listed incorrectly when this claim was originally filed. Also, the original claimant did not claim Stockwater use. These corrections have been made on the enclosed claim. If you agree with these corrections, the claim must be signed and notarized, and returned to this office at your earliest convenience. Also enclosed is a map for your records.

The Department will contact you in the future concerning any requirements that may be needed in order to further process this claim for final court decree.

Thank you for your patience and cooperation, as we have had several water right changes to review and process. If you have any questions concerning the enclosed claim, please feel free to contact this office.

Sincerely,

Dear Ms. Walker:

I am sorry for my delay in getting back with you about the conversation we had in August concerning the water rights on our property. I have enclosed as much information as I could find and thought applied to the issue.

There was a question that I had as regards a comment that you had made in your letter. You said, "This claim appears to have an error on the place of use description". I need you to clarify that so that if there is an error I can get it corrected. Everything that I have, seems to match but that doesn't mean that it is right, errors can be as easy to make as copying from one document to another.

Thank you for your help and if there is something else that you need, please, do not hesitate to ask.

RE: Notice of Claims to Water Rights

*(copy of this
to S.O. 3/1/99)*

W. Leland &/or Barbara A. Chitwood
948 Highway 95
Weiser, ID 83672

Dear Mr. and Mrs. Chitwood:

We have received a copy of Water Right License No. 67-2180. Thank you for your prompt action in returning this to me. Our records have now been corrected to show that this is indeed a valid water right license. As I see it, we have some options in regard to claiming your water rights.

If you wish to file an additional claim (on 67-2180) we can prepare a claim for your signature. The filing fee for this claim would be \$50.00, since the fee for the 40 acres was paid under Claim A67-12323. Is the well that was licensed under this right also used for irrigation of your 40 acres? If not, then we probably should not include it as a source of water under the claim.

The claim on file with us is for use of Buttermilk Slough only. The priority date is December 31, 1954, which is later in time than the priority under 67-2180. However, the place of use on Claim A67-12323 shows 40 acres of irrigation where 67-2180 only covered 35 acres. We can file a claim on 67-2180 for 35 acres from Buttermilk Slough and the well; then amend claim A67-12323 to show Buttermilk Slough for the irrigation of the 5 additional acres that were not under 67-2180, with the later priority date. The additional five acres claimed under A67-12323 would be considered an expansion of the licensed right and would have to be claimed under a separate claim as a permissible place of use. We will need to have evidence of when water was put on the additional 5 acres. Enclosed is a brochure entitled "Evidence of Priority" which discusses the types of evidence we can accept.

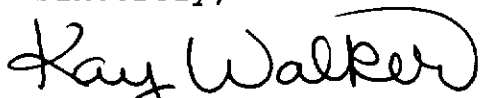

If you are not irrigating the full 40 acres claimed under A67-12323, we can amend it to A67-02180 and show the 35 acres that were licensed under 67-2180 with no additional filing fee.

Department of Water Resources
Western Regional Office

Dear Mr. and Mrs. Chitwood:

We are in receipt of the Notice of Change of Water Right Ownership that was signed by you on December 31, 1992. It was received in our office on May 14, 1993. We are also in receipt of your correspondence of July 2, 1993, inquiring about the status of the ownership change.

In a review of your correspondence and our records, I found that Water Right No. 20013/67-2180 has been "lost" from Department records since the issuance of the license. It appears that when the license was issued on this right the original document was sent to Mr. Marlin Mathews, who was the current owner of the property at that time, and a copy was not retained in our records. I noticed that the water right number is described in your warranty deed and also mentioned in your correspondence. Do you have a copy of the license that was issued on this water right? If you have a copy of, or the original license, it would be very helpful if you could send us a copy. If we can't obtain a copy of the original license, we will need to conduct an on-site investigation to determine if the field examination conducted in 1947 is consistent with the system at this time.

