MEMORANDUM

TO: Files 67-00564, 67-00565, 67-00602 & 67-00603

FROM: Pam Skaggs/^{CS}State Office

SUBJECT: Transfer 5261

DATE: January 13, 1999

Transfer 5261 changes the point of diversion and place of use under Rights 67-00564, 67-00565, 67-00602 and 67-00603. The application changes the diversion from Mann Creek from Bradshaw ditch to Lund Ditch and identifies the single combined permissible place of use currently irrigated under these rights.

Season of use and diversion volume were identified according to current standards. These rights were decreed as secondary rights, as related to distribution with the rights decreed as primary rights from Mann Creek. Each right was given a flood water rate of diversion of an inch per acre, and a low water rate 0.7 inch per acre. The applicant has identified the floodwater rate on both this transfer application and the two SRBA combined right claims for these rights, A67-14104 & A67-14106. A condition has been added to identify the limit of each right during low water periods.

Other recommended conditions include watermaster control, irrigation overlap, permissible place of use limits, low water limits, right-of-way and standard transfer conditions.

RE: Application for Transfer

Dear Ms. Wright:

As we discussed during your visit to this office on April 30, 1998, you must amend your Snake River Basin Adjudication (SRBA) claims to reflect the greater number of acres described in your Application for Transfer.

Enclosed are SRBA claims A67-14104 and A67-14106 which have been amended to show the additional acres. Please complete these claims by adding your notarized signature to the last page. Return the claims to this office to my attention.

The SRBA claims require an additional fee of \$23.50 to cover the additional 23.5 acres. Please enclose the \$23.50 fee with the completed claims when you return them.

If no response to this letter is received within 30 days of the date of the letter, the Application for Transfer evaluation will be based on the number of irrigated acres originally claimed in the SRBA (77.5 total acres).

If you have any questions please do not hesitate to contact me.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Maria Minicucci'.

Dear Ms. Wright:

Thank you for calling IDWR this morning to inquire about the water right filings in the name of your father, Marvin Pound. I have enclosed printouts of the eight claims filed by Marvin Pound in the Snake River Basin Adjudication of Water Rights.

As we discussed, you need to complete a Notice of Change of Water Right Ownership to inform IDWR of the change in ownership of the water right claims. I have enclosed two copies of the form for you. Please be sure to read the form carefully and supply all required information.

You also mentioned that you need to obtain approval to change the point of diversion of one of your water rights. There are two possibilities for recording the change. If the change occurred in practice prior to November 19, 1987, you can claim that change in the Snake River Basin Adjudication by amending your claim to show the change. You will also need to supply evidence to support your claim that the change occurred prior to November 19, 1987. If the timing of the change is such that you can pursue this option, please contact the Adjudication Bureau of IDWR for assistance.

If the change occurred after November 19, 1987, or if you are contemplating a future change, you must file an Application for Transfer of a Water Right with IDWR. I have enclosed a transfer form and instructions for you.

If you have any questions, please contact me at 208-327-7946.

Respectfully,

Shelley Walter Keen
Water Rights Supervisor

Re: Identification Number Change for a Notice of Claim in the
Snake River Basin Adjudication (SRBA)
Washington County - Claim No. A67-14106

Dear Mr. Pound,

The identification number of your Notice of Claim to a Water Right has been changed from A67-00602 to A67-14106. The claim you filed actually combines two existing rights: 67-00602 and 67-00603. The Idaho Department of Water Resources assigns identification numbers to claims that will allow processing without duplication or confusion; this change does not affect your claim in any other way.

Enclosed is a computer-generated copy of your claim with the new identification number. Refer to this record number in any future inquiries or correspondence. Please do not hesitate to contact this office, if you have any questions.

Sincerely,

Roxanne McCarthy
Sr. Water Resource Agent
