Darrel P. &/or Loraine A. Sawyer
Box 648
Heiser, ID 83672

Dear Mr. and Mrs. Sawyer:

One of the conditions of approval of your water Permit No. 67-7362 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before February 1, 1979. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect.

HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

MEMORANDUM

April 6, 1995

TO: JIM JOHNSON

FROM: JAN SHURTE

RE: LAPSED PERMIT NO. 67-07362 - PROOF OF B/U & REINSTATEMENT
REQUEST

Attached is the proof of beneficial use form, affidavit, and ASCS map submitted by Mr. & Mrs. Sawyer to reinstate the above permit. They do not recall ever receiving the proof due notice or lapse notice and felt all was ok with their permit until they received Helen Thornton's letter dated 3-7-95 (copy attached). They came in and talked with Cindy Hodges on 3-8-95 and a copy of her conversation memo is also attached. The proof of beneficial use form and fee were submitted on 3-29-95 along with the ASCS aerial map from 1979 and an affidavit that they hope will establish the fact that they were beneficially using the water under this permit at the time proof was due.

I advised them of the possibility of advancement of the priority date based on the date proof was submitted - if their permit is reinstated. I also advised them that the state office may require further evidence of use - I wasn't sure. If you have any questions concerning this, please give me a call.

CONVERSATION MEMORANDUM

DATE 3/8/95FILE 67-7362NAME OF PARTY Mr. SawyerEMPLOYEE Cindy HodgesRE: lapsed permit

Mr Sawyer filed an SRBA claim on this lapsed permit. He was contacted by Helen Thornton and then spoke with me.

Mr. Sawyer indicates that beneficial use was occurring in 1979 at the time of proof due, and has been occurring since. The permit was lapsed because proof was not submitted.

We discussed reinstatement procedures, vs. filing a new application. Mr. Sawyer is not in a restricted filing area at this time.

Helen processed the SRBA claim, but it may not be acceptable unless Mr. Sawyer takes action.

Sawyer will attempt to either:

① locate proof of use in 1979 and request reinstatement of permit ~~that~~ (advance priority) or,

② File a new application and withdraw SRBA claim. Monies could be applied to application.

RE: Snake River Basin Adjudication (SRBA)

Dear Claimant:

We have completed our initial review of the Notice of Claim to a Water Right you submitted during the Snake River Basin Adjudication claims filing in your area. I have included a copy of this claim for your reference. Unfortunately, there is a problem with the claim that requires your attention.

The basis of claim listed in your claim is a lapsed permit. Enclosed is a copy of a letter sent in 1979 notifying you of the status of the permit. It is likely that the department will recommend this claim to be disallowed because it is based on a lapsed permit. You should contact the department to discuss your water use.

Enclosed is a brochure describing how water rights are established in Idaho. If you have any questions or need to take any further action regarding claim in the Snake River Basin Adjudication (SRBA), please do not hesitate to contact this office.

Respectfully,

Dear Mr. and Mrs. Sawyer:
One of the conditions of approval of your water permit No. 103-103 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before 11/30/78. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.
If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.
Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect.