In reviewing our records of claims filed in the Snake River Basin Adjudication, I found that the Dille's had submitted a beneficial use claim for use of Buttermilk Slough on 40 acres of land. Enclosed, for your records, is a copy of this claim showing you as the current owners. This claim appears to have an error on the place of use description. The map attached to the claim shows the place of use within the NESW and SESW, Sec. 23, Twp. 10N, Rge. 5W. The place of use described on the claim is shown within the NESW and NWSW, Sec. 23, Twp. 10N, Rge. 5W. This error can be corrected by amending the claim when it is decided how we will proceed on Rt. 67-2180.

I am sorry if the delay in processing the ownership change has caused you any inconvenience. This is our field season and we are trying to get as much field work done as we can before the end of the summer.

HI, JIM... I TRIED TO CALL YOU ON THE PHONE THIS AFTERNOON BUT YOU WERE AWAY FROM YOUR DESK. I FOUND AN UNUSUAL SITUATION IN JACKET NO. 67-2180. I FOUND THAT THE LAST ITEM IN THE JACKET IS A NOTICE OF PRE-CANCELLATION OF THE PERMIT BUT THE LATEST CORRESPONDENCE IN THE JACKET IS A LETTER FROM BOB FLEENOR THAT SAYS THEIR LICENSE IS ENCLOSED. THERE IS NO CANCELLATION ORDER OR LICENSE IN THE MICRO-FILM JACKET.

IN REVIEWING THE FILM, I NOTICED THAT THE REASON FOR CANCELLATION WAS BECAUSE THE LICENSING FEE WAS NOT SUBMITTED. HOWEVER, THERE IS ALSO A NOTATION ON ONE OF THE MAY 10, 1971, COPIES THAT THE \$2.00 LICENSING FEE WAS SUBMITTED UNDER RECEIPT NO. 6525.

PLEASE REVIEW THIS MICRO-FILM JACKET AND LET ME KNOW IF THIS IS A VALID WATER RIGHT OR NOT... I HAVE RECEIVED A CHANGE IN OWNERSHIP WHICH CLEARLY IS FOR 67-2180 BUT A CLAIM WAS NOT FILED ON THIS RIGHT (PROBABLY BECAUSE THE COMPUTER SAYS THE PERMIT WAS CANCELLED). I NEED YOUR INPUT ASAP (THE NEW OWNERS WANT A RESPONSE TO THEIR CHANGE IN OWNERSHIP FORM... I HAVE RECEIVED A SECOND REQUEST TO GET THIS ONE COMPLETED). On December 31, 1992 (recorded 1/4/93) we purchased the John and Maureen Dille farm located at 228 Highway 95, Weiser, ID. The legal description is as follows: T10N, R5W, Sec. 23, E $\frac{1}{2}$ of SW $\frac{1}{4}$ - also described as all that part of Lots 37 & 38 of SOUTHERN IDAHO LAND COMPANY'S ORCHARD & GARDEN TRACTS, as the same appear on the official plat thereof on file in the office of the County Recorder of Washington County, Idaho, lying North and East of the right-of-way of the State Highway as now located, EXCEPTING THEREFROM the North 90 feet of said Lot 37 and all that part of said Lot 37 lying Easterly of Buttermilk Slough.

In January, Weiser Valley Title Company sent you a notice of change of water right ownership along with a copy of the deed. To date we haven't received verification of this from your office. All water rights on the property were to go to us including #20013/67-2180.

We would appreciate it if you would check on this for us and send verification that these rights have been transferred to our name.

Thank you.

JOHN,

I may have already asked you about these folks, however could you refresh my memory.

I have their original claim, without the late fee. They paid for the normal fee by receipt # W013936 on December 9, 1991.

They wrote me a letter with the claim and were wanting to pay the normal fee now, and wait for a response on the Request before they mailed any more money.

If you sent me a copy of their Extension of Time I can't locate it.

Holding on...
