WEISER IRRIGATION DISTRICT
CLAIM SUMMARY

Vincent Derig, with Weiser Irrigation District, combined all the District's decreed and licensed rights from the Weiser River on SRBA beneficial use claim 67-10280. He used the earliest decreed priority date as the claim's priority date. The District now wishes to "uncombine" the claim and file separate claims on their decreed and licensed rights to properly preserve the integrity of their rights.

Mr. Derig also filed claim 67-10279 for 18,000 af of Crane Creek Reservoir water. I talked to Jackie Ray, Secretary of the Reservoir Co. (549-0765), and she stated that Weiser Irrigation District has 15,100 af (shares) of primary water and 2800 af (shares) of secondary water for a total of 17,900 af of storage water. Jackie stated that the Reservoir Co. did not file for all its shareholders because some folks with historical storage rights refused to participate as shareholders. As a result, the total deliverable storage water in Crane Creek Reservoir is divided and claimed as follows:

Institute Canal Co.:	4200.0 af (A67-10557, A67-10558)
Crane Creek Reservoir	
Independent Water Users:	10061.7 af (A67-10894)
Weiser Irrigation Dist.:	17900.0 af (A67-10279)
Weiser Cove Irrig. Dist:	16015.3 af (A67-10895)
Non-participants:	<u>3823.0 af (various claims, see file -10894)</u>
Total active (deliverable) af:	52000.0 af

(Total reservoir capacity is 56800 af per John Westra)

The District's primary and secondary shares have a common priority date of 4/9/1920. Claim A67-10279 will be amended to correct the priority date and total af the District owns in Crane Creek Reservoir. The District's A & B share proportions will be designated in the claim remarks.

Note: the District's outstanding permit 67-2129 is part of license 67-2384A and should be relinquished. License 67-2384A is included in claim A67-10279.

Mr. Derig also filed claim A03-7005 on the District's Snake River license 3-7005. This claim appears to be acceptable.

Weiser Irrigation District paid a total of \$9,788.57 for claims A67-10279, A67-10280 and A67-03-7005 and 9,522.5 acres of irrigation. Jay Edwards, with Weiser Irrigation District, is currently working with Mark Larson to establish an accurate District boundary. Additional fees for additional acres may be required, depending on the end result. Fees should not be required for the District's late claim filings. Once the District's PPU has been established, balance paid -vs- balance due can then be determined.
